Executive Summary

2022 Warrenville Park District Needs Assessment Survey Executive Summary

Overview

ETC Institute administered a Parks and Recreation Needs Assessment Survey for the Warrenville Park District during the months of fall 2022. The survey will help the Warrenville Parks and Recreation Department plan for future recreation programs and facilities that meet the community's needs and preferences.

Methodology

ETC Institute mailed a survey packet to a random sample of households in the Warrenville Park District. Each survey packet contained a cover letter, a copy of the survey, and a postage-paid return envelope. Residents who received the survey were given the option of returning the survey by mail or completing it online at *WarrenvilleParksSurvey.org*.

After the surveys were mailed, ETC Institute followed up by sending text messages and mailing postcards to encourage participation. The text messages and postcards contained a link to the online version of the survey to make it easy for residents to complete the survey. To prevent people who were not residents of Warrenville from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not included in the final database for this report.

The goal was to complete a minimum of 350 completed surveys from Park district residents. The goal was met with 352 completed surveys collected. The overall results for the sample of 352 households have a precision of at least +/-5.0 at the 95% level of confidence.

This report contains the following:

- Charts showing the overall results of the survey (Section 2)
- Priority Investment Rating (PIR) that identifies priorities for facilities and programs (Section 3)
- Benchmarks comparing Warrenville results to national averages (Section 4)
- Tabular data showing the overall results for all questions on the survey (Section 5)
- Responses to open-ended questions (Section 6)
- A copy of the survey instrument (Section 7)

The major findings of the survey are summarized on the following pages.

Park District Parks and Facilities Use

Use of Parks and Facilities: Respondents were asked to indicate if their household had used any of the 8 Warrenville parks or facilities listed within the past year. The highest number of respondents (34%) visited the recreation center followed by Summerlakes Park (31%) and the Warrenville Community Building (29%). Respondents most often visited parks/recreation facilities 2-4 times a week (32%), less than once a month (24%), or 1-3 times a month (22%).

Rating Condition of Parks and Facilities: Respondents were then asked to rate the condition of the 8 Warrenville parks or facilities. The parks or facilities rated the highest were the recreation center, Fitness Now, and Sesqui Park (all with 94% of respondents rating either “excellent” or “good”).

Barriers to Use: The top reasons respondents did not utilize Warrenville parks or recreation facilities more lack of features they wanted to use (23%), not aware of parks’ or trails’ locations (19%), and use of parks/trails in other park districts (16%).

Benefits of the Park District: Respondents were asked to assess their level of agreement on 13 statements regarding the benefits of the Warrenville Park District. Respondents most often agreed (by choosing either “strongly agree” or “agree”) that the park district preserves open space & protects the environment (85%), makes Warrenville a more desirable place to live (80%), and is age-friendly and accessible to all age groups (75%).

Warrenville Parks and Recreation Programs Use

Use of Programs: Respondents were asked to indicate if their household participated in any Parks and Recreation programs during the past 2 years. Fifty-two percent (52%) of respondents had participated. Of those participants, 44% did 2-3 programs and 44% did more than four programs. Ninety-one percent (91%) of participant respondents rated the programs as either excellent (42%) or good (49%).

Organizations Used for Recreation. Respondents were asked to indicate which organizations their household had used for recreation activities. The highest number of respondents had used Forest Preserve district (76%), Warrenville Park District (49%), and neighboring park districts/communities (46%).

Barriers to Participation. Respondents were asked to select all the reasons they had not participated in Warrenville recreation programs more often. Respondents most often listed that they were too busy/not interested (35%), inconvenient program times (31%), and desired program not offered (17%) and as their major barriers.

Ways Households Learn about Programs and Events: Respondents were asked to select all the ways they learned about Warrenville Park District programs and events. The highest number of respondents received communication via the program guide (69%), direct mailers (59%), and banners at parks or Park District facilities (39%). Respondents were then asked to rank their top 3 preferred communication methods to learn about programs and events. These were the top three selected choices:

- Warrenville Park District Program Guide (64%)
- Direct Mailers (41%)
- Email/eBlasts from Park District (36%)

Value, Funding, and Improvements

Level of Satisfaction: Respondents were asked to indicate their level of satisfaction with the overall value their household receives from Warrenville Park District. Sixty-two percent (62%) of respondents said they were either very satisfied (17%) or somewhat satisfied (45%).

Perception Changes Due to COVID-19: Respondents were asked to indicate to what extent their household's perception of the value of parks, trails, open spaces, and recreation has changed given the COVID-19 Pandemic. Thirty-nine percent (39%) felt there was no change in their perception, 31% said it significantly increased, and 24% said it somewhat increased. Based on respondent's perception of value, the highest number of respondents (44%) feel funding for parks and recreation should stay the same followed by 38% believing it should increase.

Funding allocation: Respondents were asked to choose how they would allocate funds for parks and recreation improvements if provided a \$100 budget. By average allocated, improvements/maintenance of existing parks/pools/recreation facilities (\$38.77) received the highest amount of funding followed by acquisition of new park land & open space (\$22.26) and development of new indoor recreation facilities (\$20.50). The highest percentage of respondents (25%) would be willing to pay \$5-6 a month in additional taxes followed by \$3-4 a month (24%) or nothing (21%).

Support for Improvements: Respondents were asked rate their level of support for 17 potential improvement actions by the Warrenville Park District. Respondents most supported (rating "very supportive" or "somewhat supportive") improving existing parks in general (84%), adding restrooms to select parks (79%), and adding more trees/shade structures to parks (77%). Respondents were then asked to select the top four improvements their household would be most willing to fund. These were the items selected most often:

- Improve existing parks in general (38%)
- Add more trees/shade structures to parks (33%)
- Add water play feature (32%)
- Add restrooms to select parks (29%)

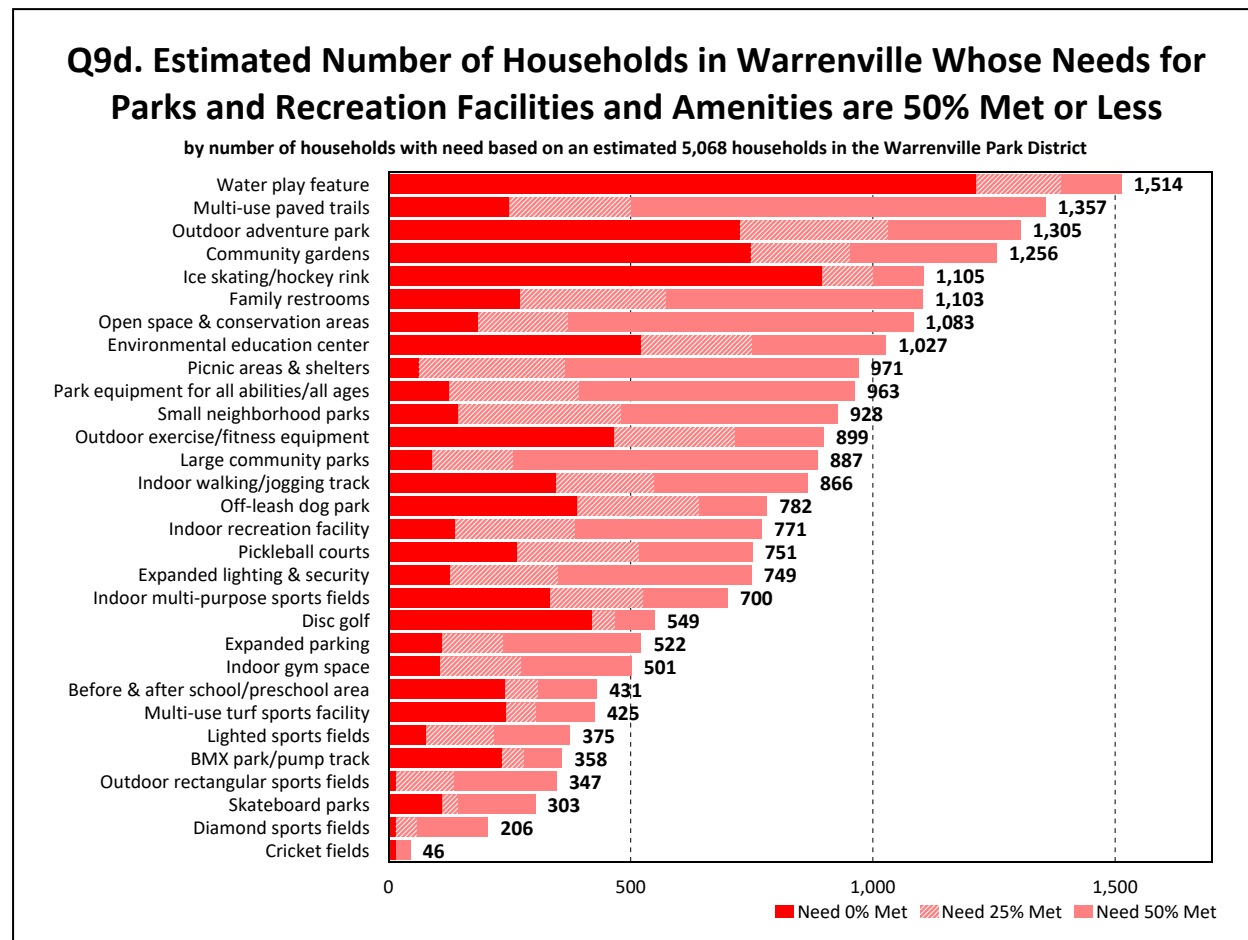

Facility and Amenity Needs

Facility/Amenity Needs: Respondents were asked to identify if their household had a need for 30 parks and recreation facilities/amenities and to rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest “unmet” need for various facilities/amenities.

The three parks and recreation facilities/amenities with the highest percentage of households that have an unmet need:

1. Water play feature– 1,514 households
2. Multi-use paved trails – 1,357 households
3. Outdoor adventure park – 1,305 households

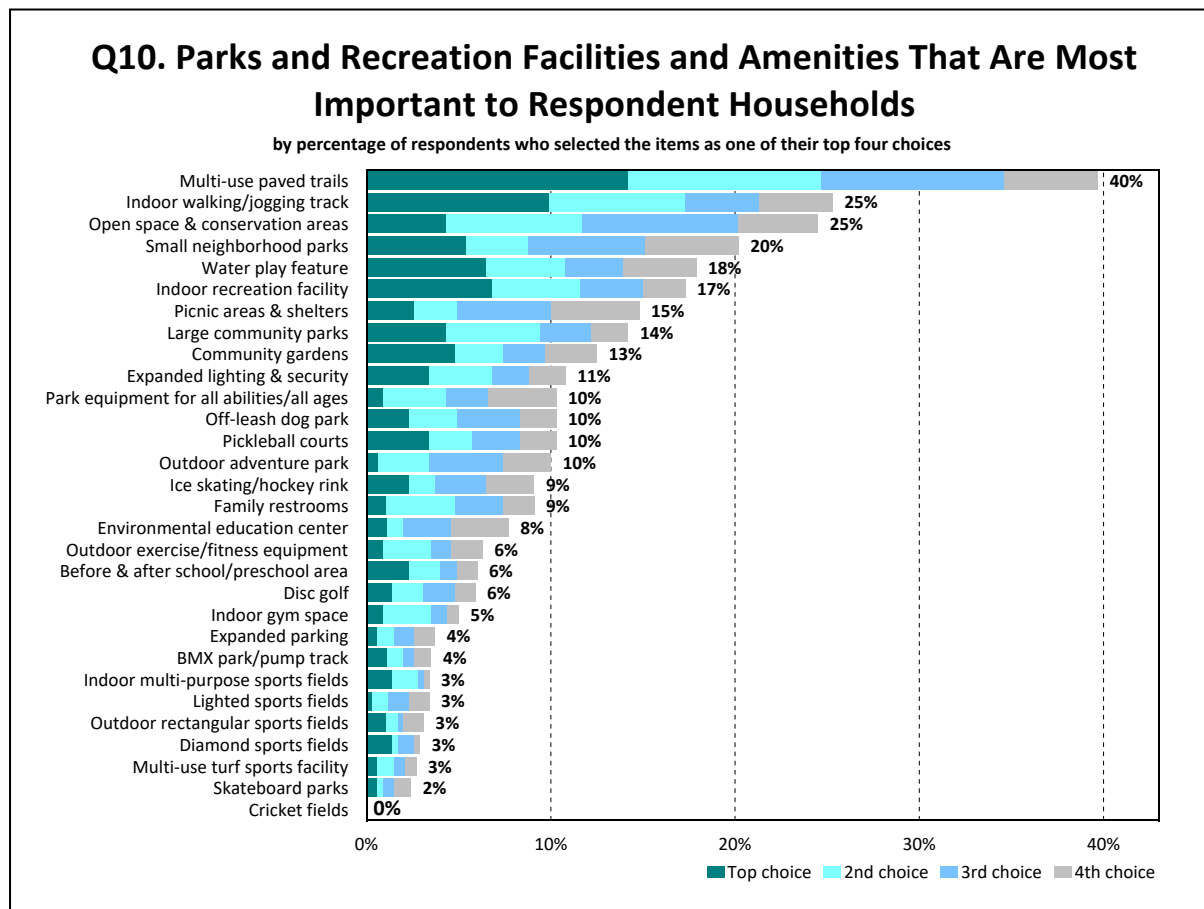

The estimated number of households that have unmet needs for each of the 30 parks and recreation center amenities assessed is shown in the chart below.

Facilities and Amenities Importance: In addition to assessing the needs for each Parks and Recreation facility and amenity, ETC Institute also assessed the importance that residents placed on each item. Based on the sum of respondents' top four choices, these were the four facilities/amenities ranked most important to residents:

1. Multi-use paved trails (40%)
2. Indoor walking/jogging track (25%)
3. Open space & conservation areas (25%)
4. Small neighborhood parks (20%)

The percentage of residents who selected each facility/amenity as one of their top four choices is shown in the chart below.

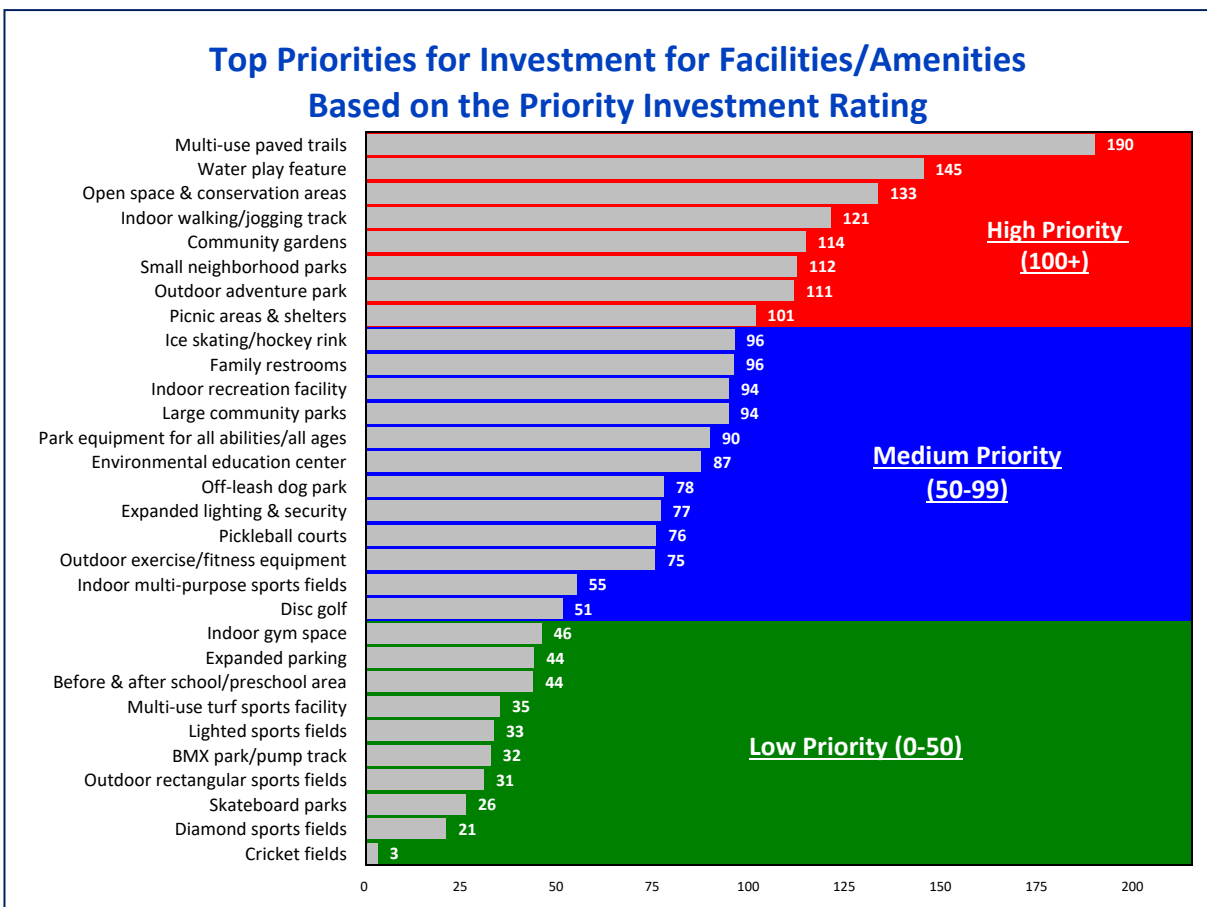

Priorities for Facility Investments: The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on recreation and parks investments. The Priority Investment Rating (PIR) equally weights (1) the importance that residents place on amenities and (2) how many residents have unmet needs for the amenity. [Details regarding the methodology for this analysis are provided in Section 3 of this report.]

Based the Priority Investment Rating (PIR), the following parks and recreation facilities/amenities were rated as high priorities for investment:

- Multi-use paved trails (PIR= 189.6)
- Water play feature (PIR= 145.1)
- Open space & conservation areas (PIR= 133.3)
- Indoor walking/jogging track (PIR= 120.9)
- Community gardens (PIR= 114.5)
- Small neighborhood parks (PIR= 112.2)
- Outdoor adventure park (PIR= 111.4)
- Picnic areas & shelters (PIR= 101.4)

The chart below shows the Priority Investment Rating for each of the 30 recreation facilities assessed on the survey.

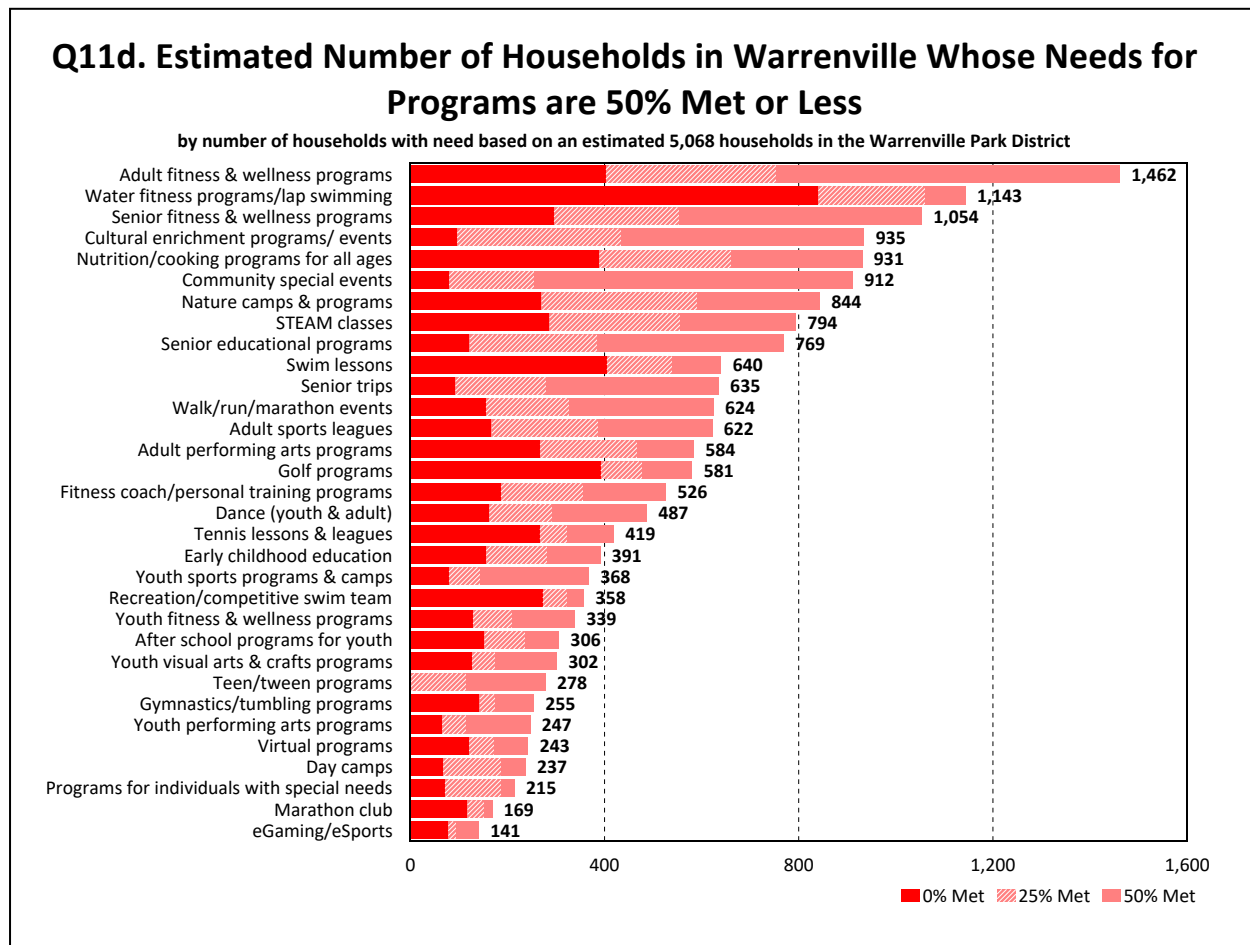

Warrenville Program Needs and Priorities

Program Needs: Respondents were asked to identify if their household had a need for 32 programs and to rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest “unmet” need for various facilities/amenities.

The three programs with the highest percentage of households that have an unmet need:

1. Adult fitness and wellness programs – 1,462 households
2. Water fitness programs/lap swimming – 1,143 households
3. Senior fitness & wellness programs – 1,054 households

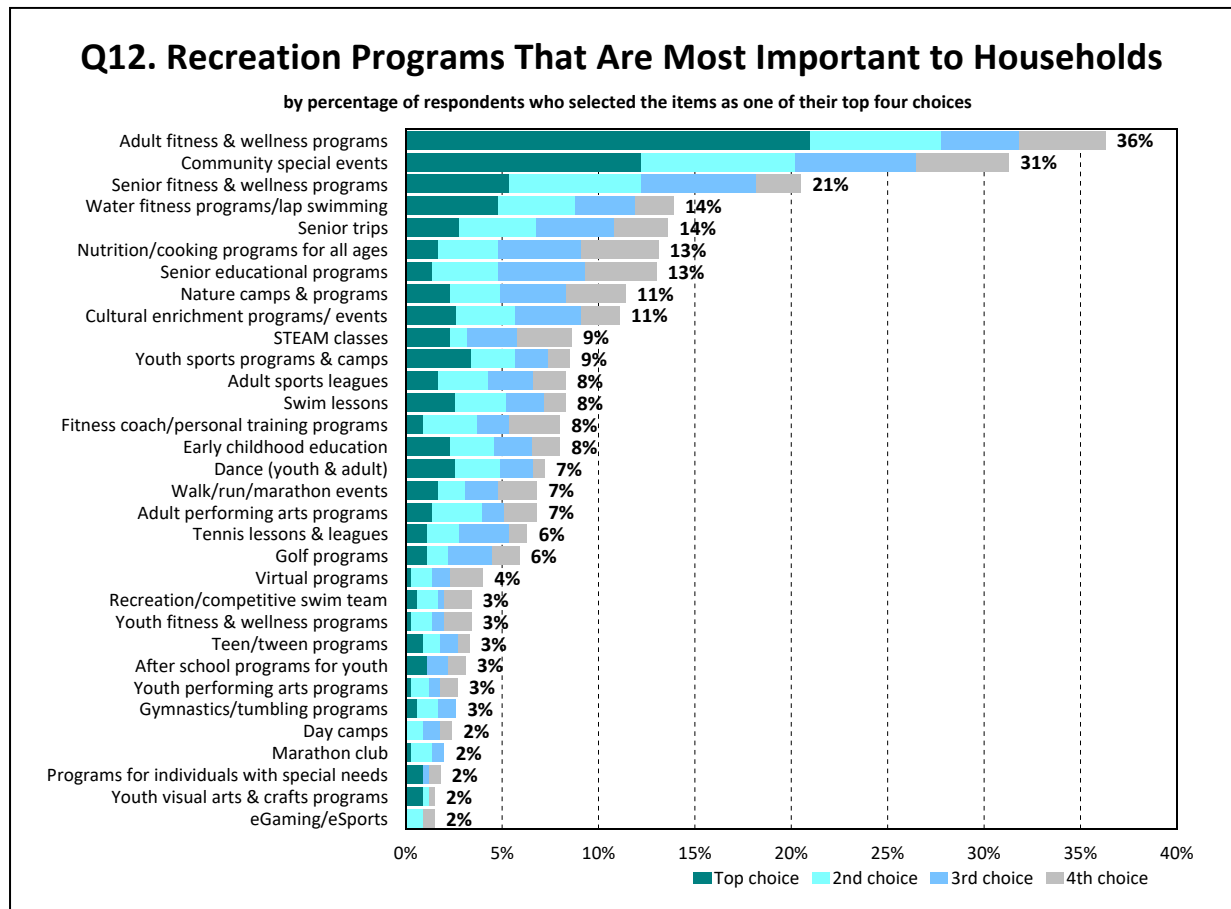

The estimated number of households that have unmet needs for each of the 32 parks and recreation programs assessed is shown in the chart below.

Programs Importance: In addition to assessing the needs for each program, ETC Institute also assessed the importance that residents placed on each item. Based on the sum of respondents' top four choices, these are the four most important programs to residents:

1. Adult fitness & wellness programs (36%)
2. Community special events (31%)
3. Senior fitness & wellness programs (21%)
4. Water fitness programs/lap swimming (14%) and senior trips (14%)

The percentage of residents who selected each program as one of their top four choices is shown in the chart below.

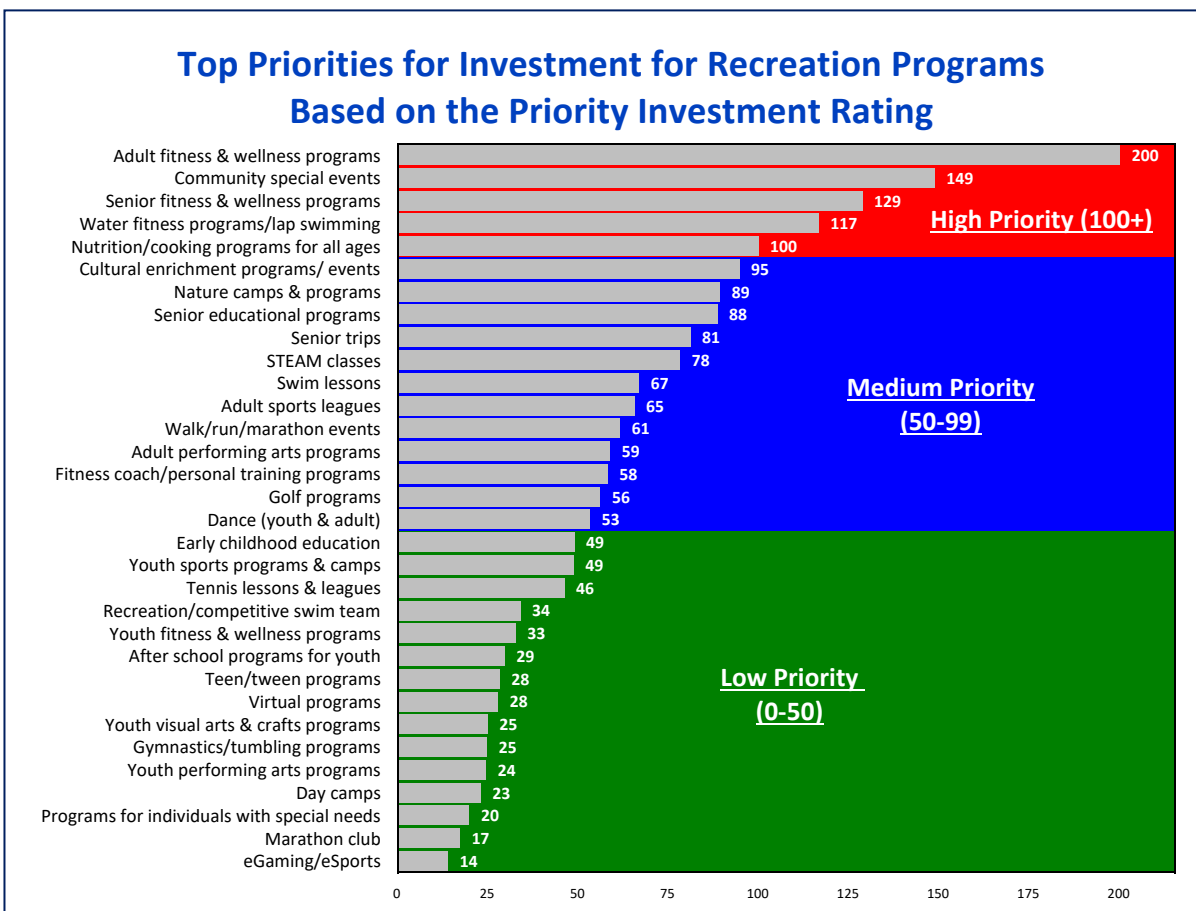

Priorities for Program Investments: The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on recreation and parks investments. The Priority Investment Rating (PIR) equally weights (1) the importance that residents place on each program and (2) how many residents have unmet needs for the program. [Details regarding the methodology for this analysis are provided in Section 3 of this report.]

Based the Priority Investment Rating (PIR), the following Warrenville programs were rated as high priorities for investment:

- Adult fitness & wellness programs (PIR=200)
- Community special events (PIR=149)
- Senior fitness & wellness programs (PIR=129)
- Water fitness programs/lap swimming (PIR=117)
- Nutrition/cooking programs for all ages (PIR=100)

The chart below shows the Priority Investment Rating for each of the 32 programs assessed.

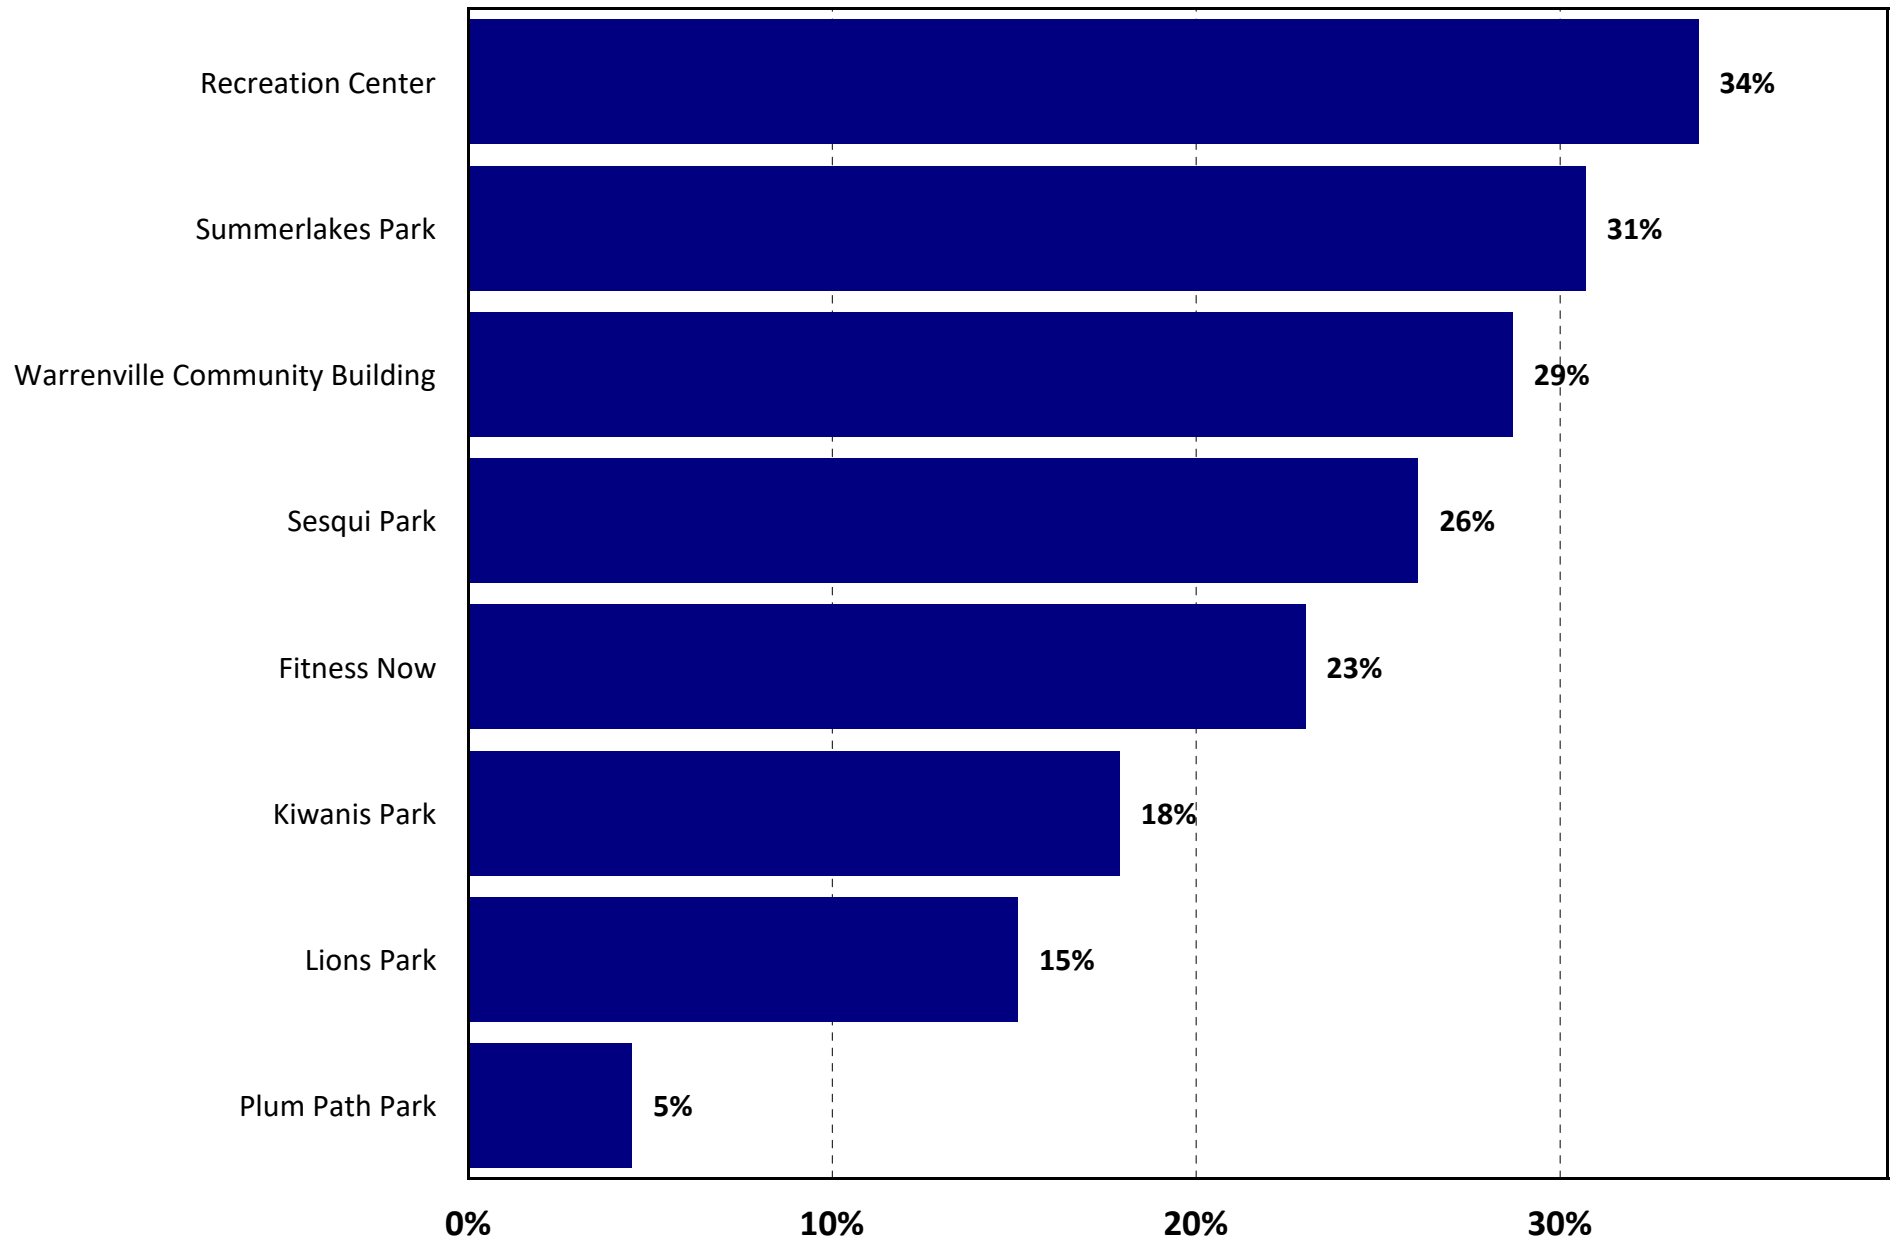

Charts & Graphs

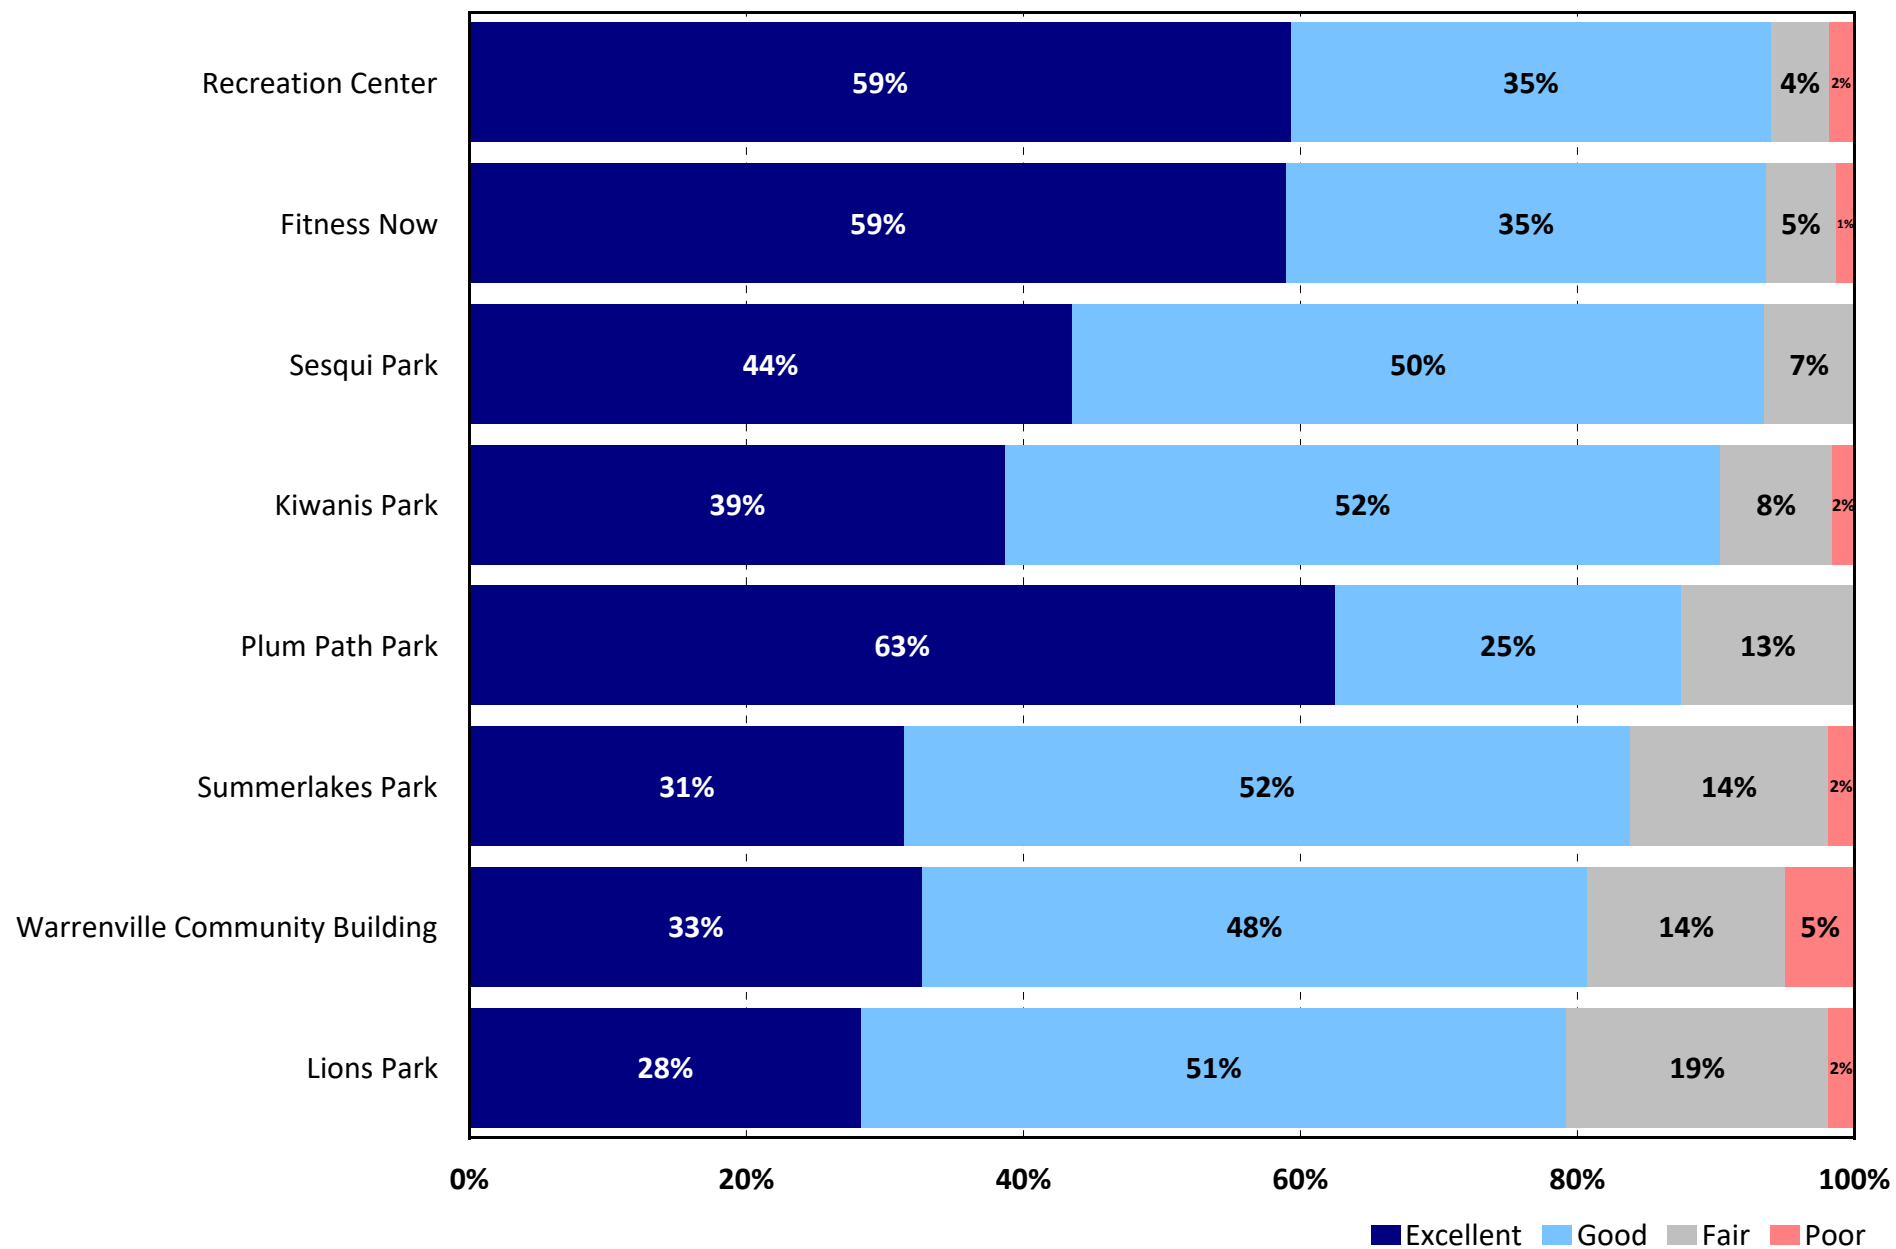

Q1. Use of Warrenville Park District parks/facilities during the past year

by percentage of respondents who indicated they had used the park/facility within the past year

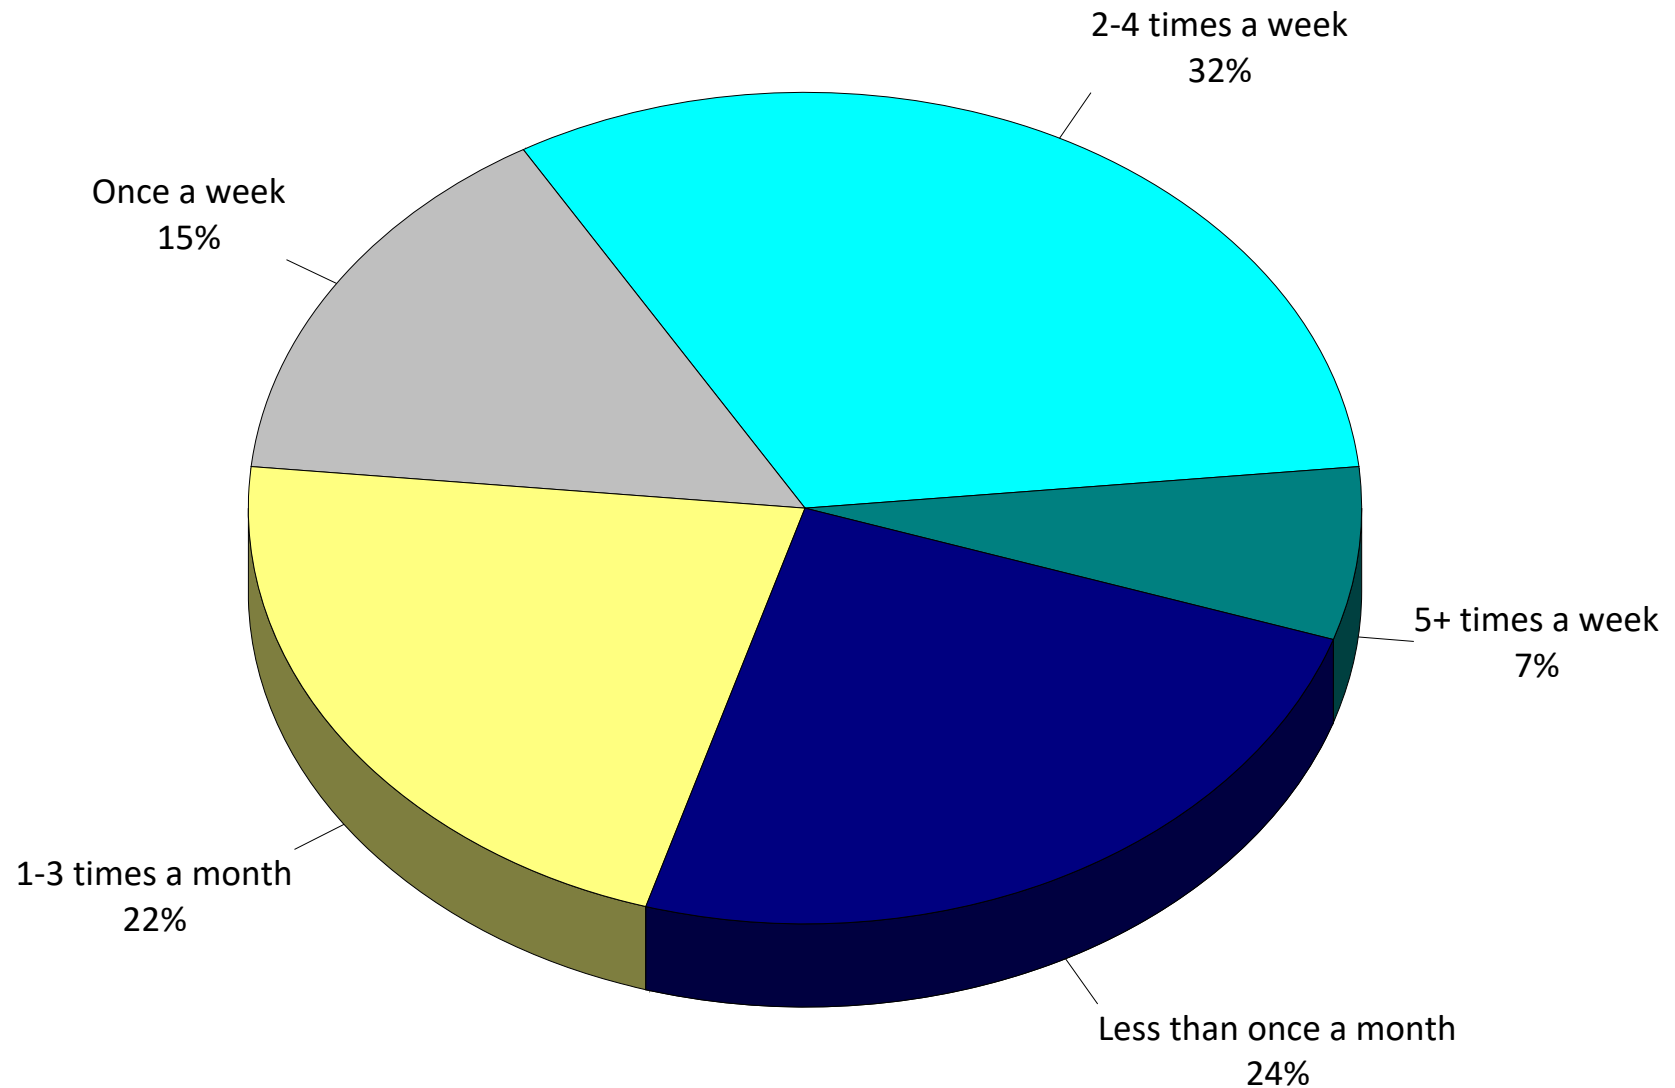

Q1. Rating Condition of Parks/Facilities

by percentage of respondents who answered "Yes" to Q1 (excluding "not provided")

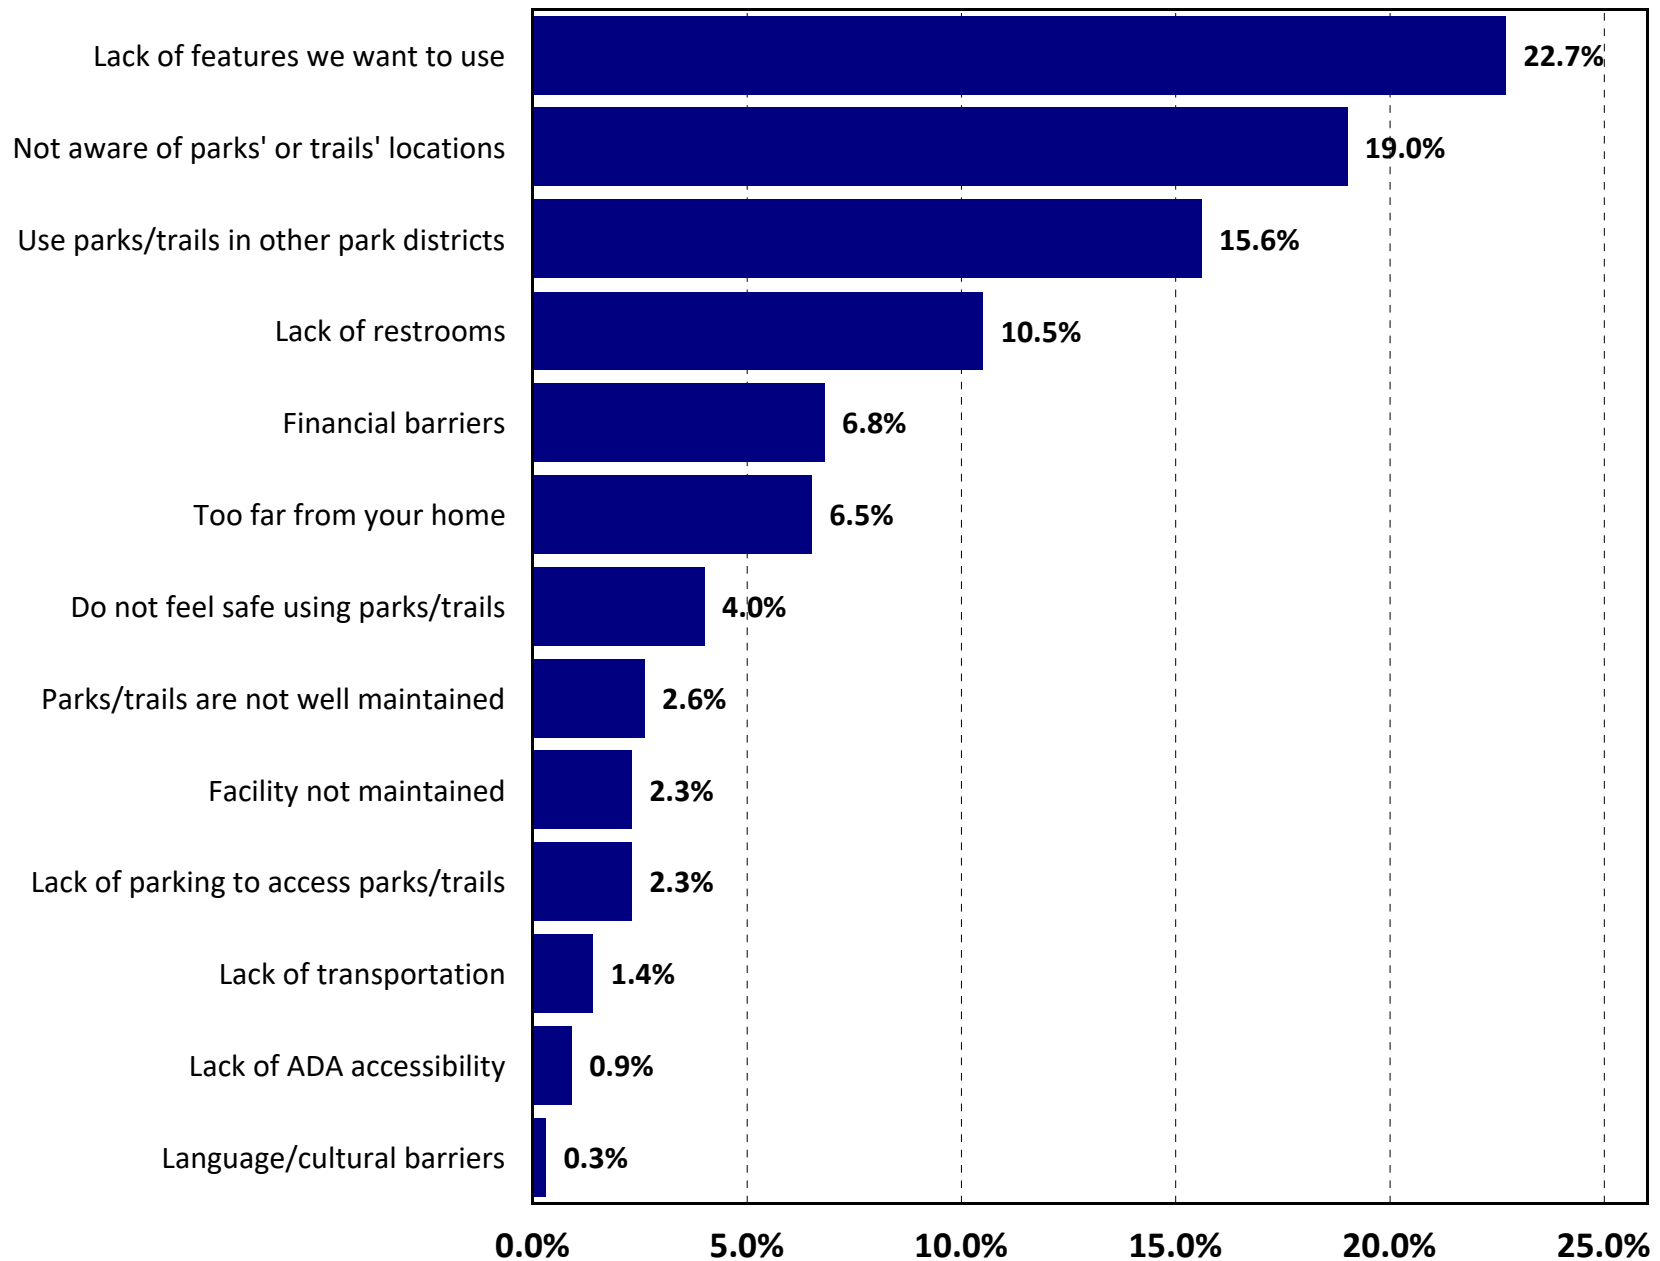

Q1a. How often have you visited Warrenville Park District parks and/or recreation facilities during the past 12 months?

by percentage of respondents (excluding "don't know")

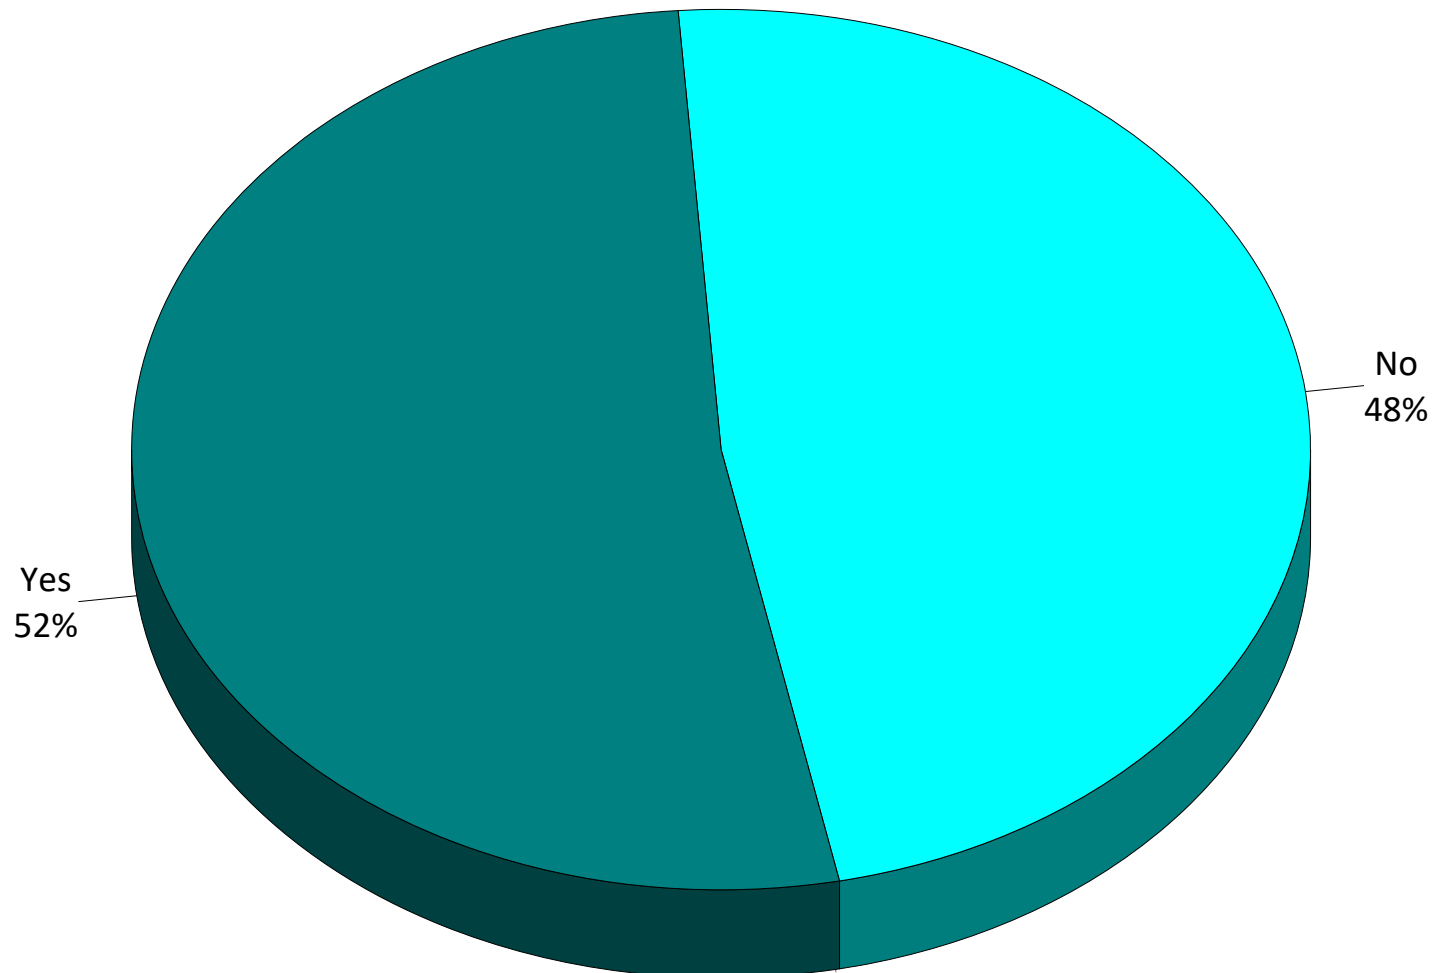

Q2. Barriers to Warrenville Park District parks or recreation facilities' use

by percentage of respondents (multiple selections could be made)

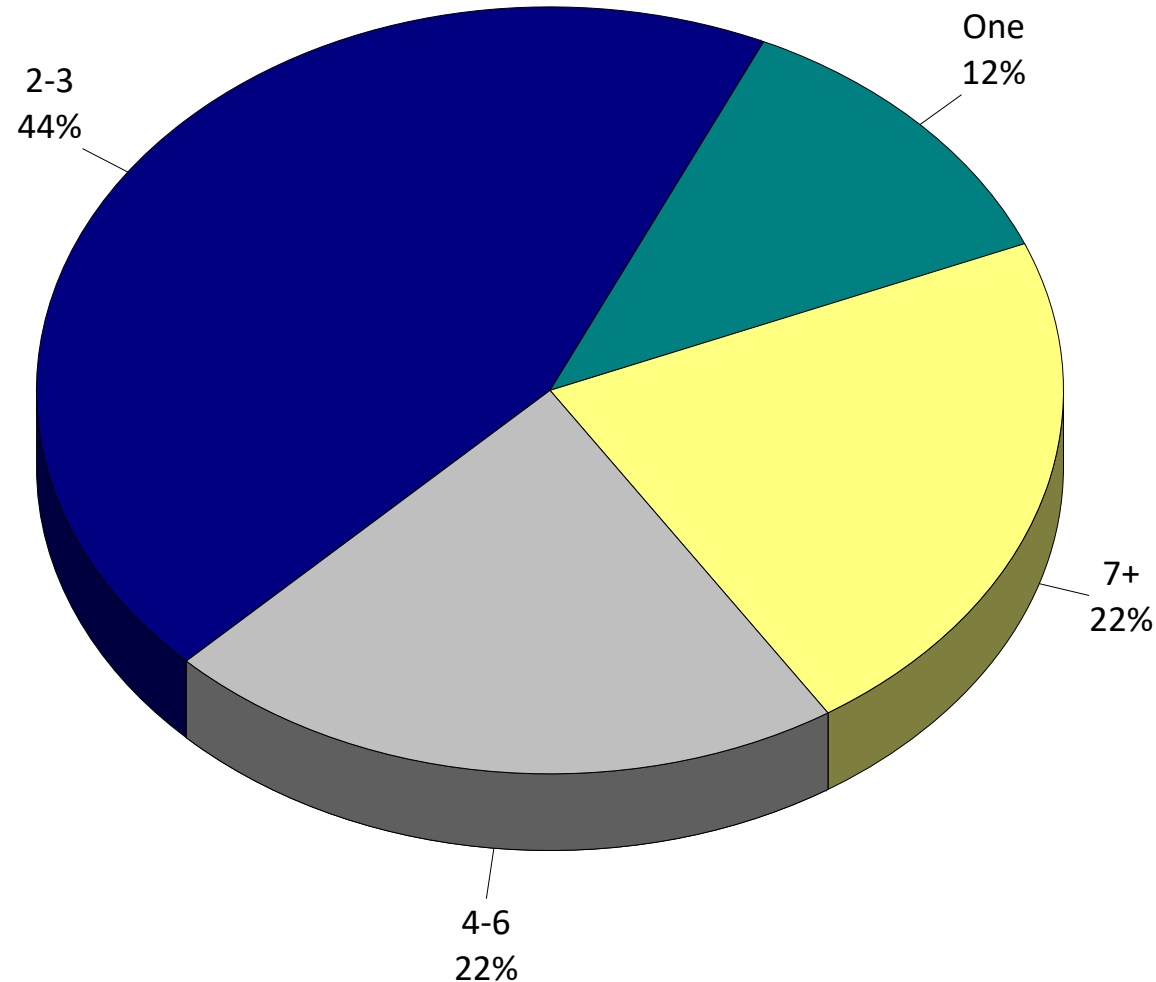

Q3. Has Your Household Participated in Any Parks and Recreation Programs During the Past 2 Years?

by percentage of respondents

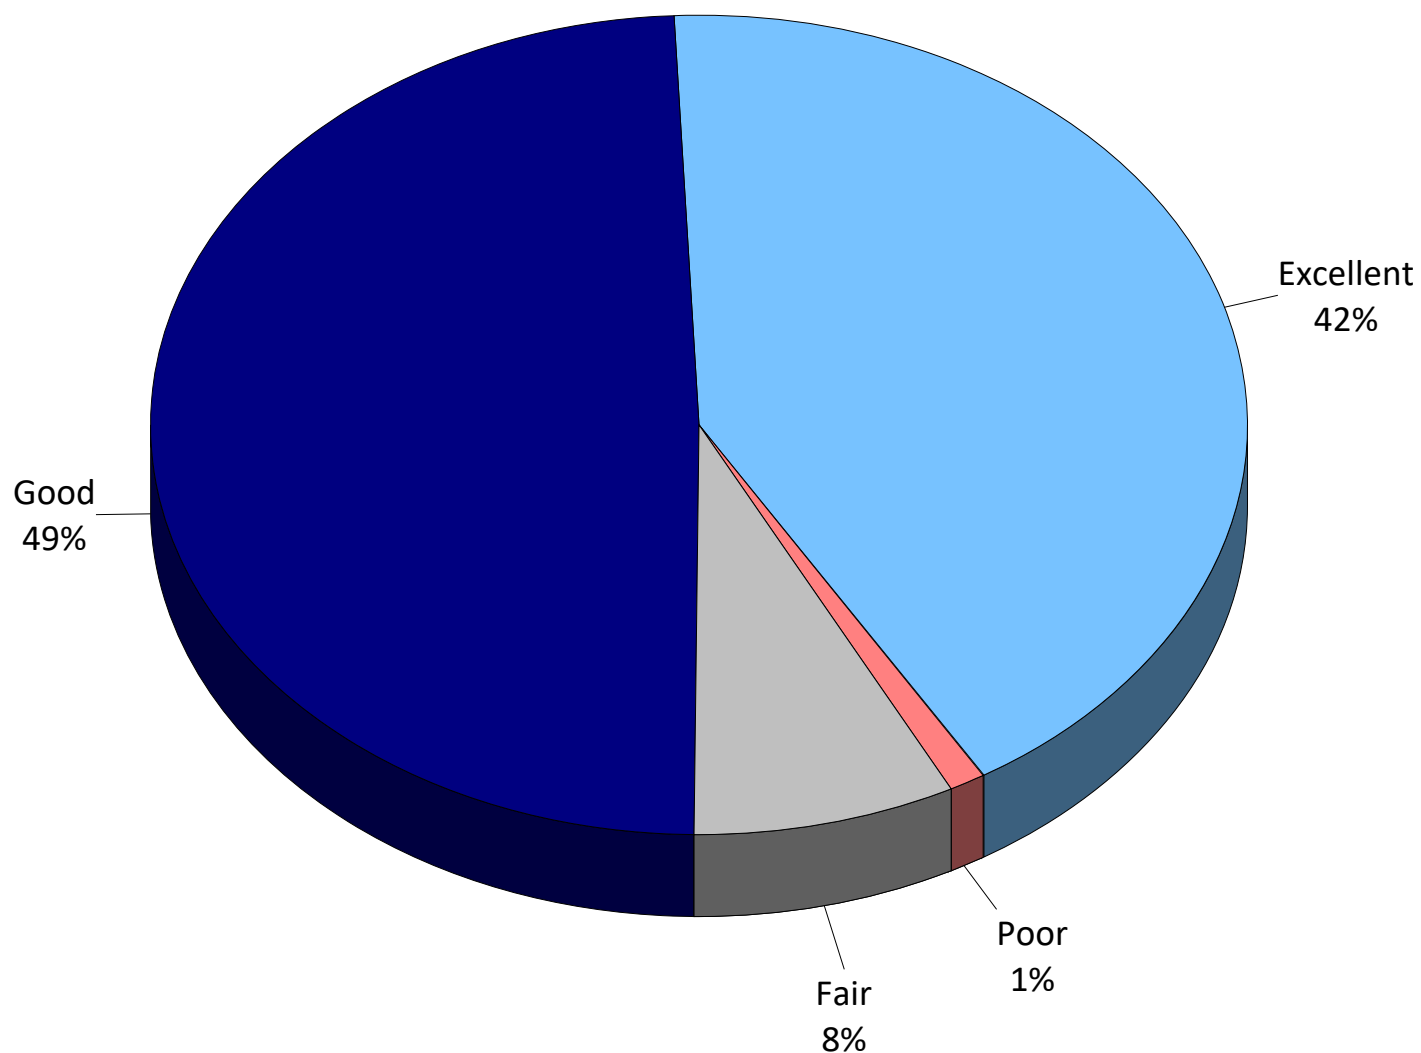

Q3a. How many recreation programs/events offered by the Warrenville Park District have you or members of your household participated in during the past two years?

by percentage of respondents (excluding “not provided”)

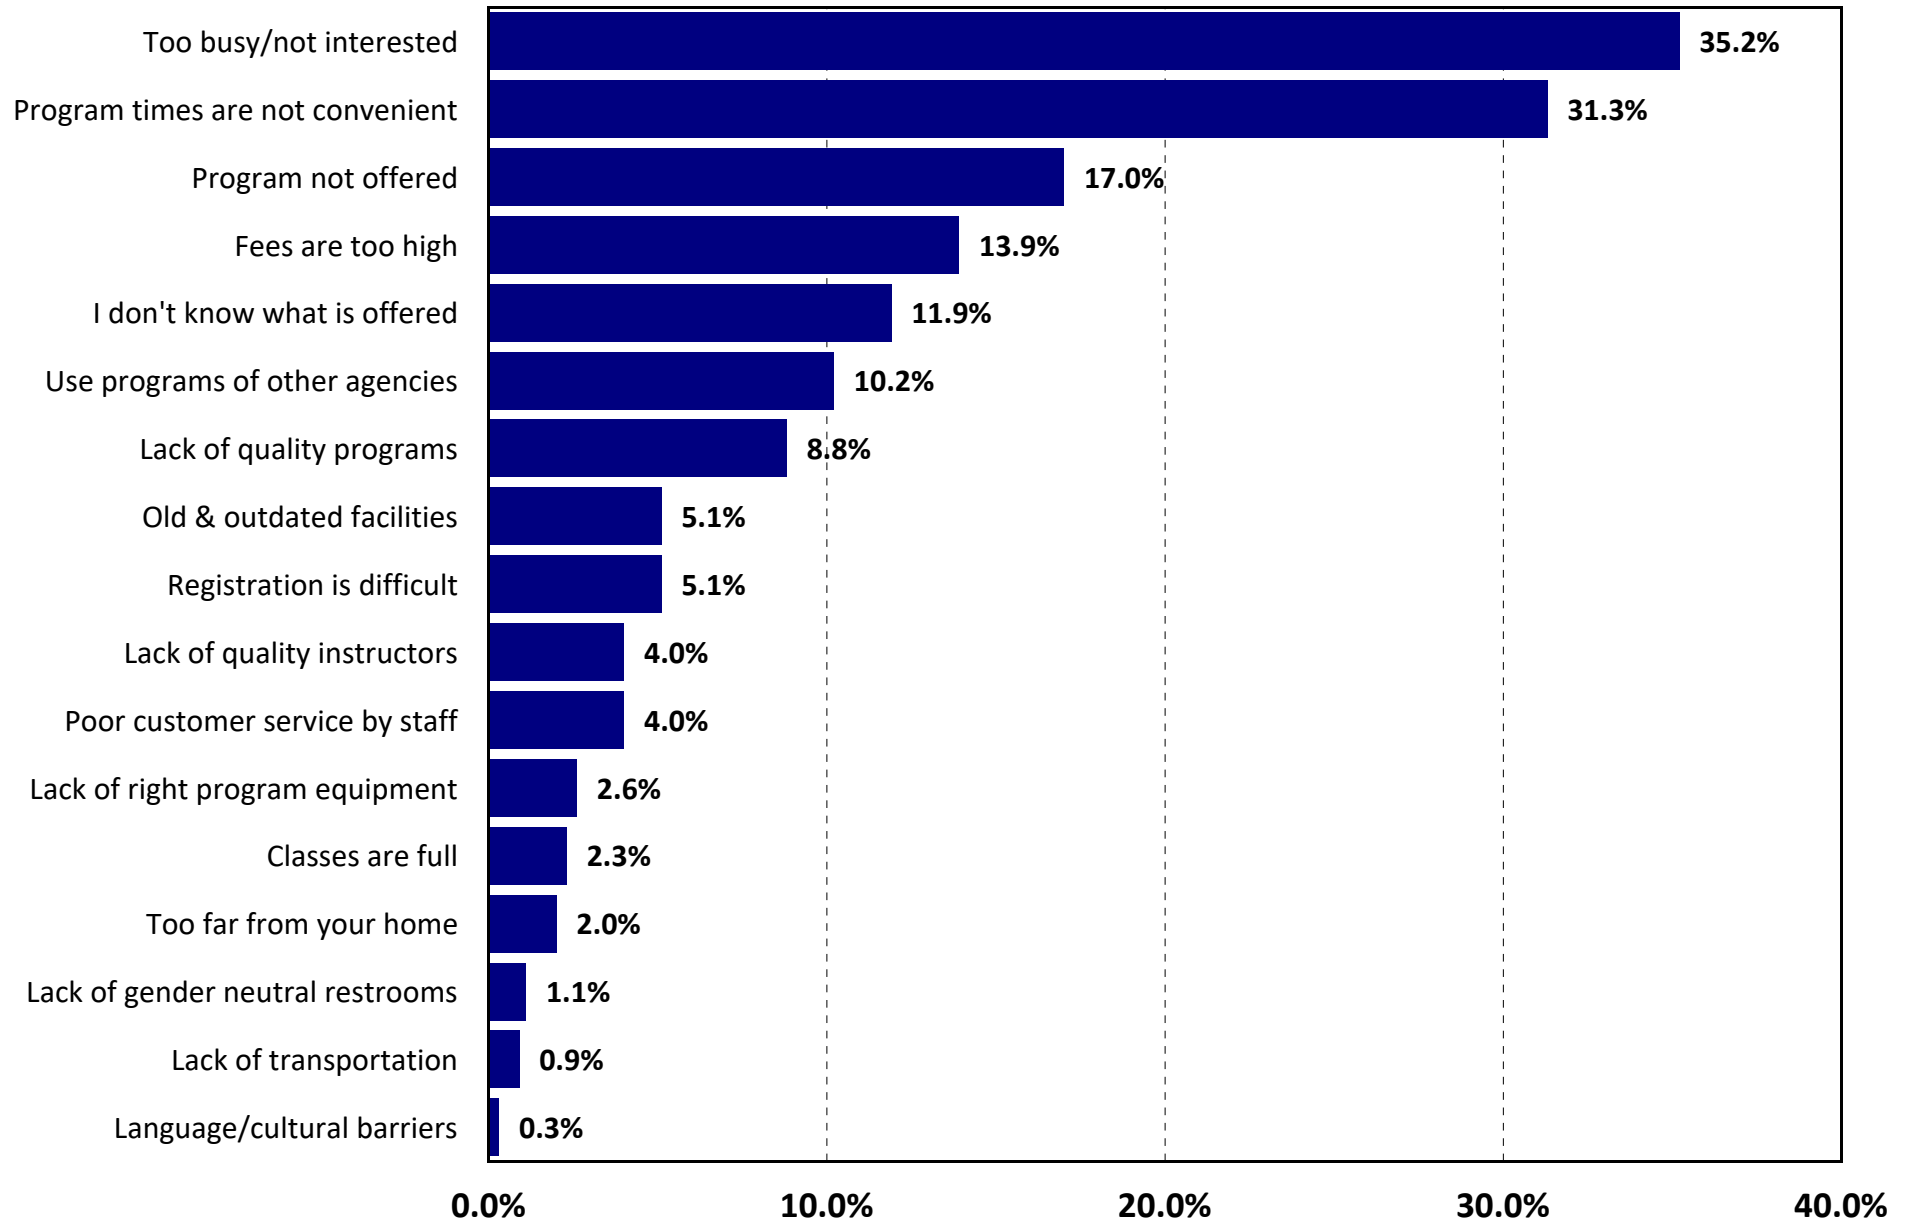

Q3b. Rating Quality of Parks and Recreation Programs/Events

by percentage of respondents who responded "Yes" to Q3 (excluding "not provided")

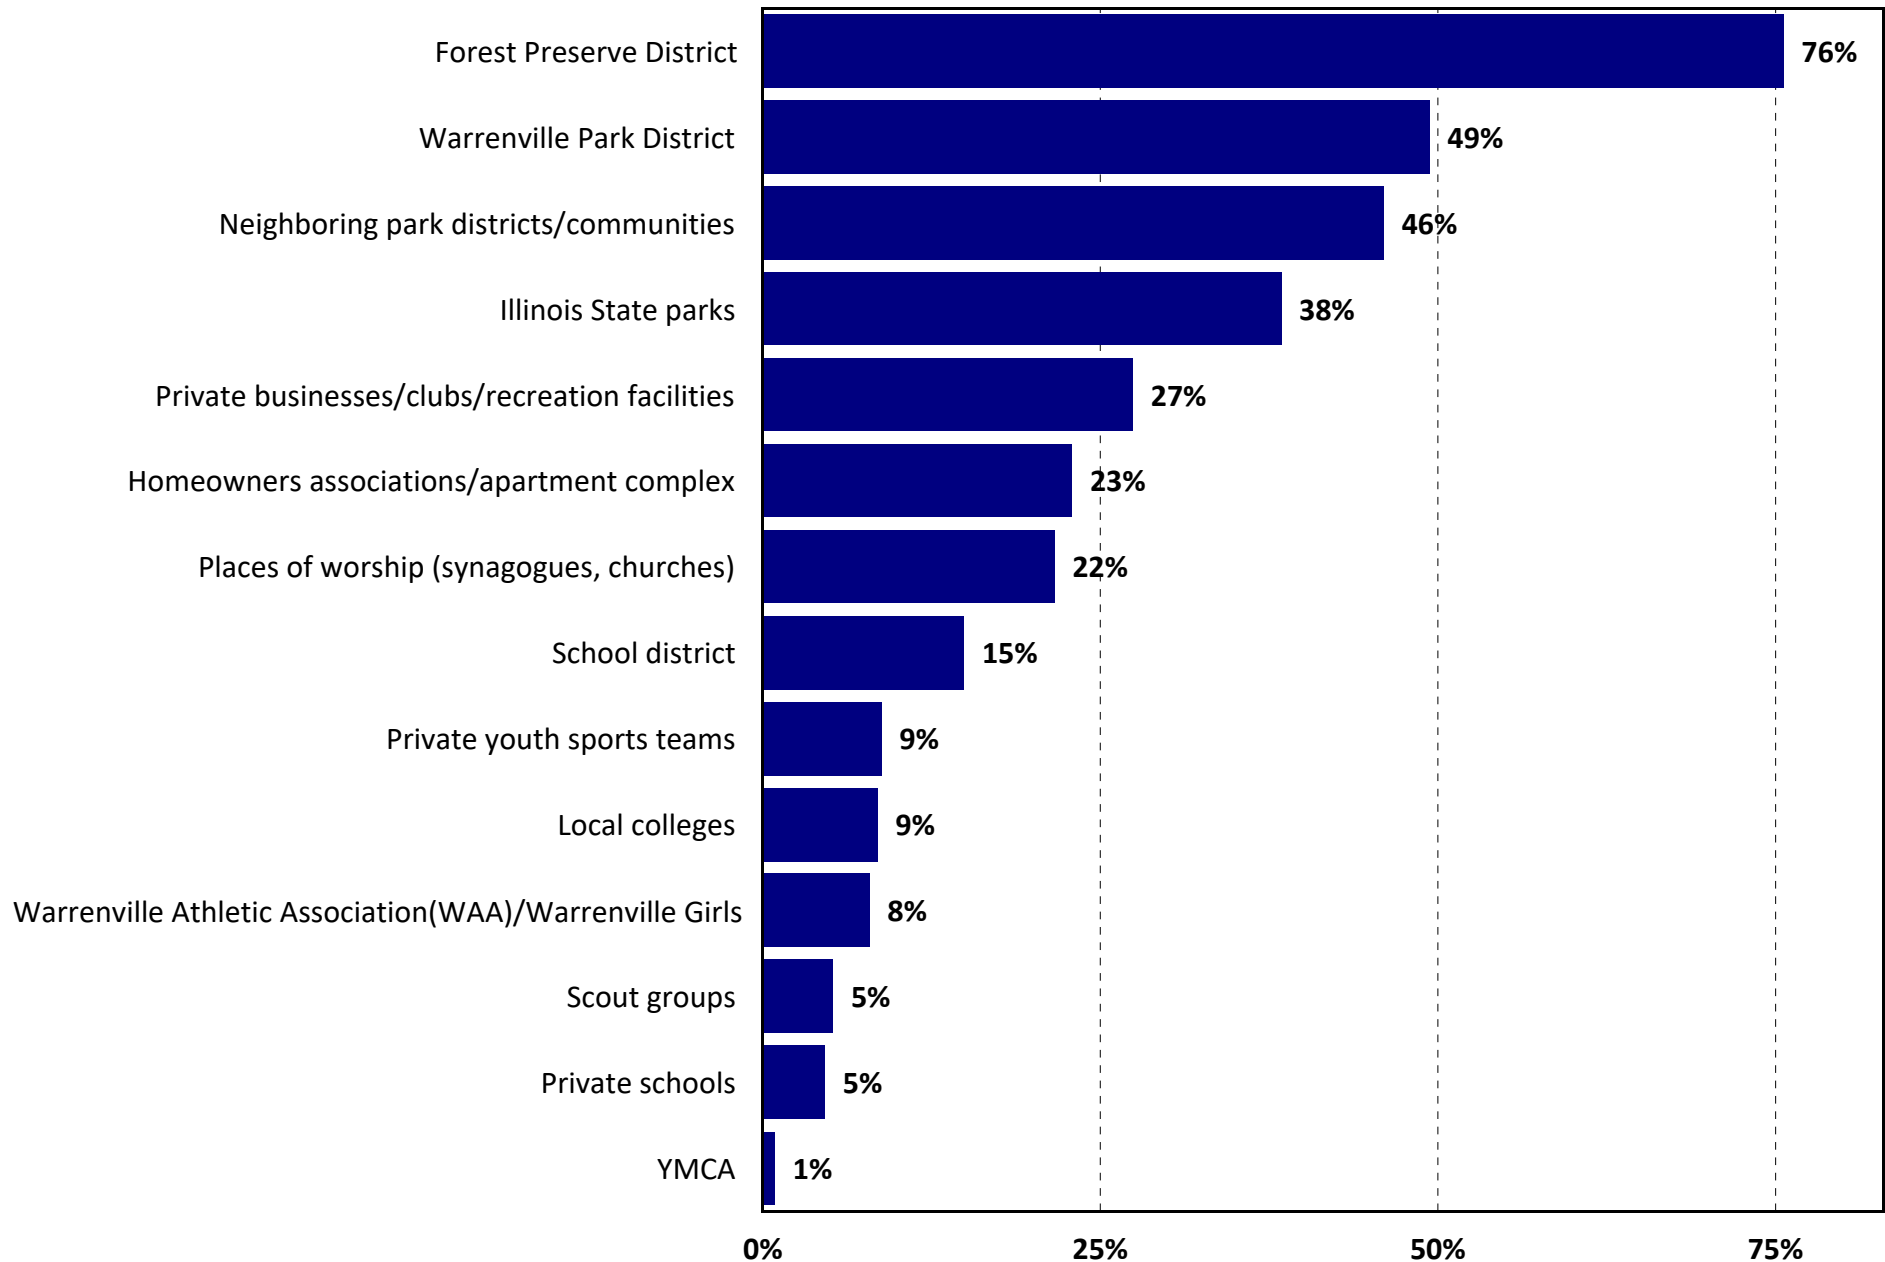

Q4. Please CHECK ALL the following reasons that prevent you or members of your household from using recreation programs offered by the Warrenville Park District MORE OFTEN.

by percentage of respondents (multiple selections could be made)

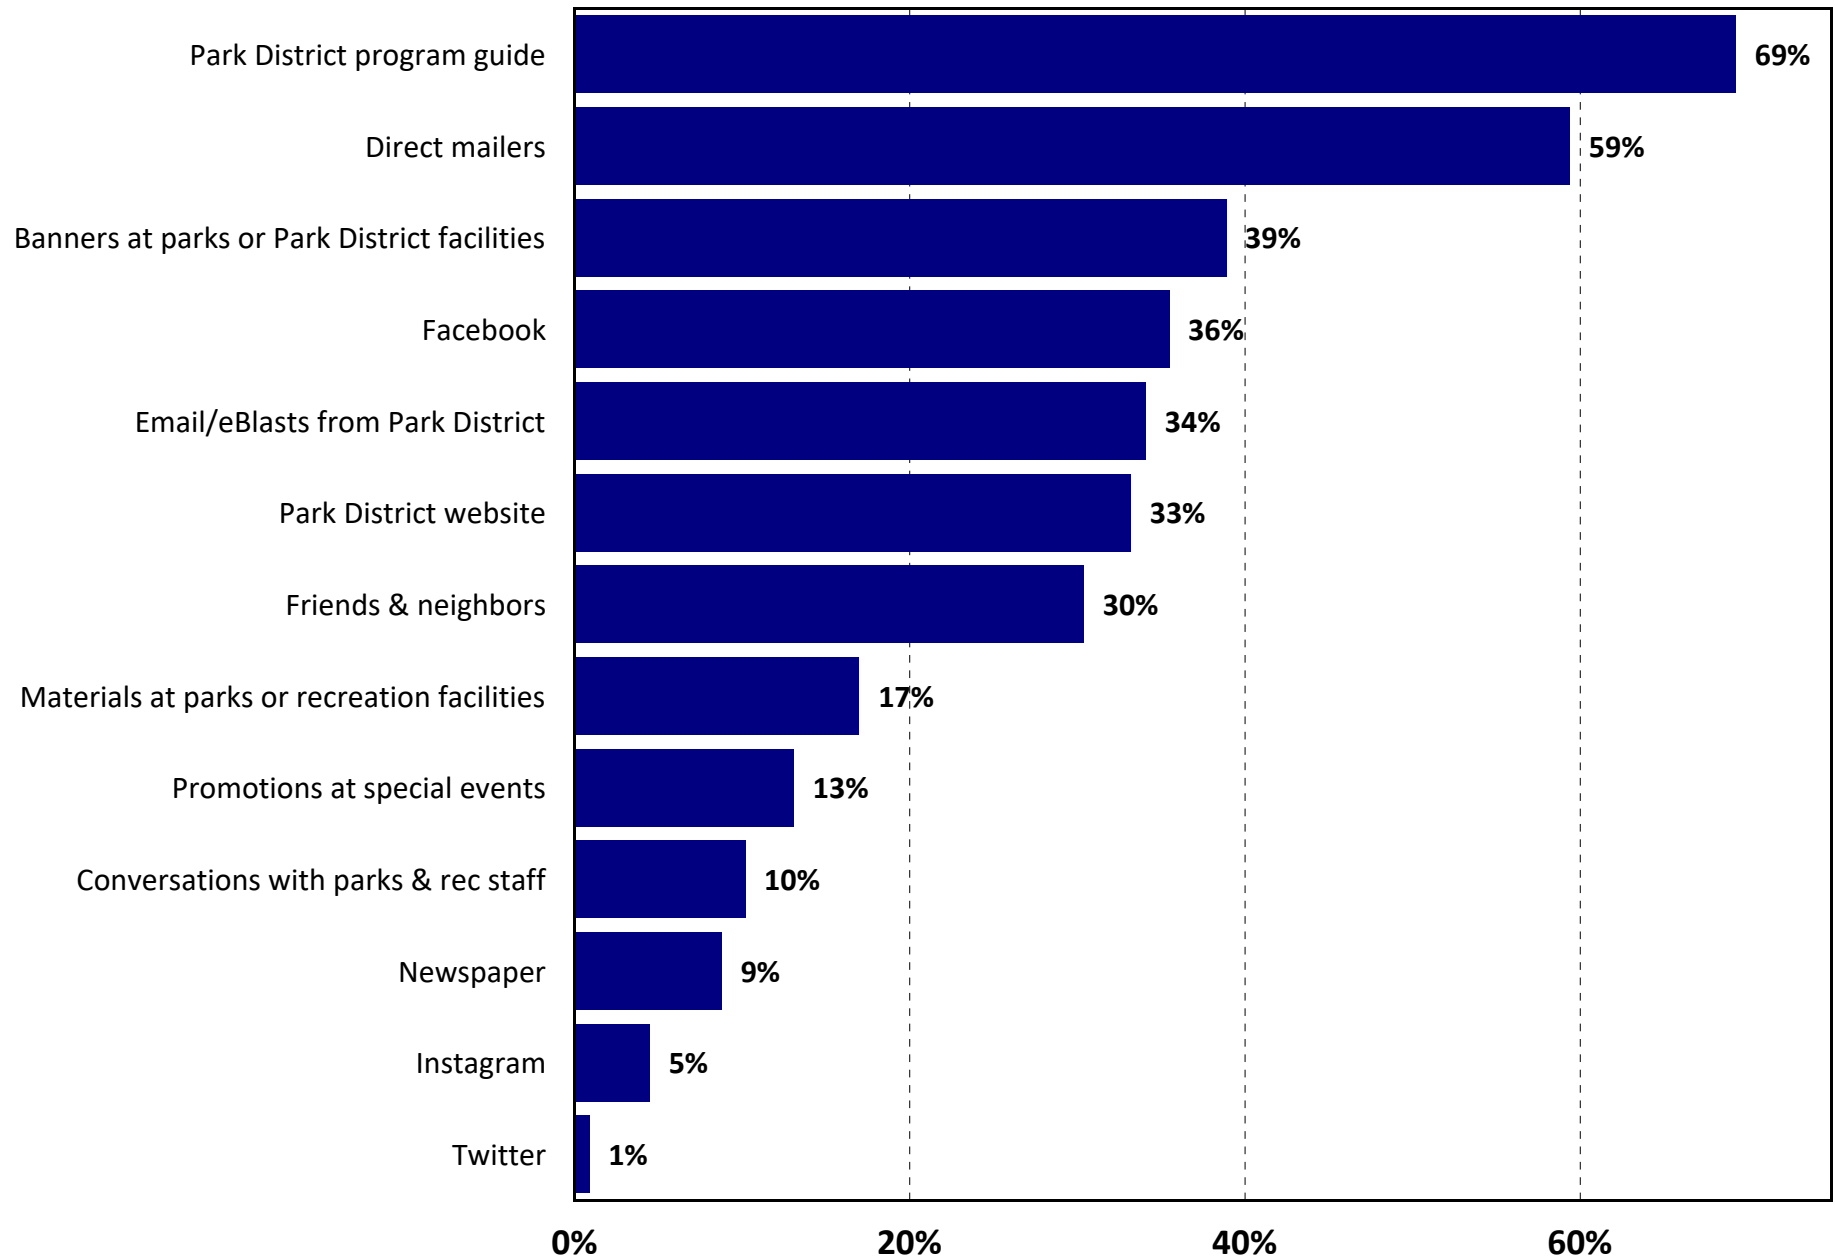

Q5. Organizations Used for Recreation and Sports Activities

by percentage of respondents (multiple selections could be made) (excluding "none")

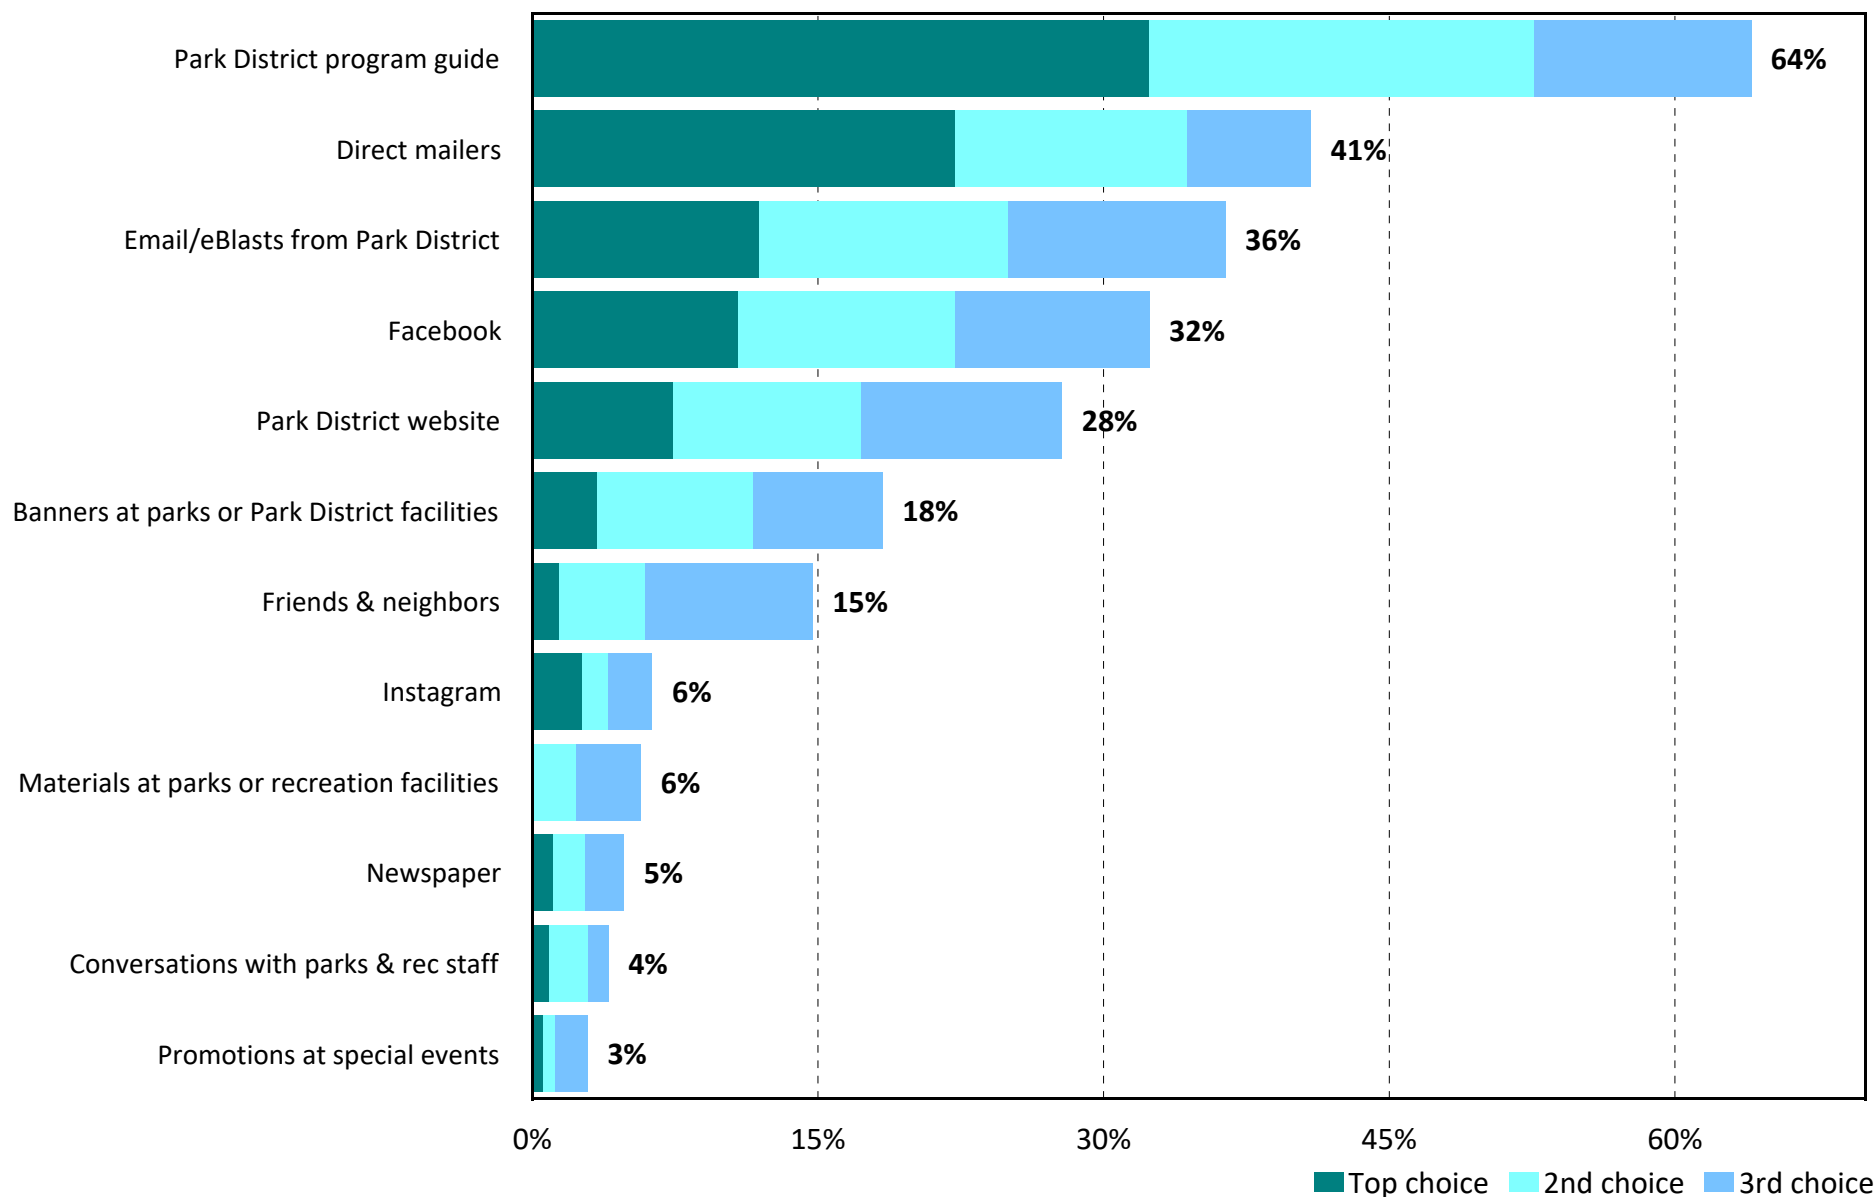

Q6. Ways Households Learn about Programs and Events

by percentage of respondents (multiple selections could be made)

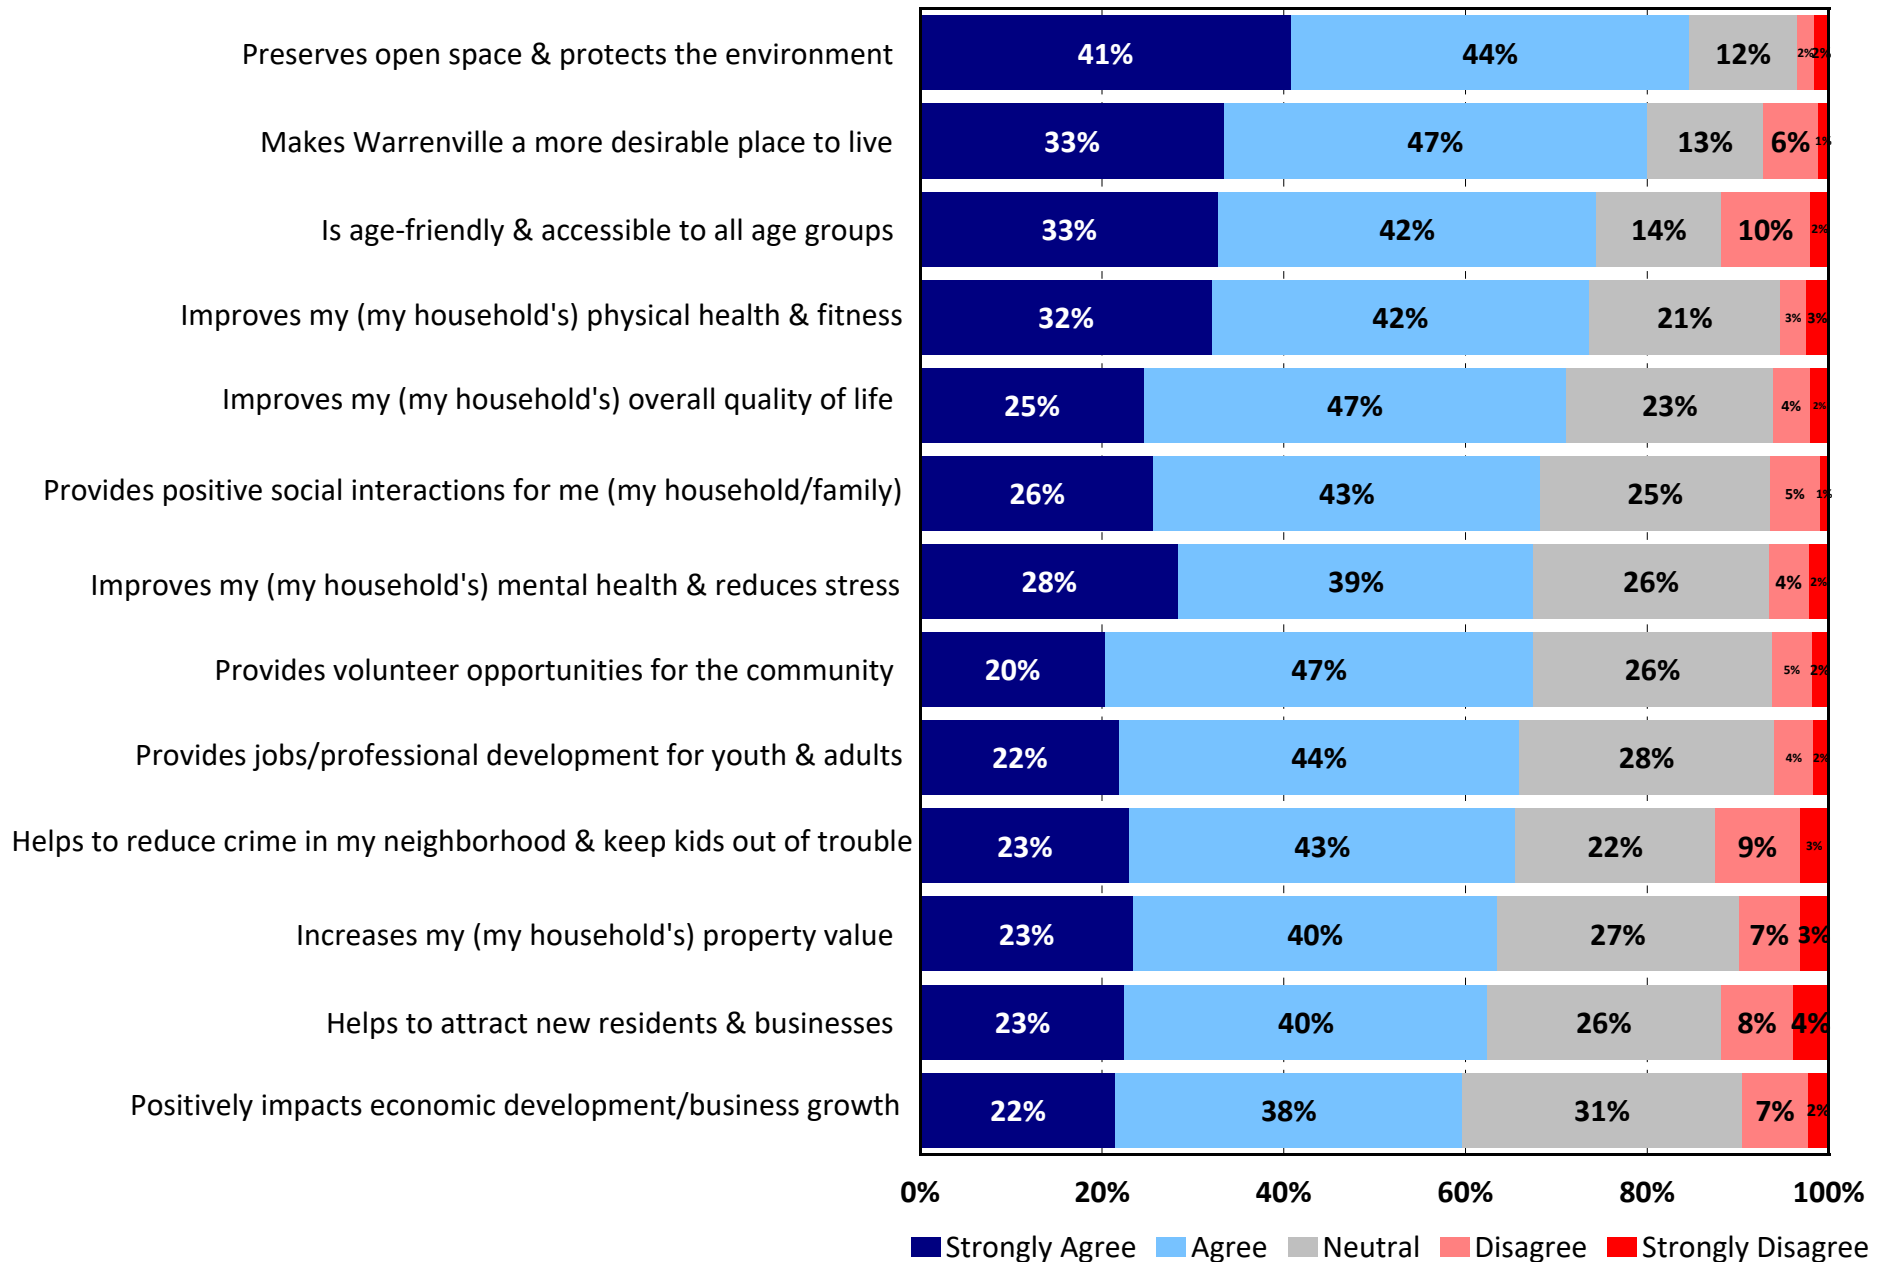

Q7. Most Preferred Communication Methods To Learn about Parks, Recreation Programs and Activities

by percentage of respondents who selected the items as one of their top three choices

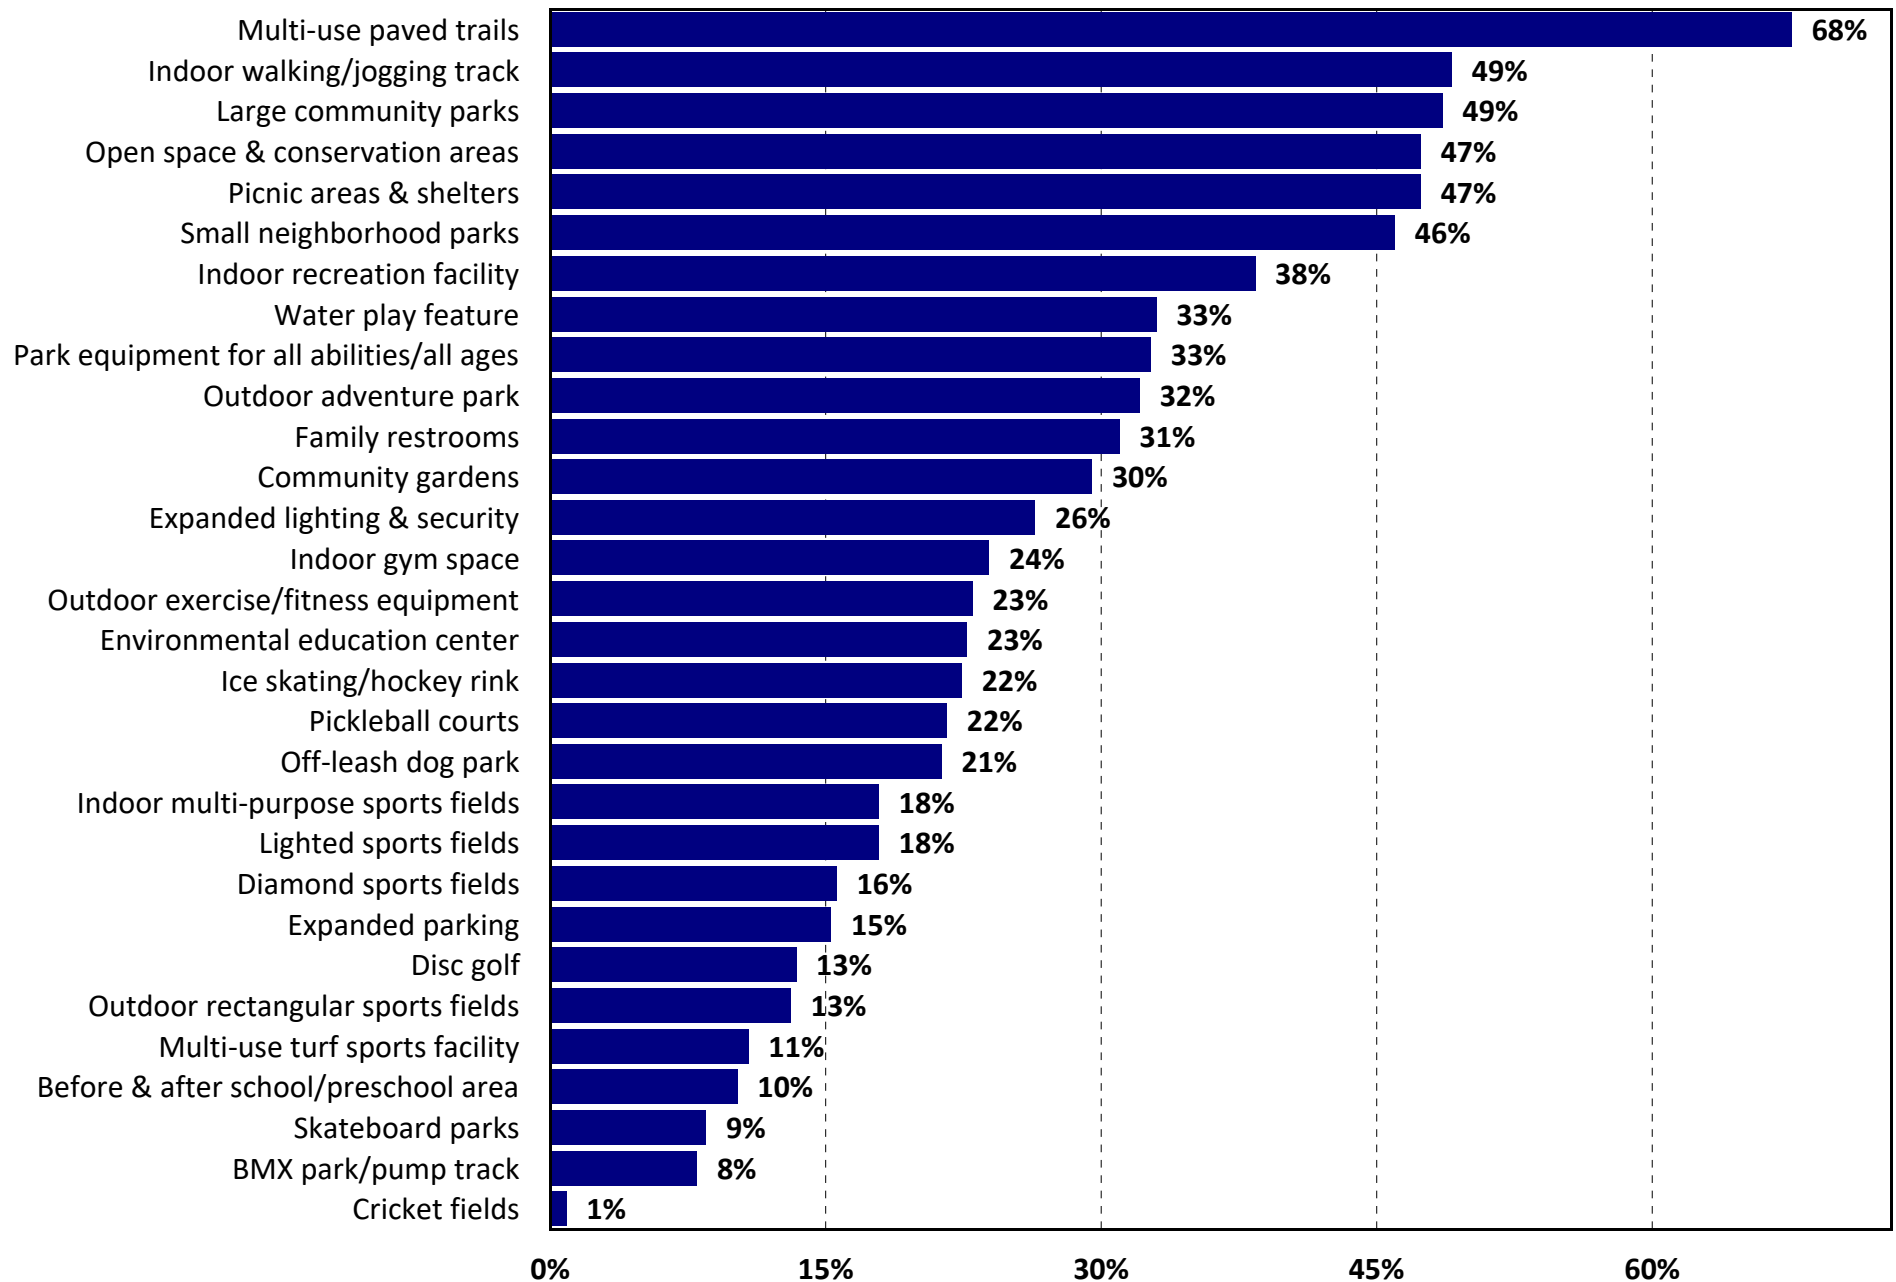

Q8. Level of Agreement with Benefits of Warrenville Park District

by percentage of respondents (excluding "don't know")

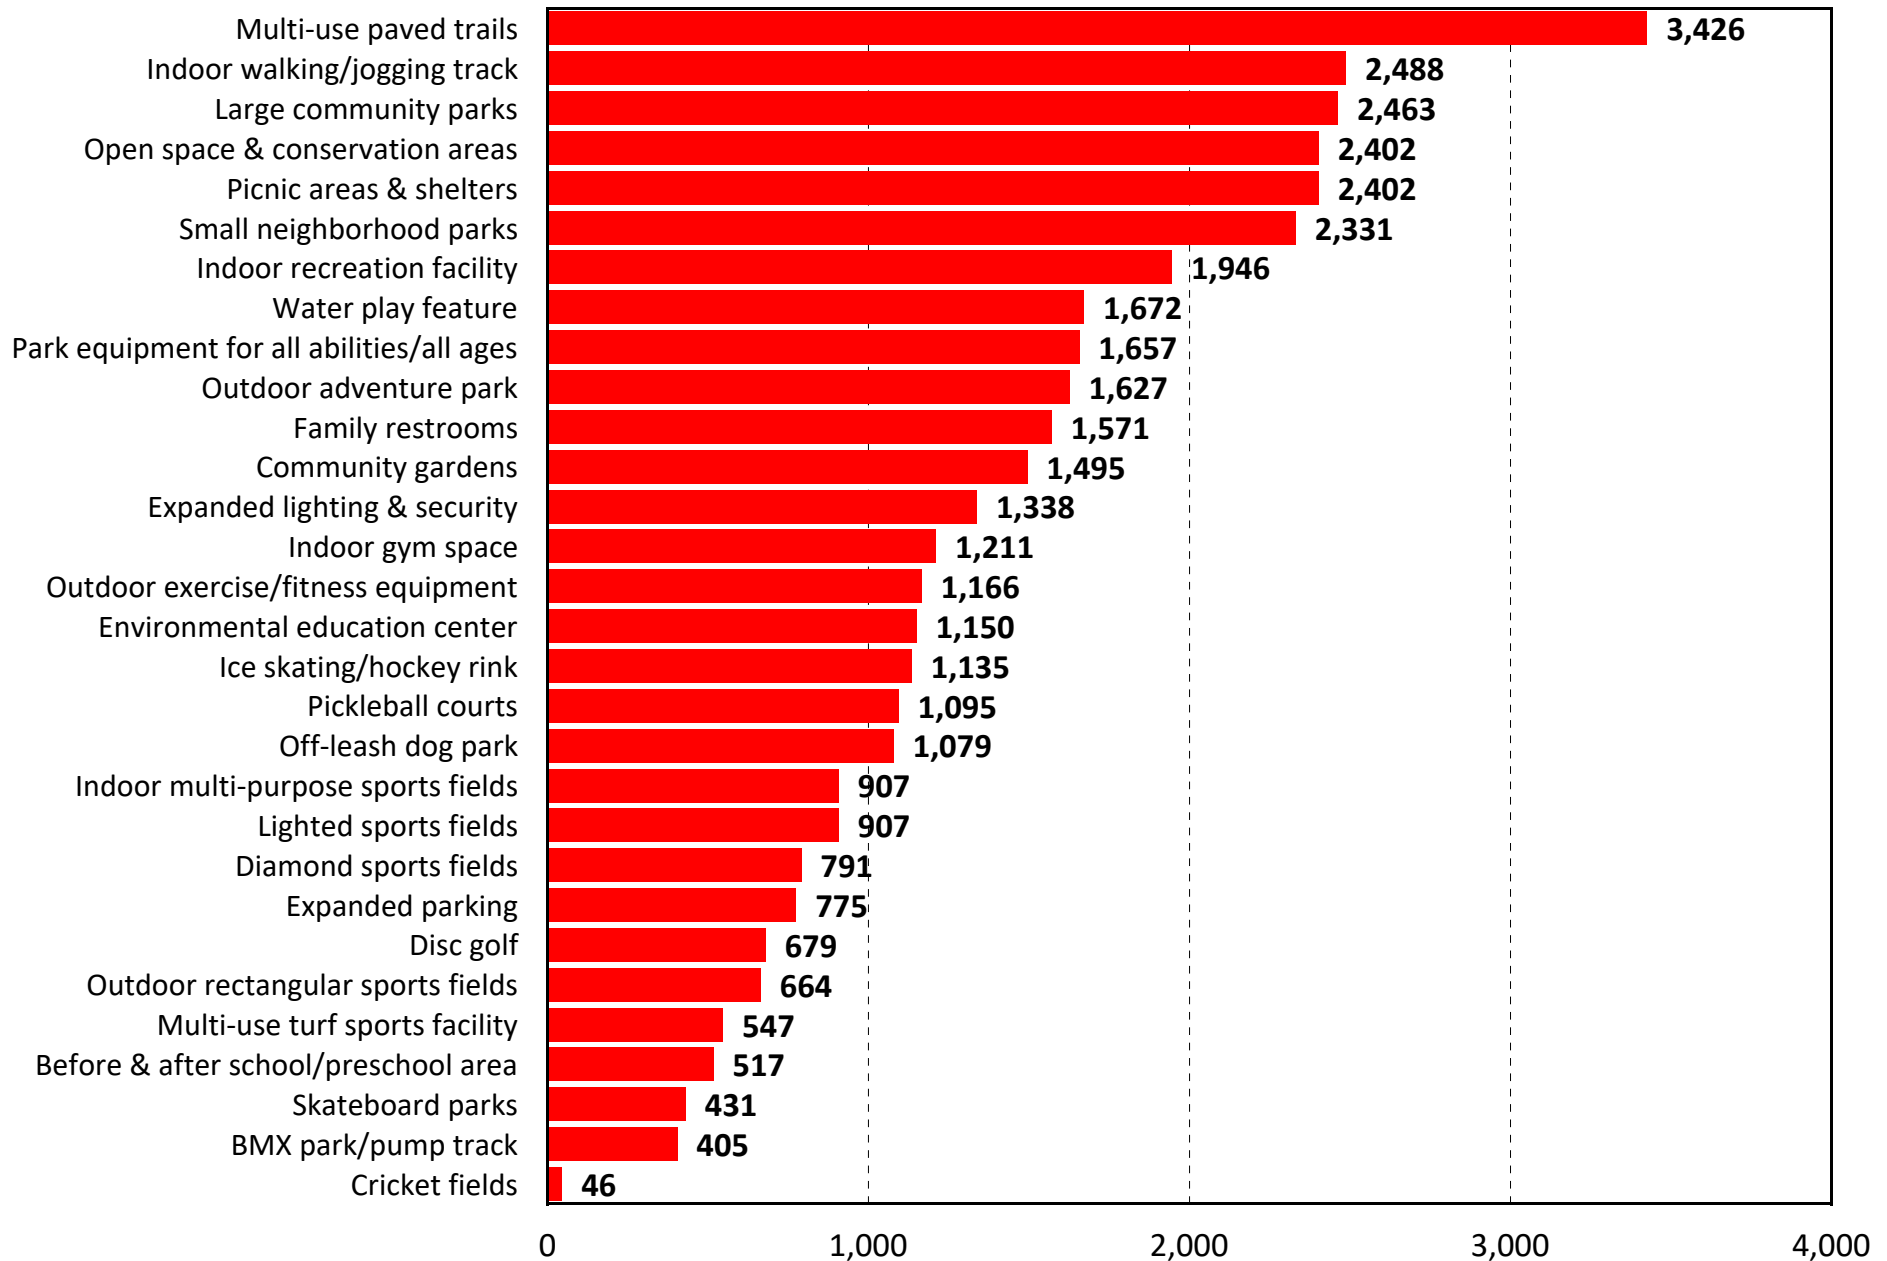

Q9. Respondents With Need for Facilities/ Amenities

by percentage of respondents

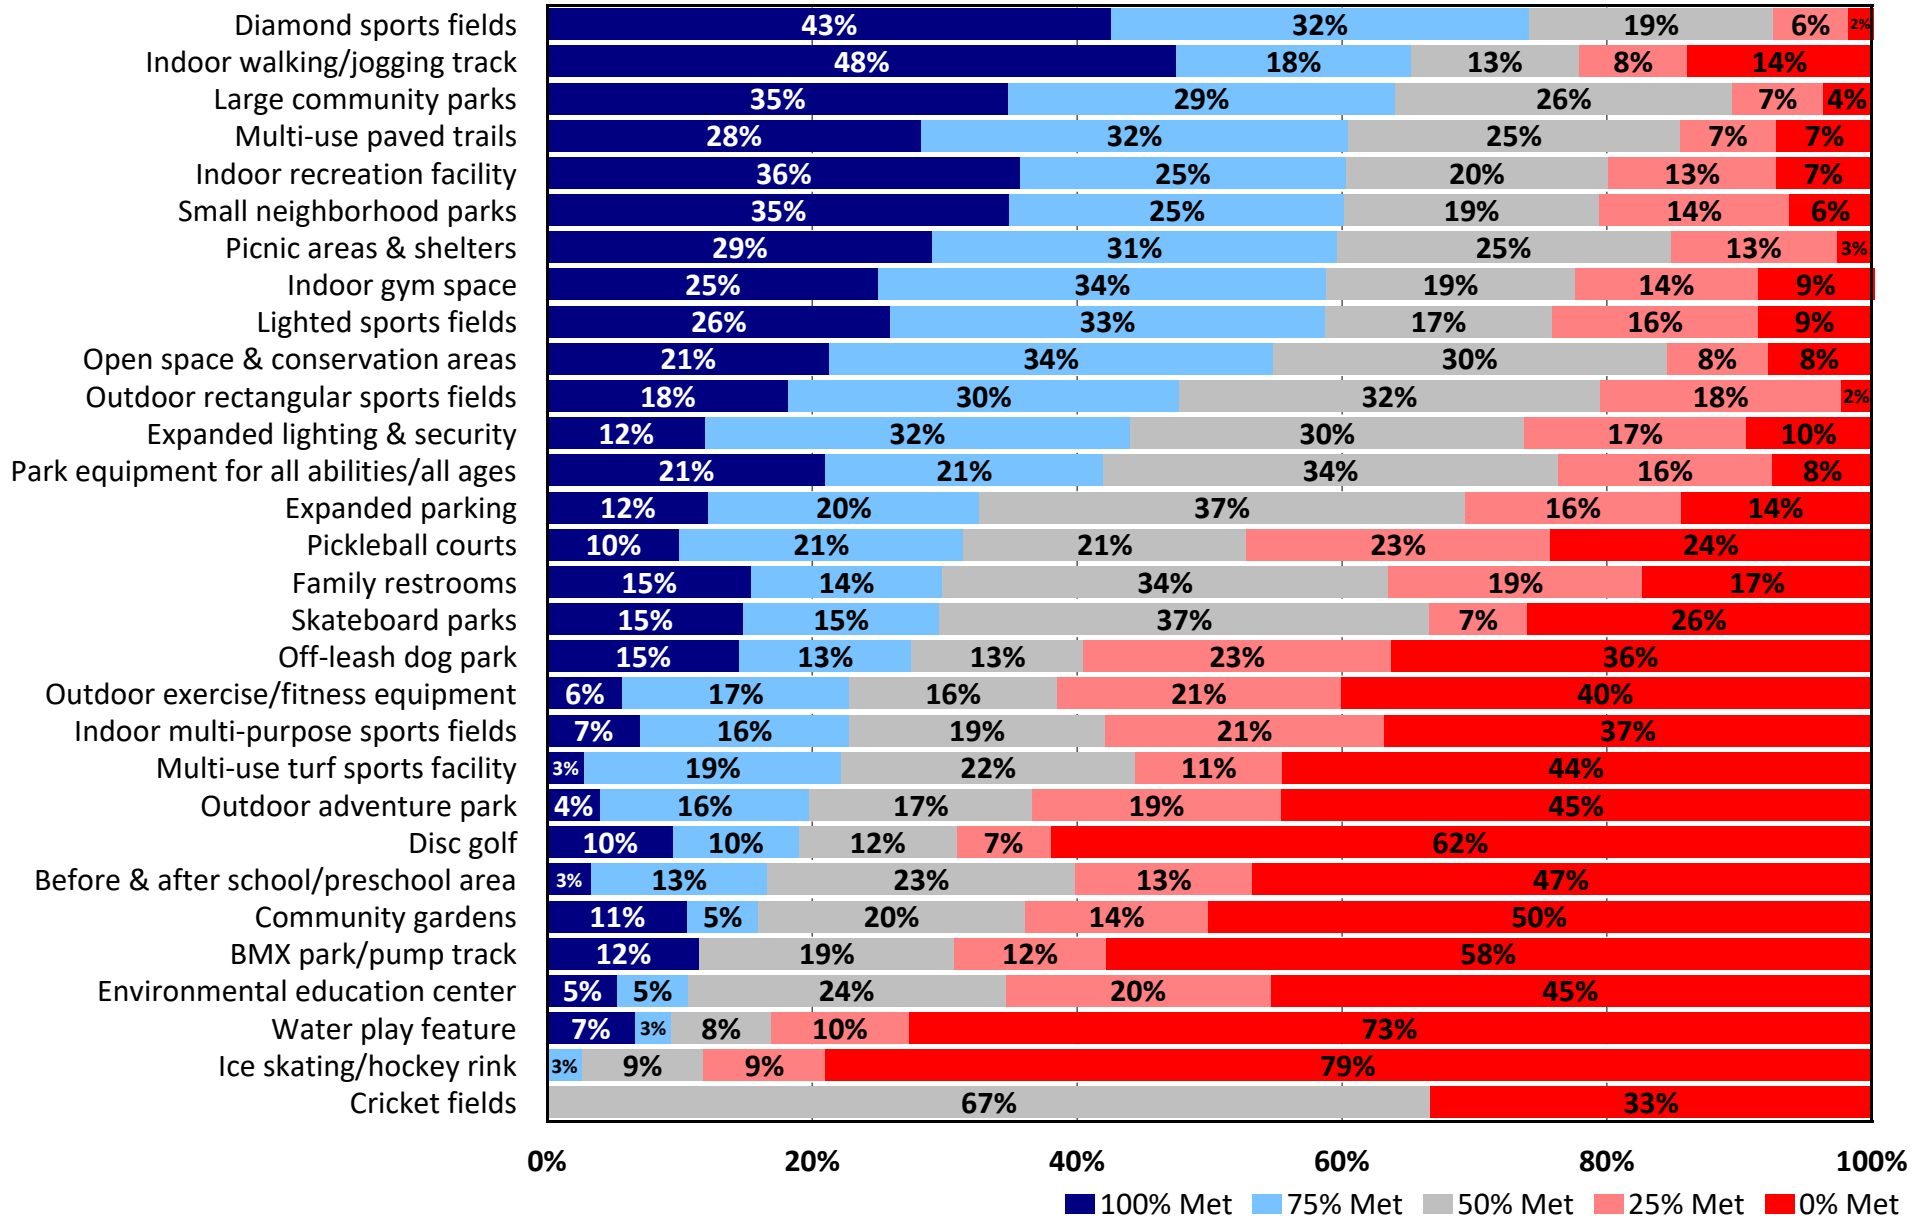

Q9b. Estimated Number of Households With Need For Facilities/Amenities

by number of households based on an estimated 5,068 households in the Warrenville Park District

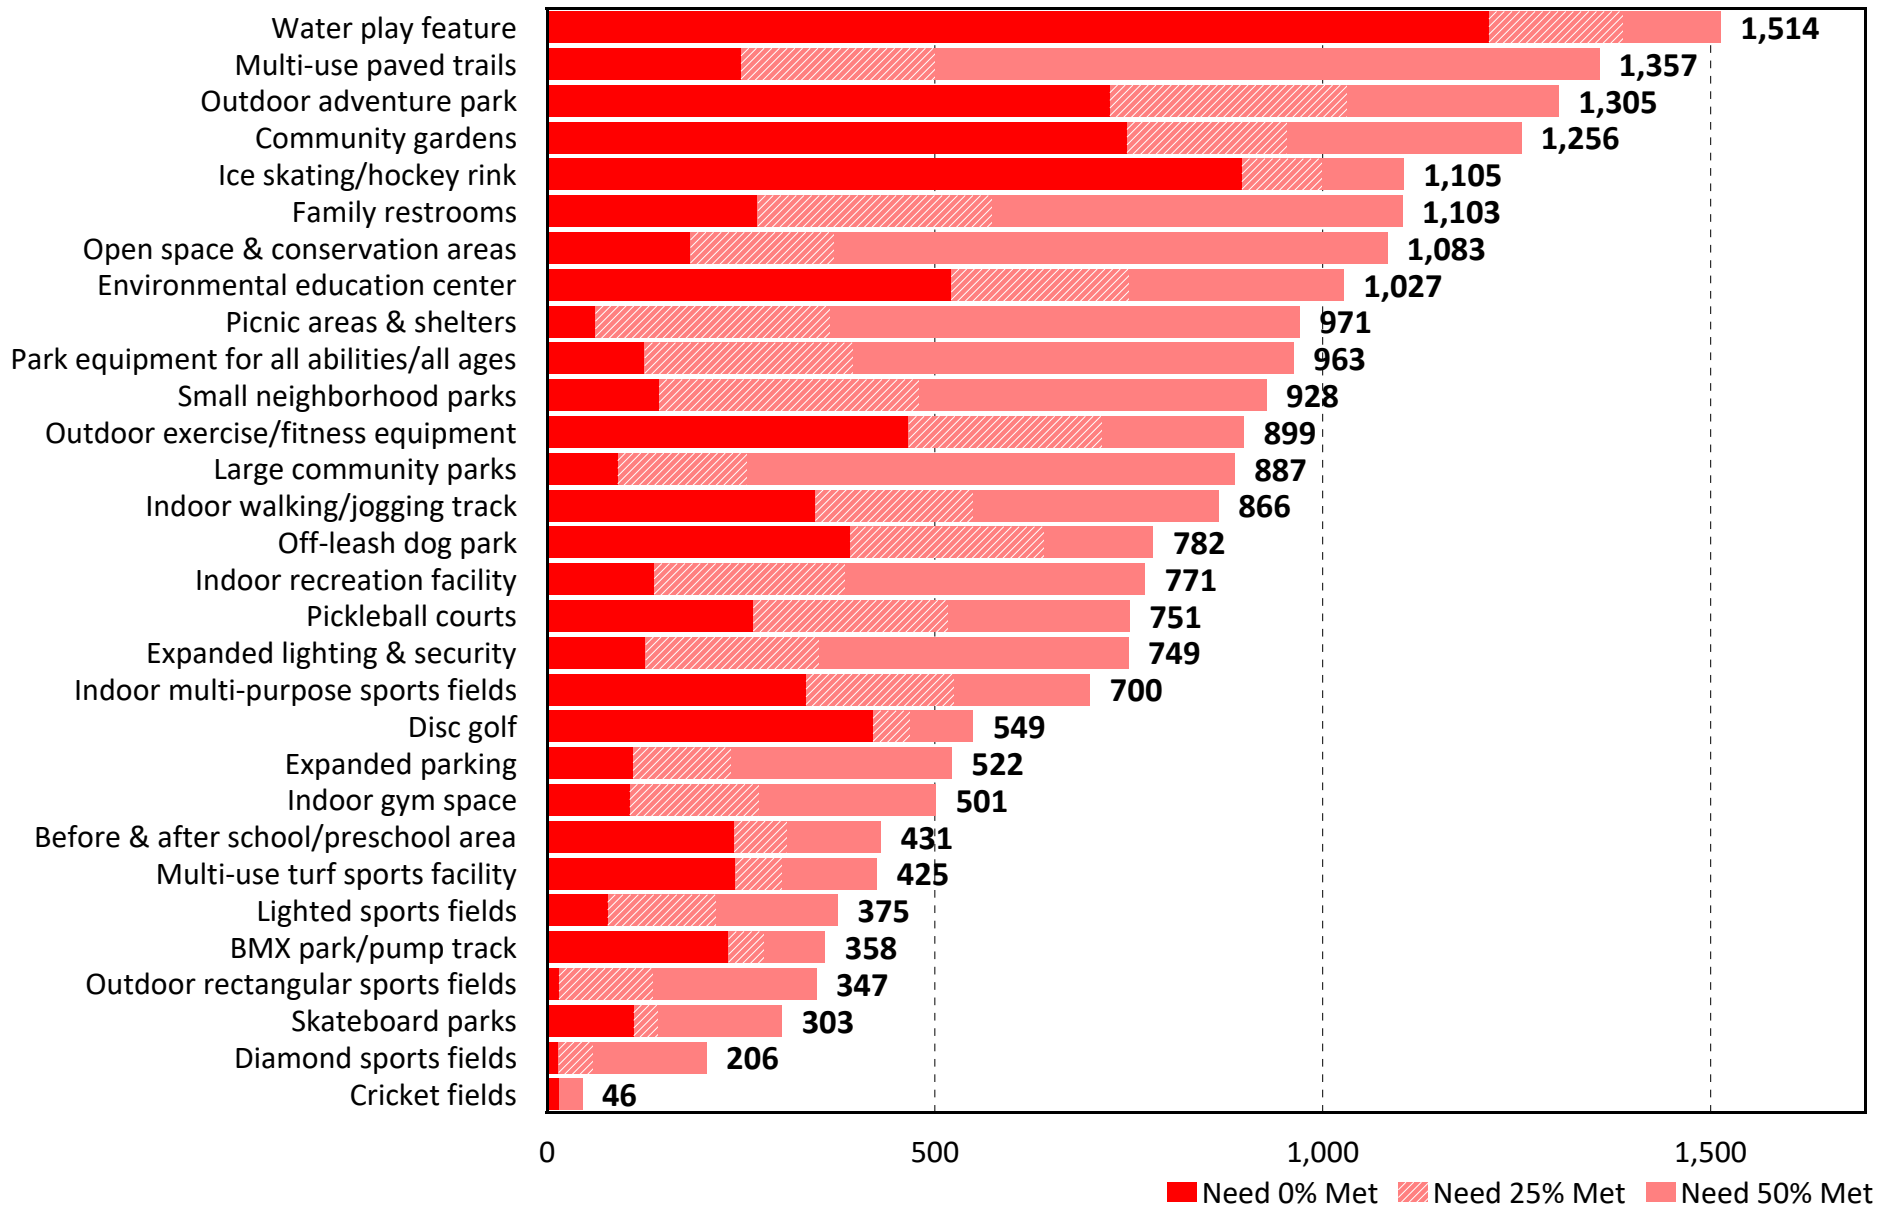

Q9c. How Well Households' Needs For Parks and Recreation Facilities and Amenities Are Being Met

by percentage of respondents who indicated their household had a need for the amenity or facility

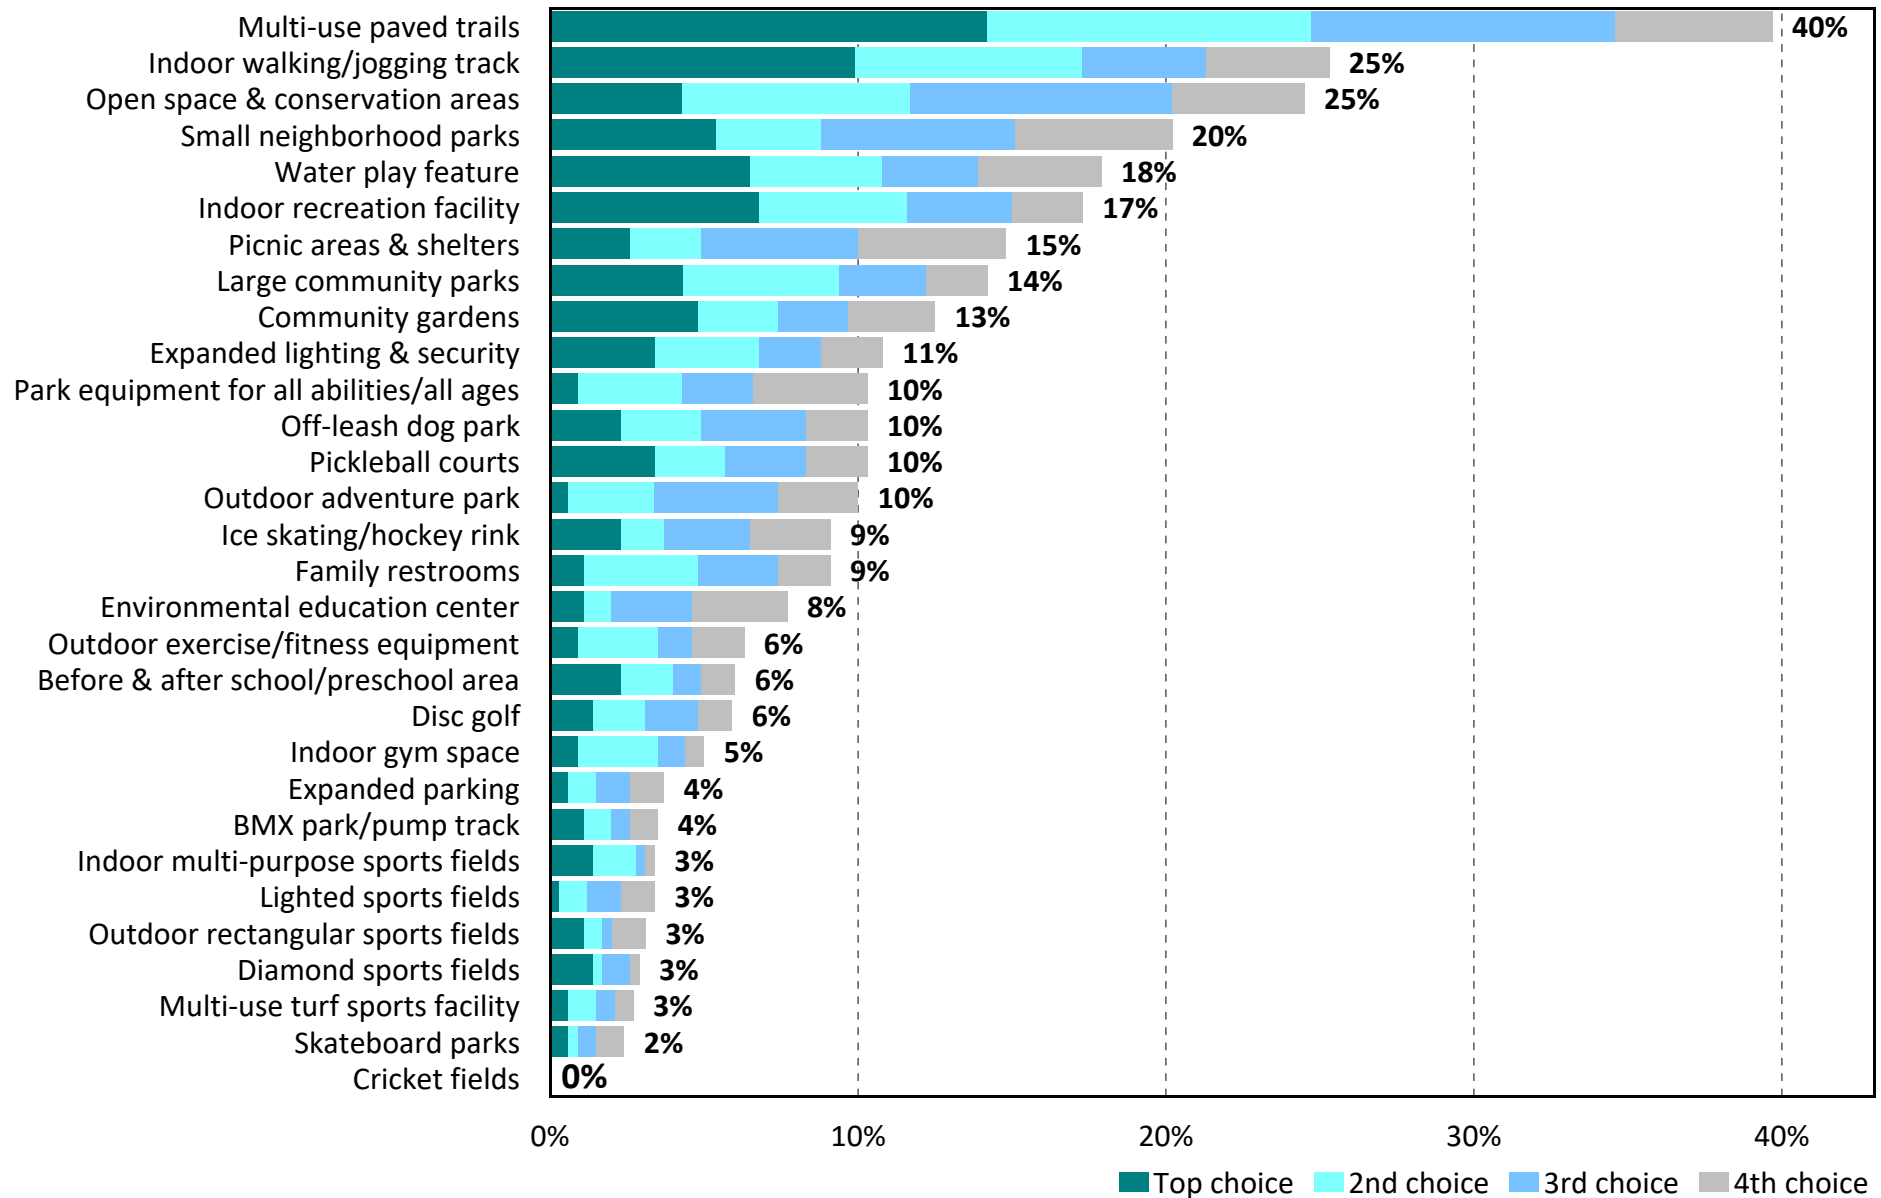

Q9d. Estimated Number of Households in Warrenville Whose Needs for Parks and Recreation Facilities and Amenities are 50% Met or Less

by number of households with need based on an estimated 5,068 households in the Warrenville Park District

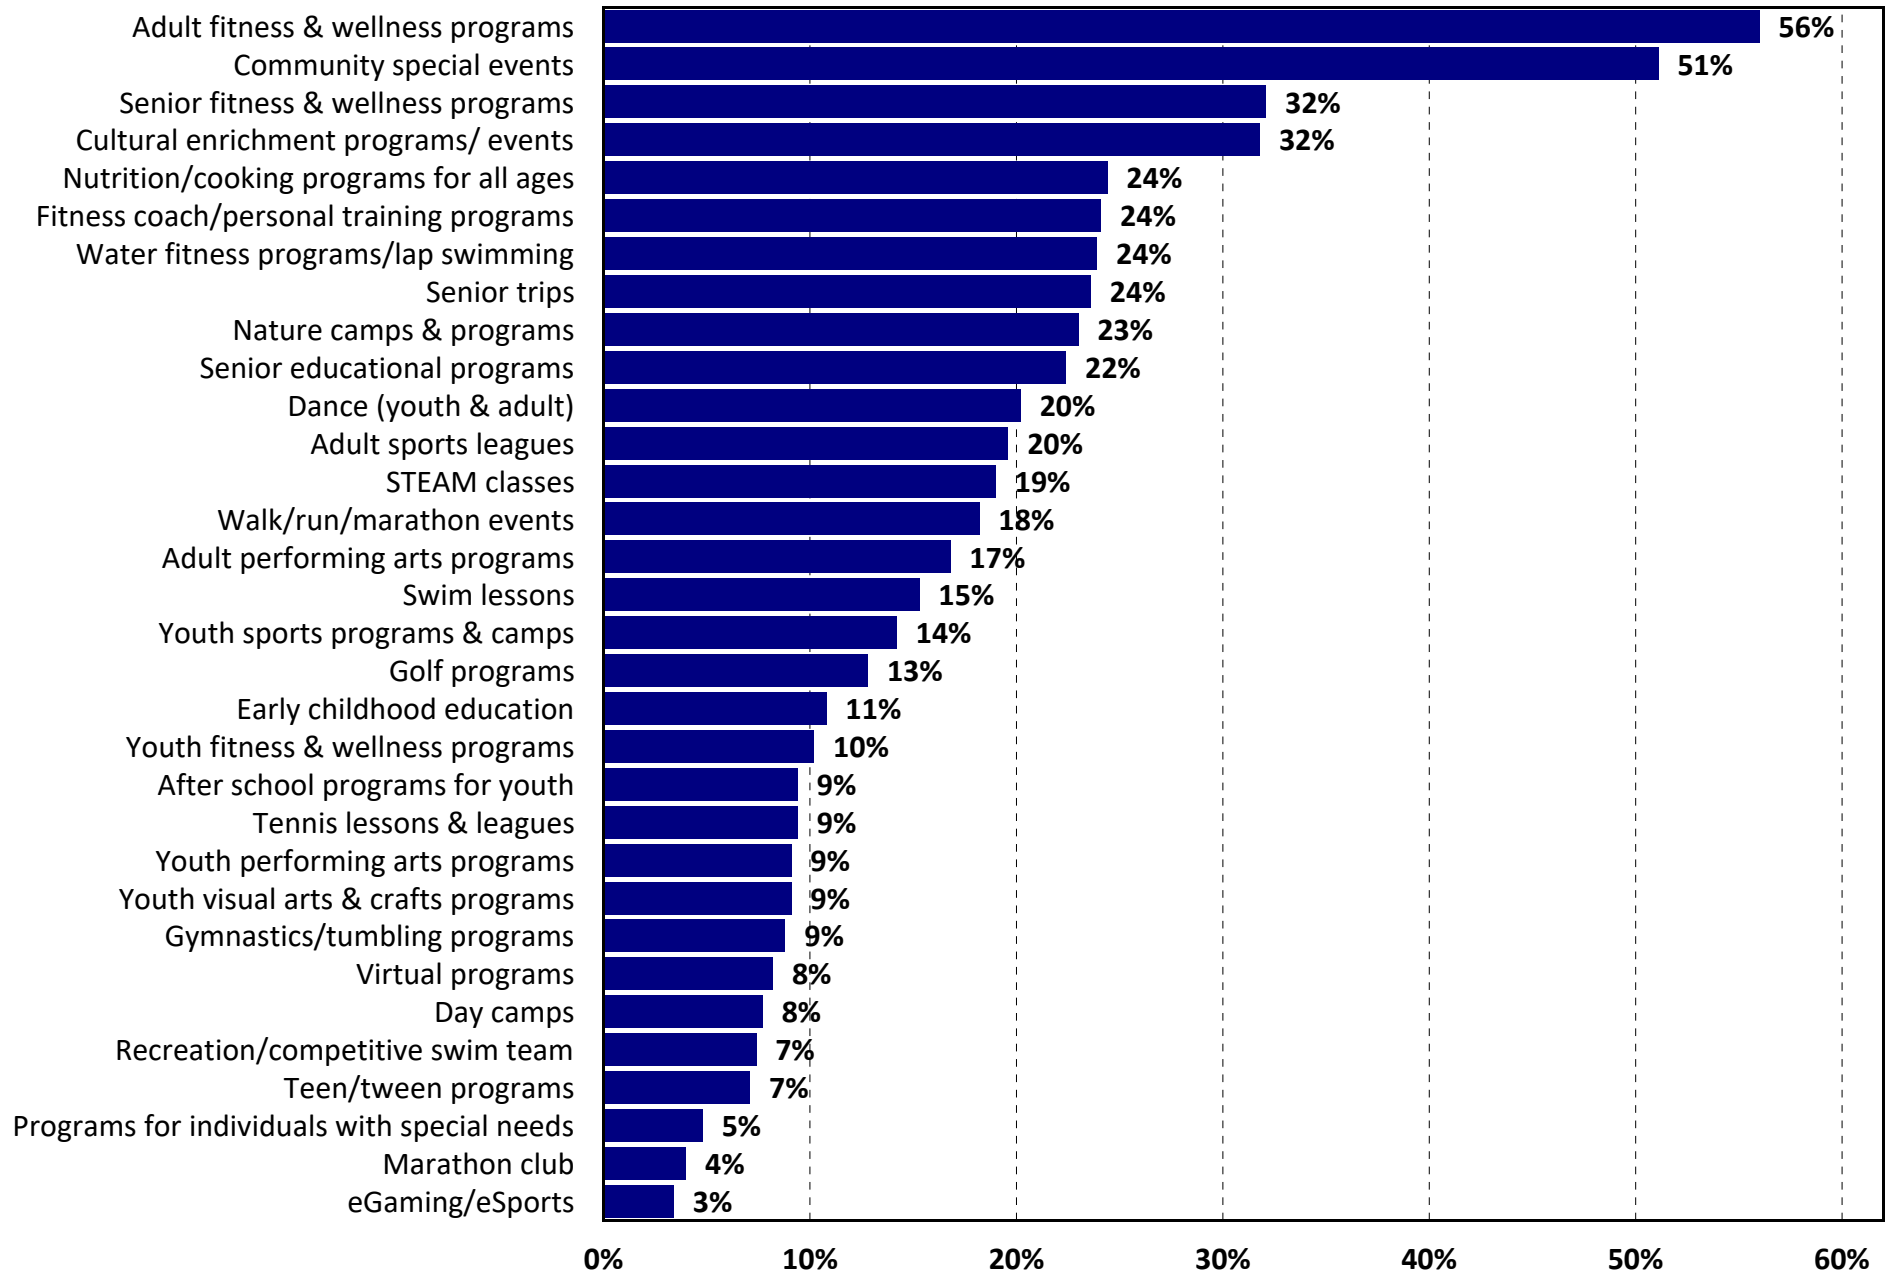

Q10. Parks and Recreation Facilities and Amenities That Are Most Important to Respondent Households

by percentage of respondents who selected the items as one of their top four choices

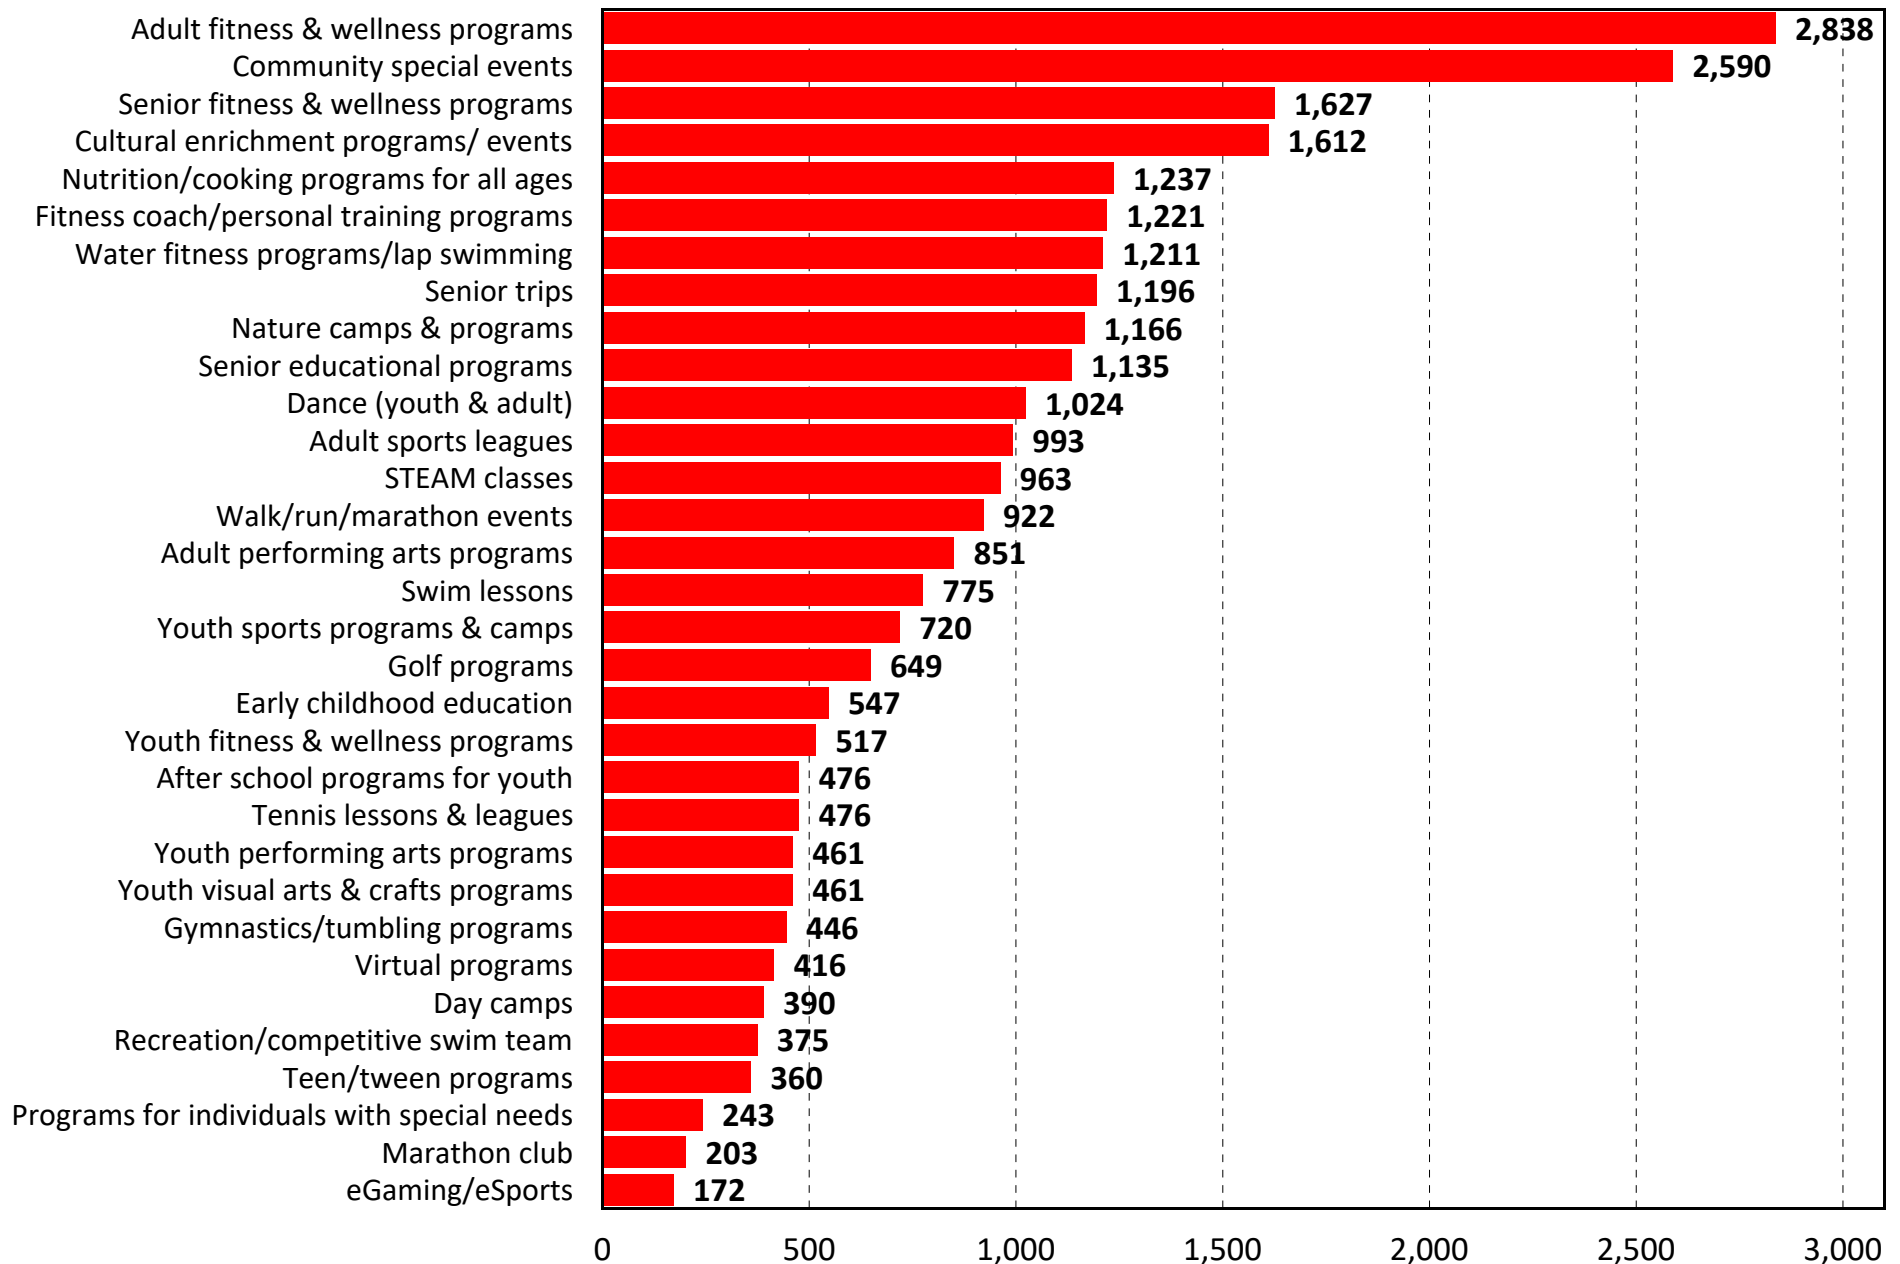

Q11. Respondents With Need for Recreation Programs

by percentage of respondents

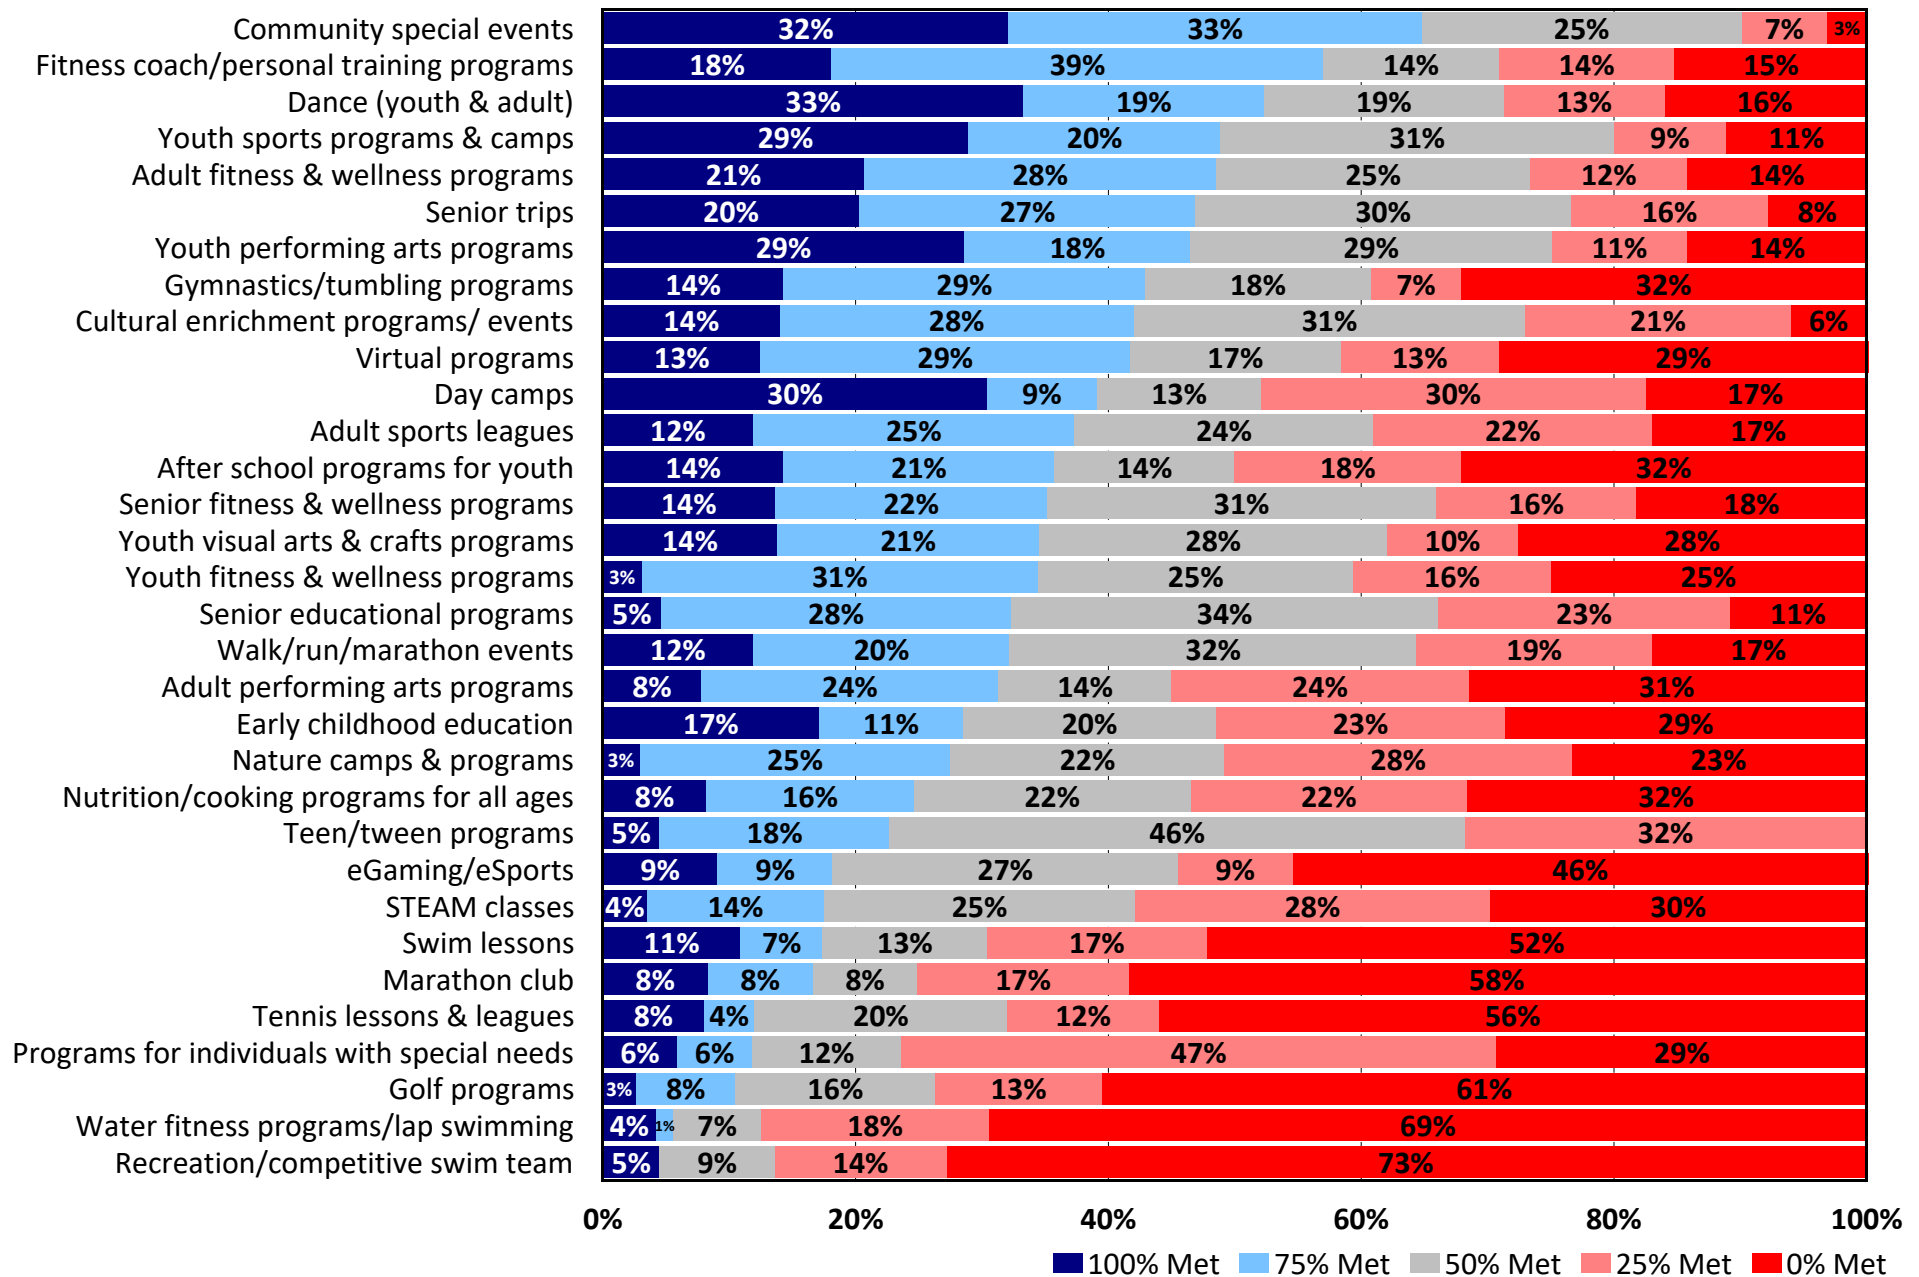

Q11b. Estimated Number of Households With Need for Programs

by number of households based on an estimated 5,068 households in the Warrenville Park District

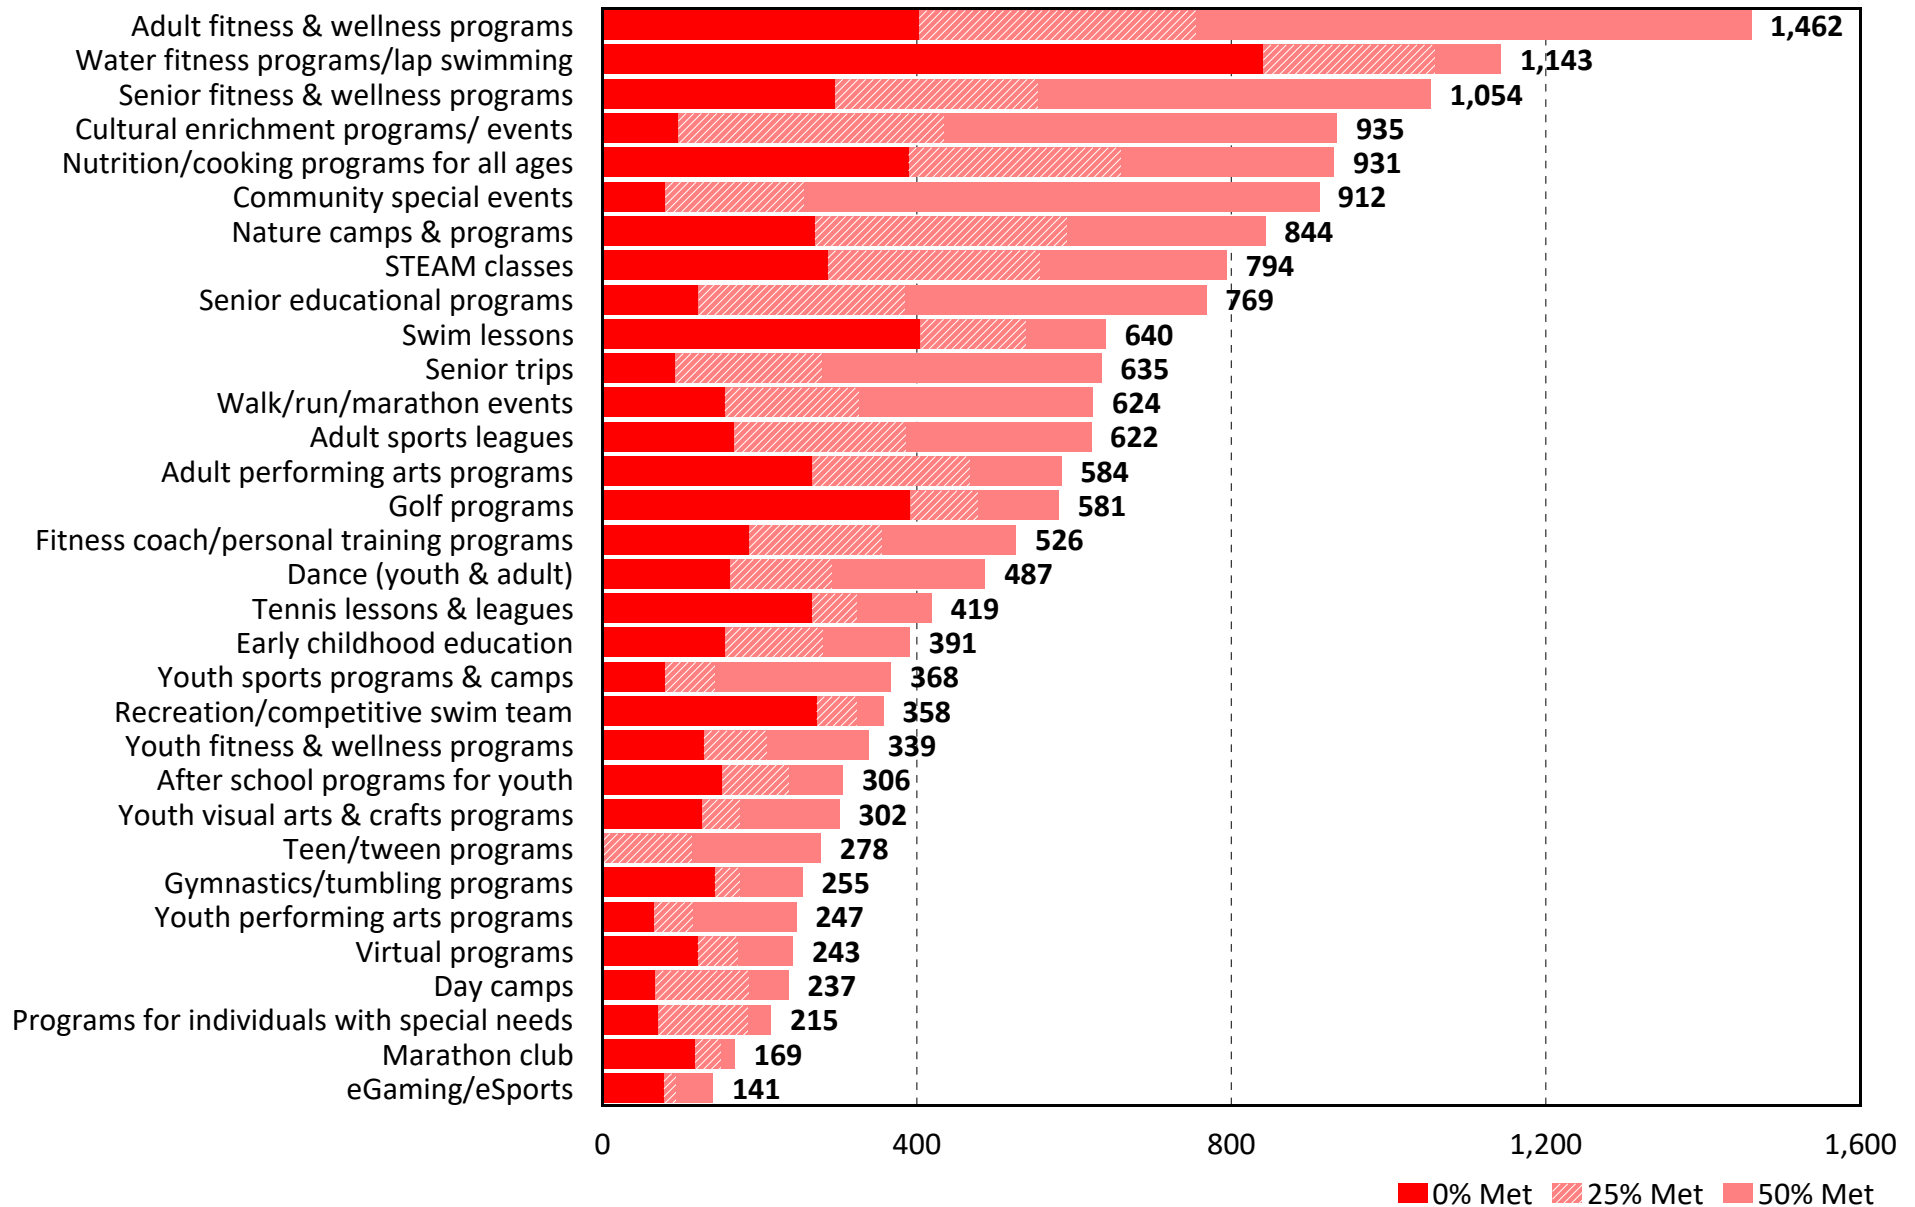

Q11c. How Well Households' Need For Programs Are Being Met

by percentage of respondents who indicated their household had a need for the program

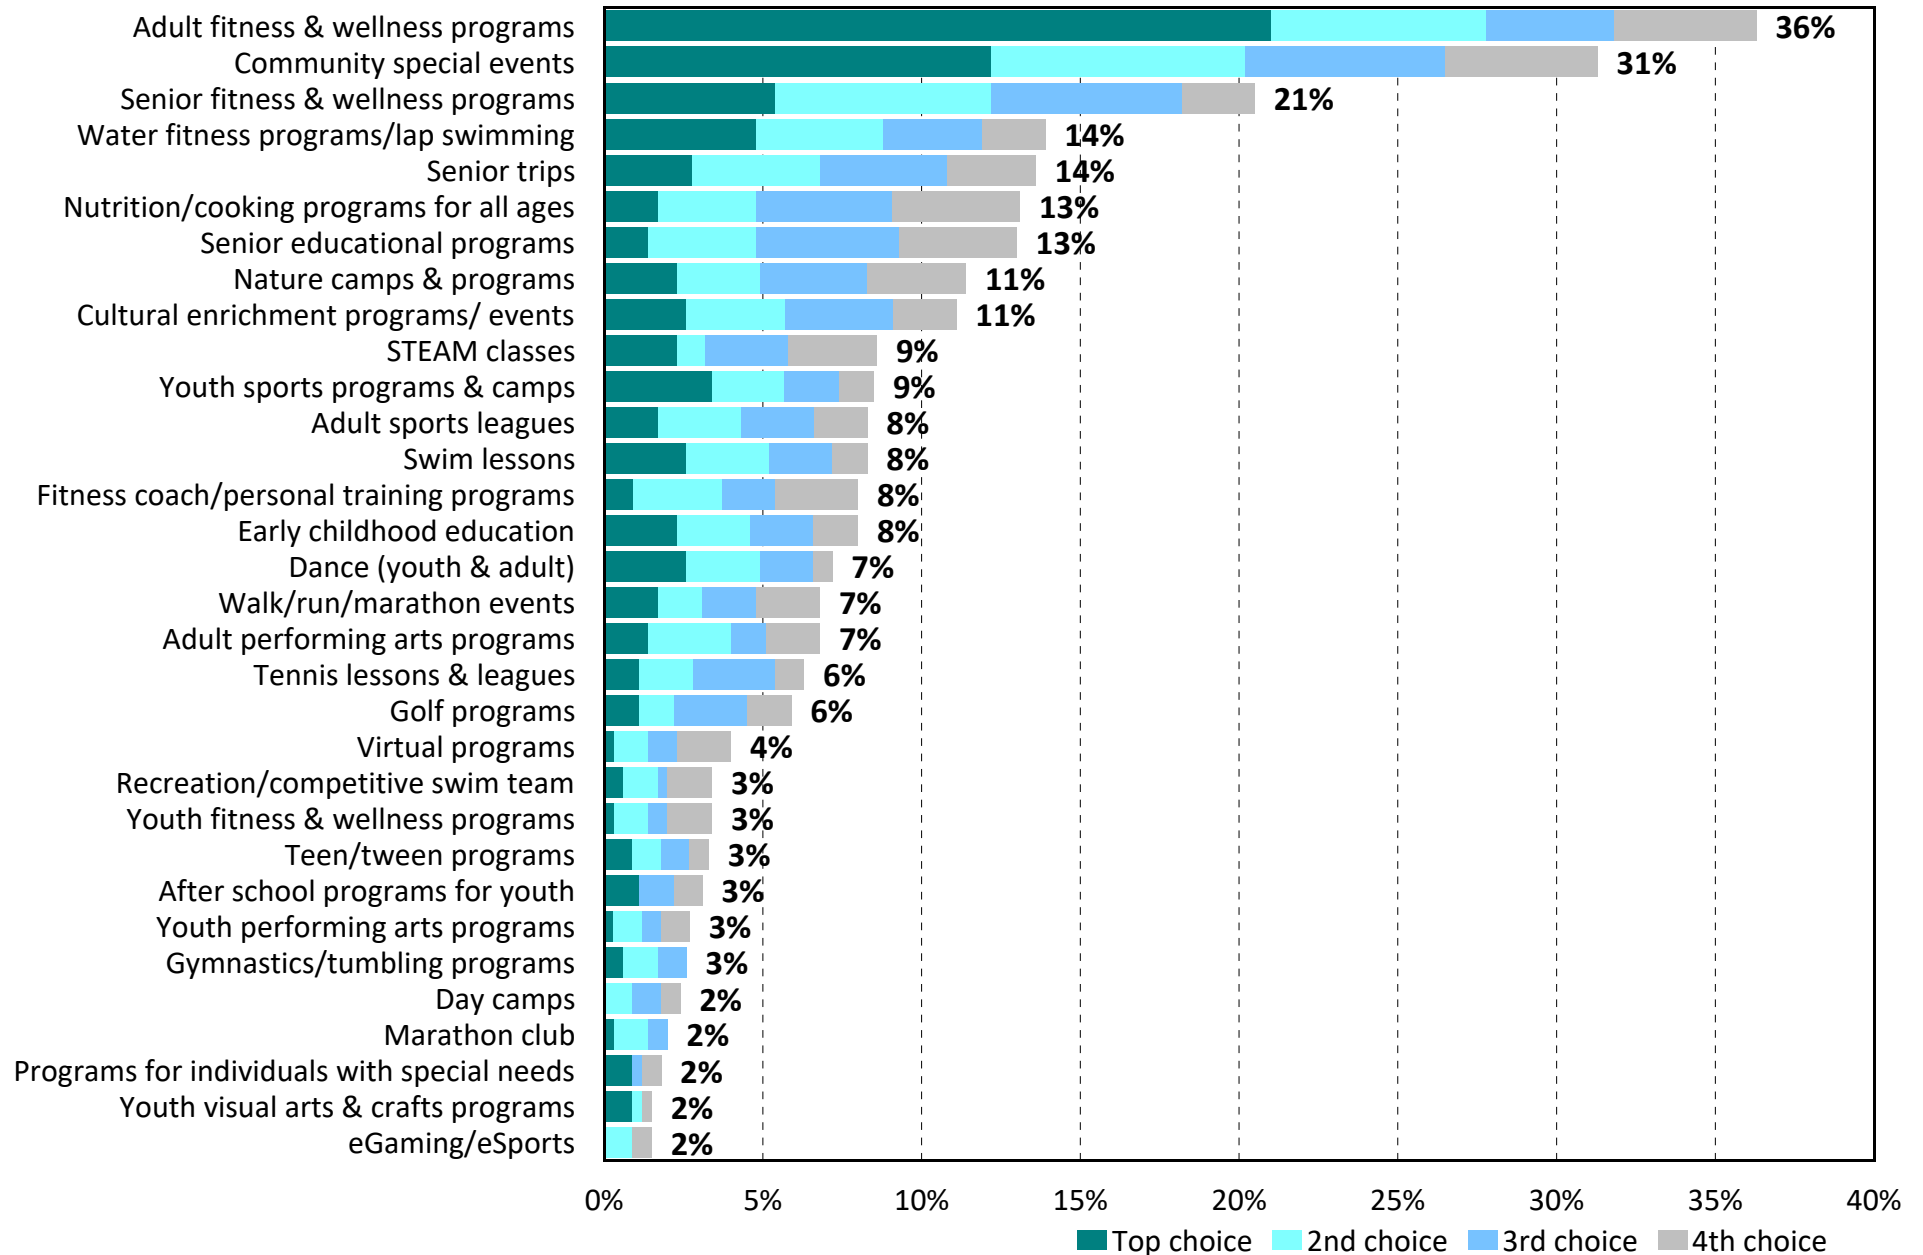

Q11d. Estimated Number of Households in Warrenville Whose Needs for Programs are 50% Met or Less

by number of households with need based on an estimated 5,068 households in the Warrenville Park District

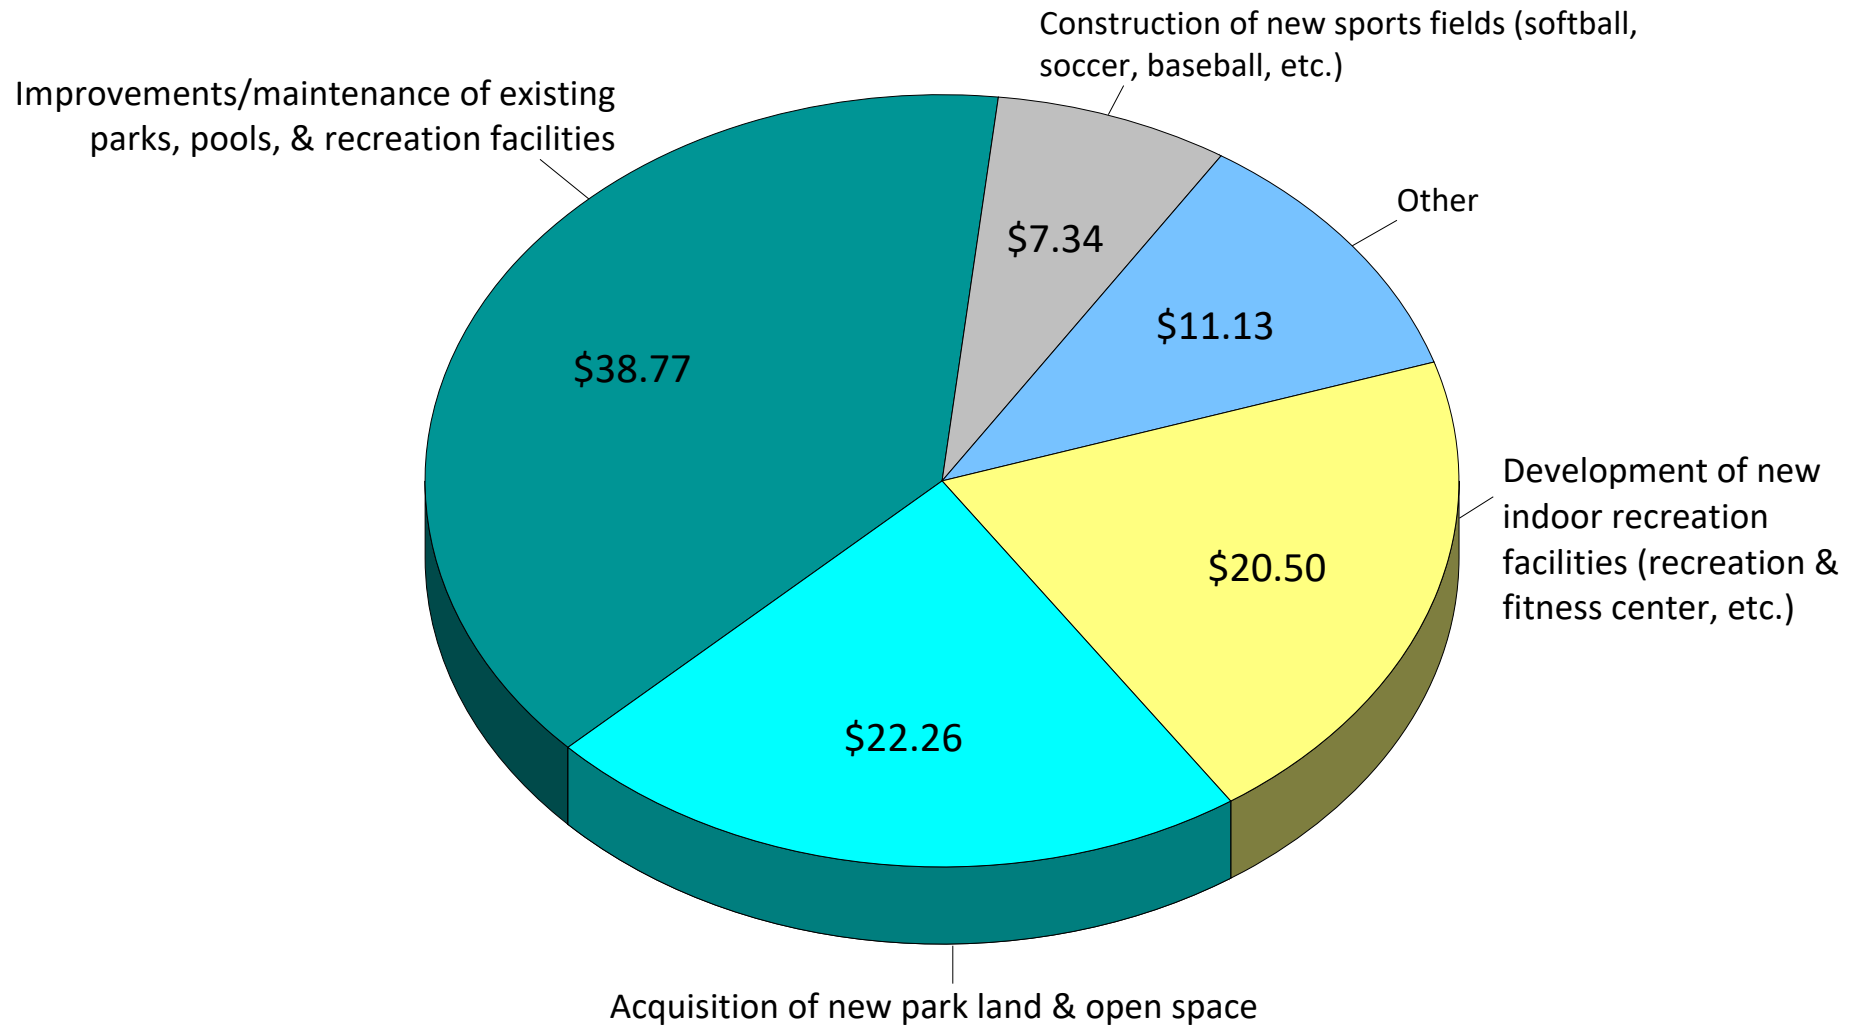

Q12. Recreation Programs That Are Most Important to Households

by percentage of respondents who selected the items as one of their top four choices

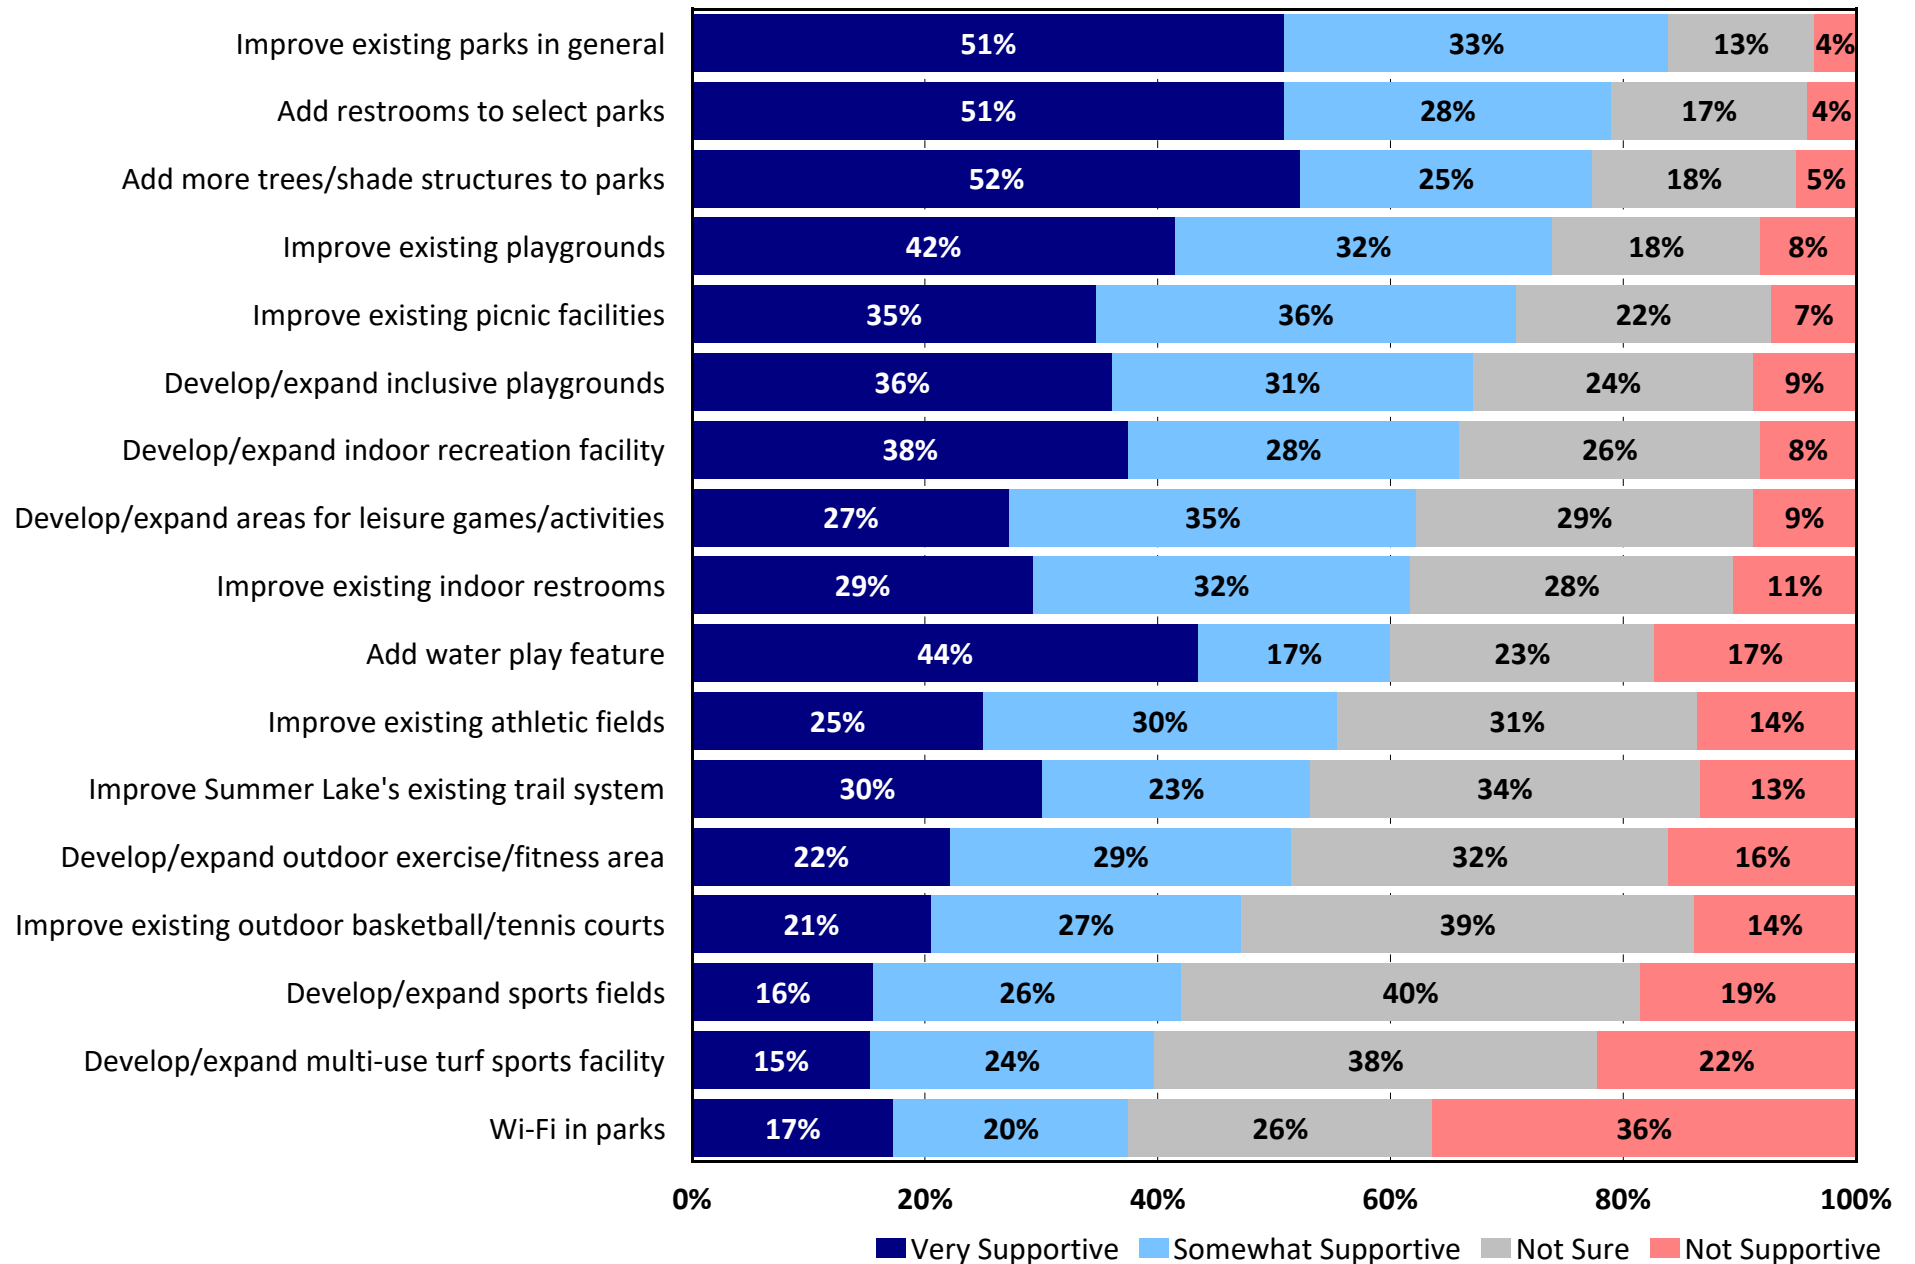

Q13. With a Budget of \$100, How Would Respondents Allocate Funds for Parks and Recreation Improvements

by average allocated per item

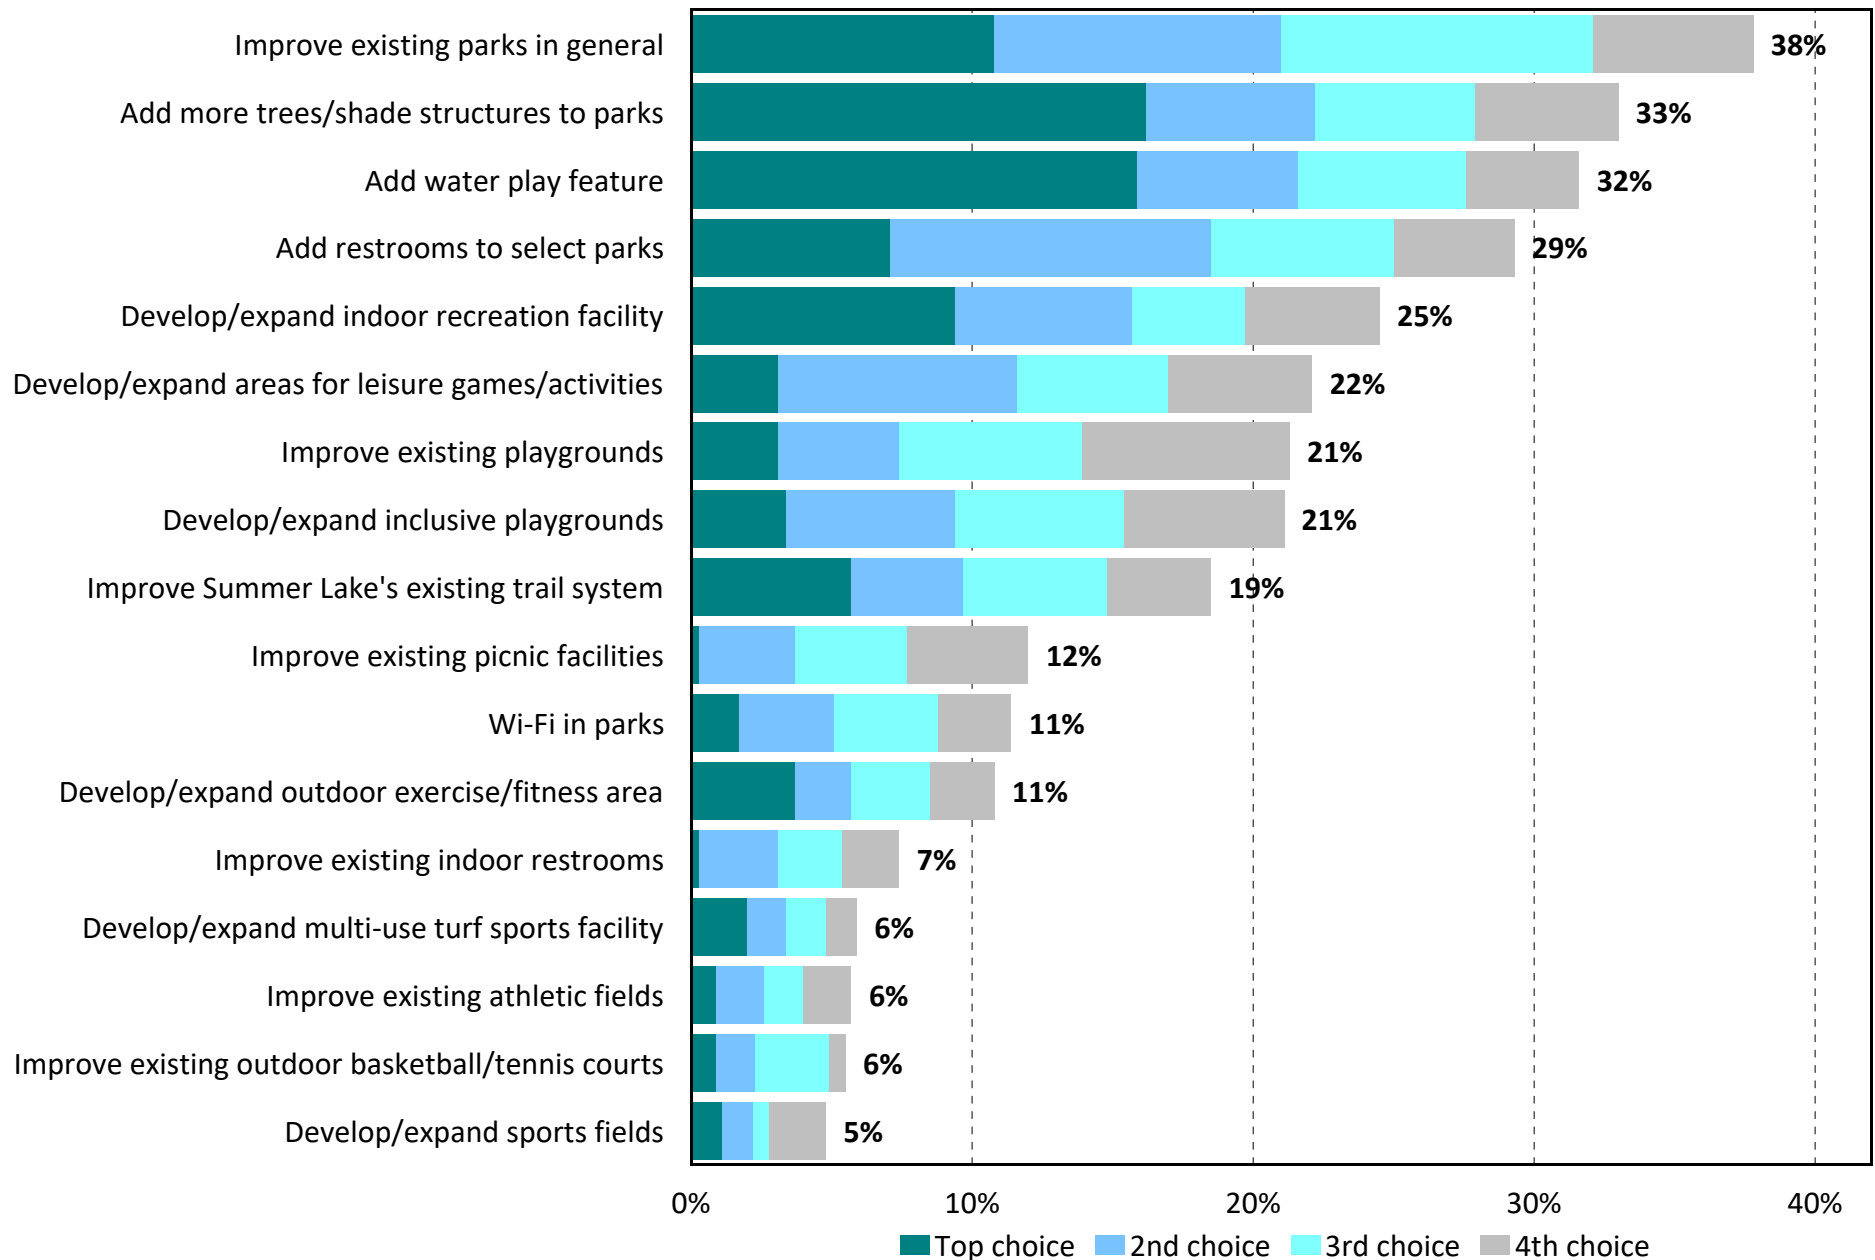

Q14. Level of Support for Improvement Actions

by percentage of respondents

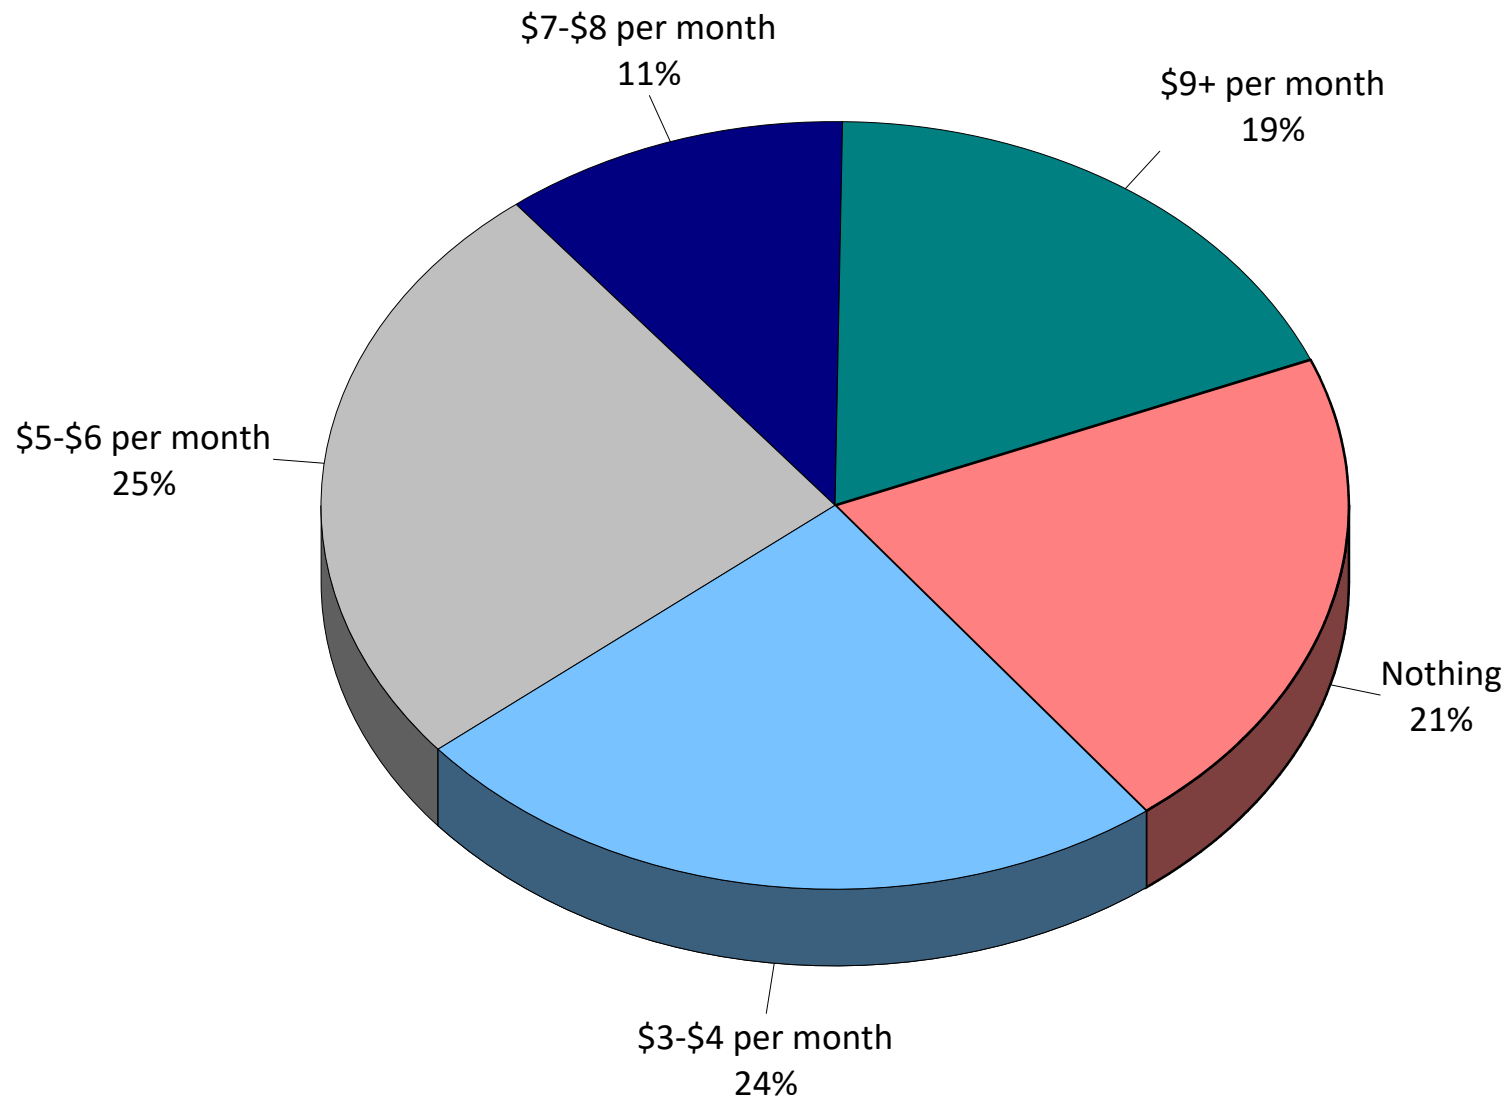

Q15. Improvement Actions Respondents Would Be Most Willing to Fund

by percentage of respondents who selected the items as one of their top four choices

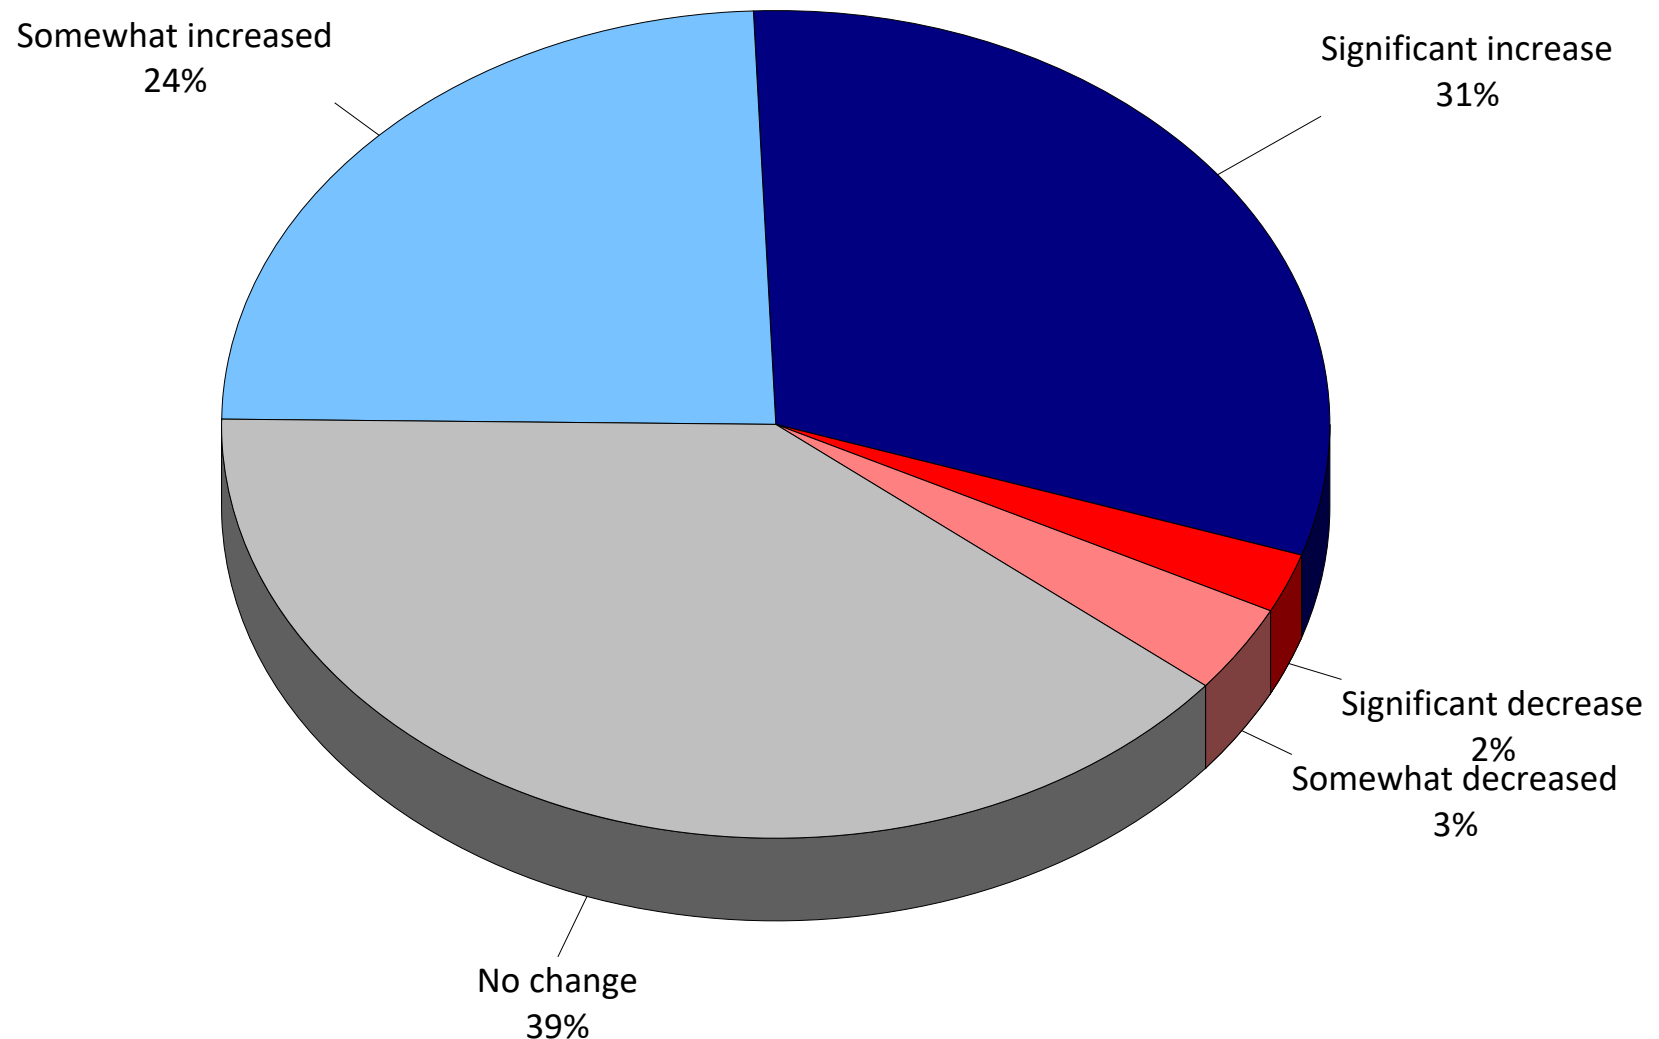

Q16. Maximum amount of additional tax revenue respondents would be willing to pay

by percentage of respondents (excluding “not provided”)

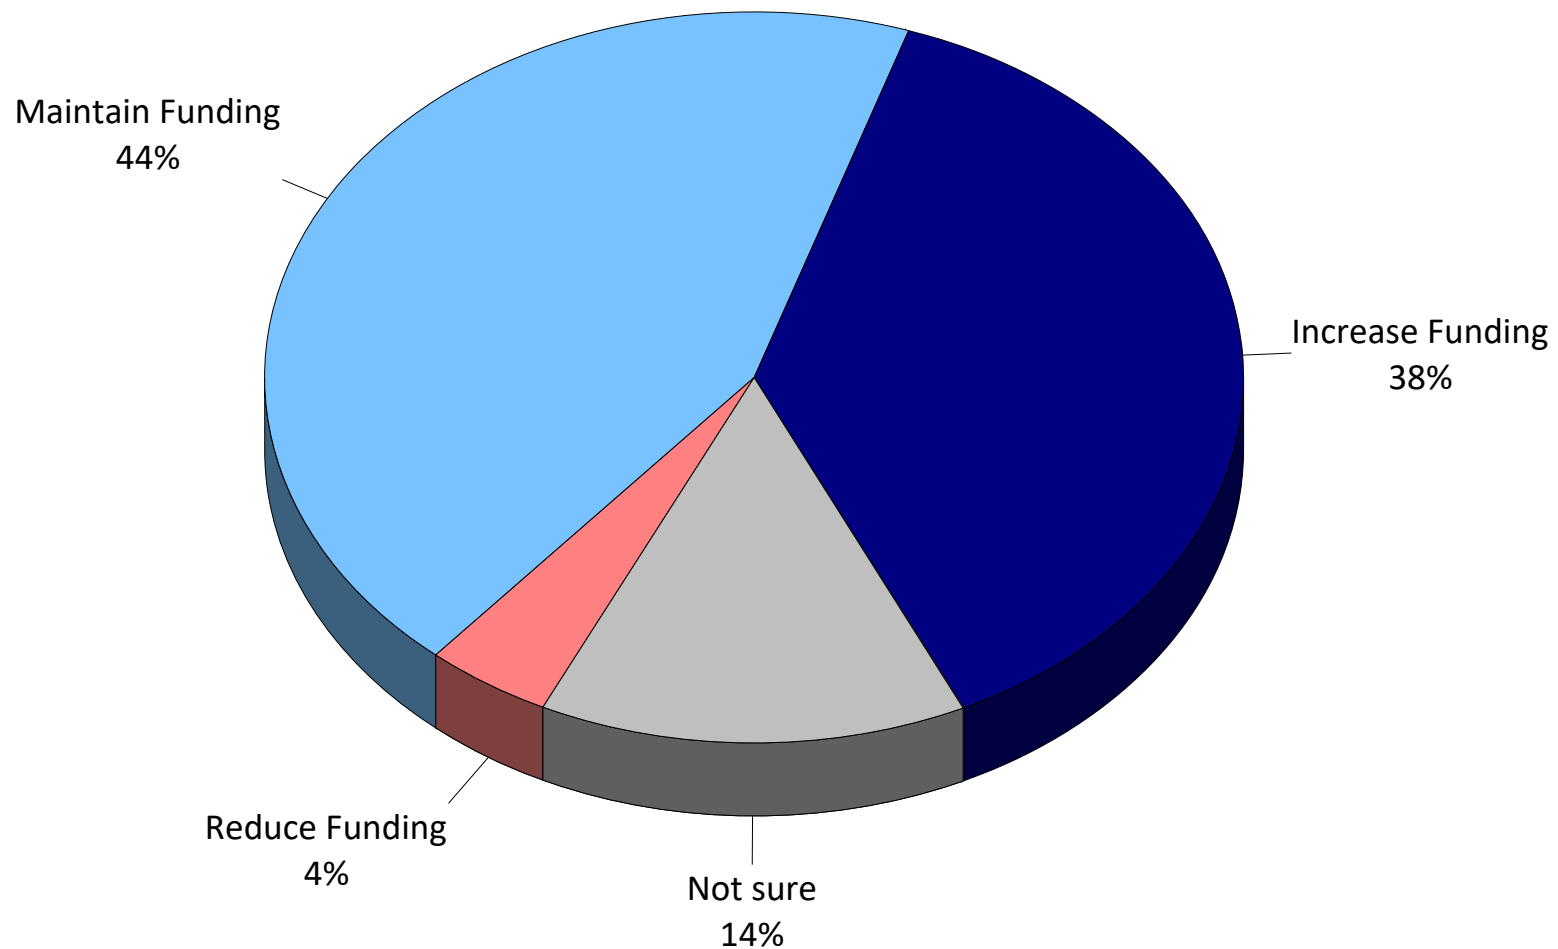

Q17. How has Your Household's Perception of the Value of Parks, Trails, Open Spaces, and Recreation Changed Given the COVID-19 Pandemic?

by percentage of respondents (excluding "not provided")

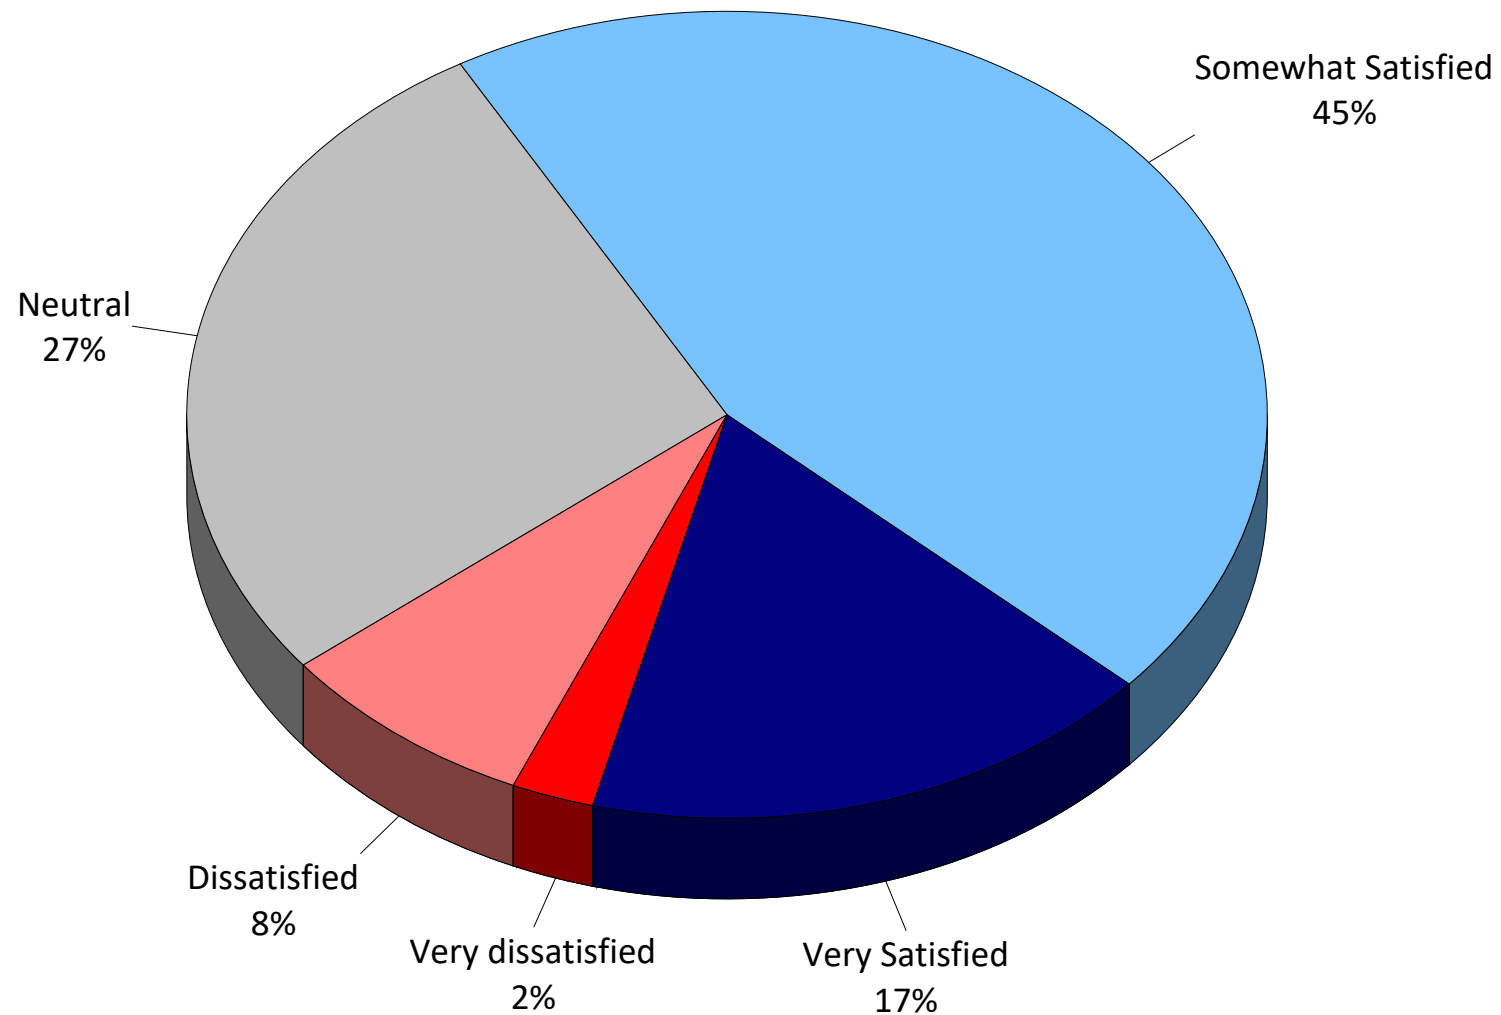

Q18. Based on Your Perception of Value, How Would You Want Warrenville Park District to Fund Future Parks, Recreation, Trails, and Open Space Needs?

by percentage of respondents (excluding “not provided”)

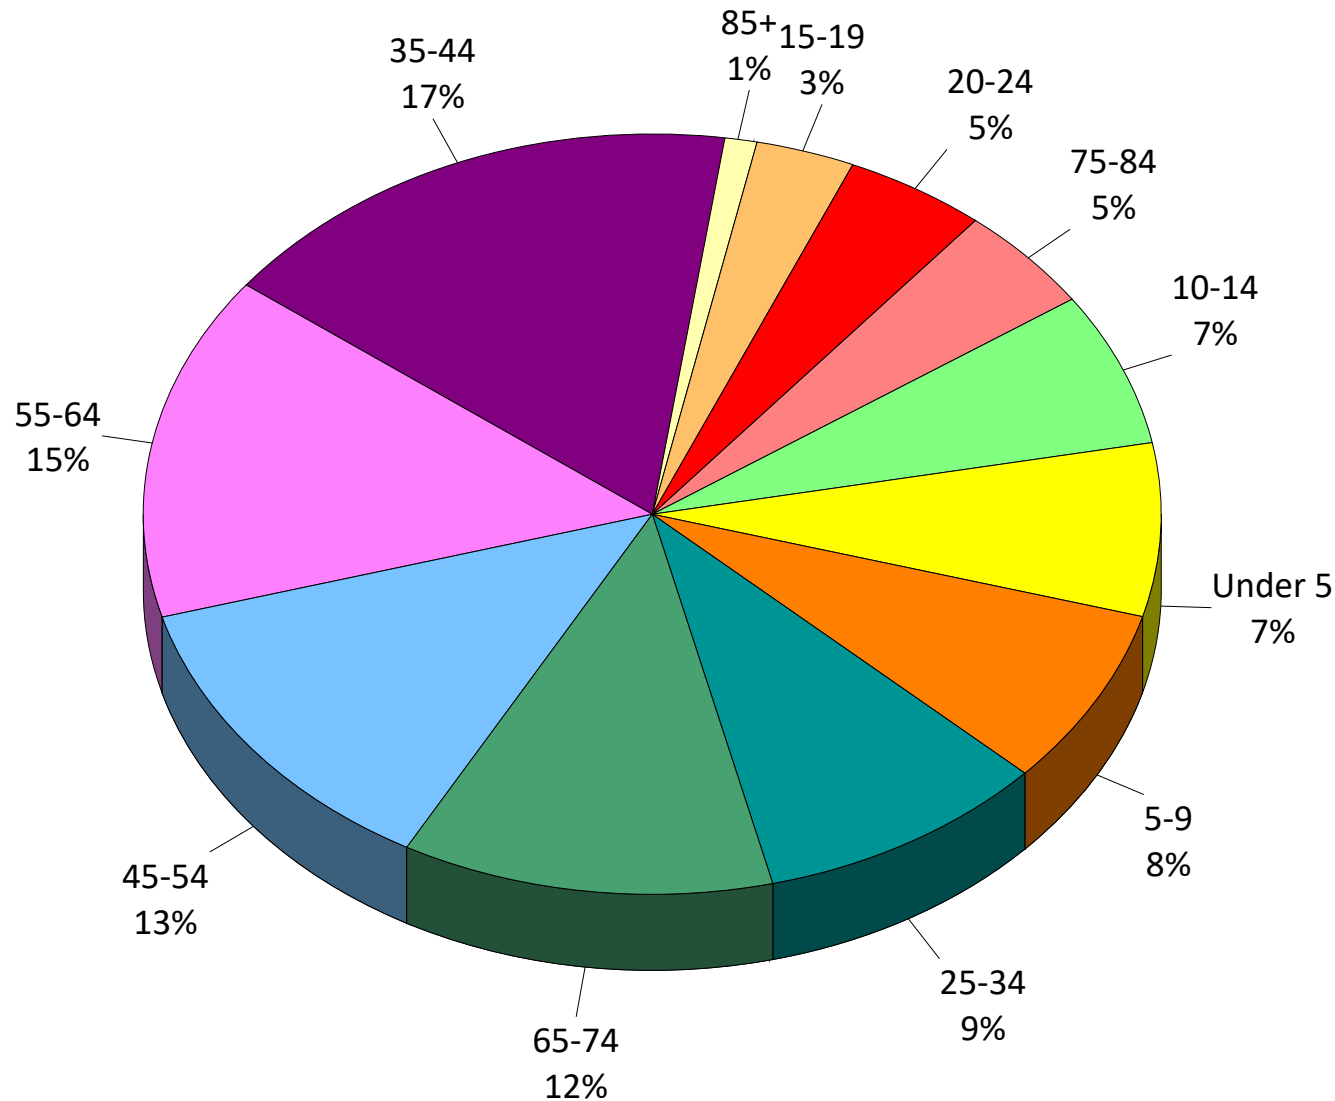

Q19. Level of Satisfaction With Overall Value From Warrenville Park District

by percentage of respondents (excluding "don't know")

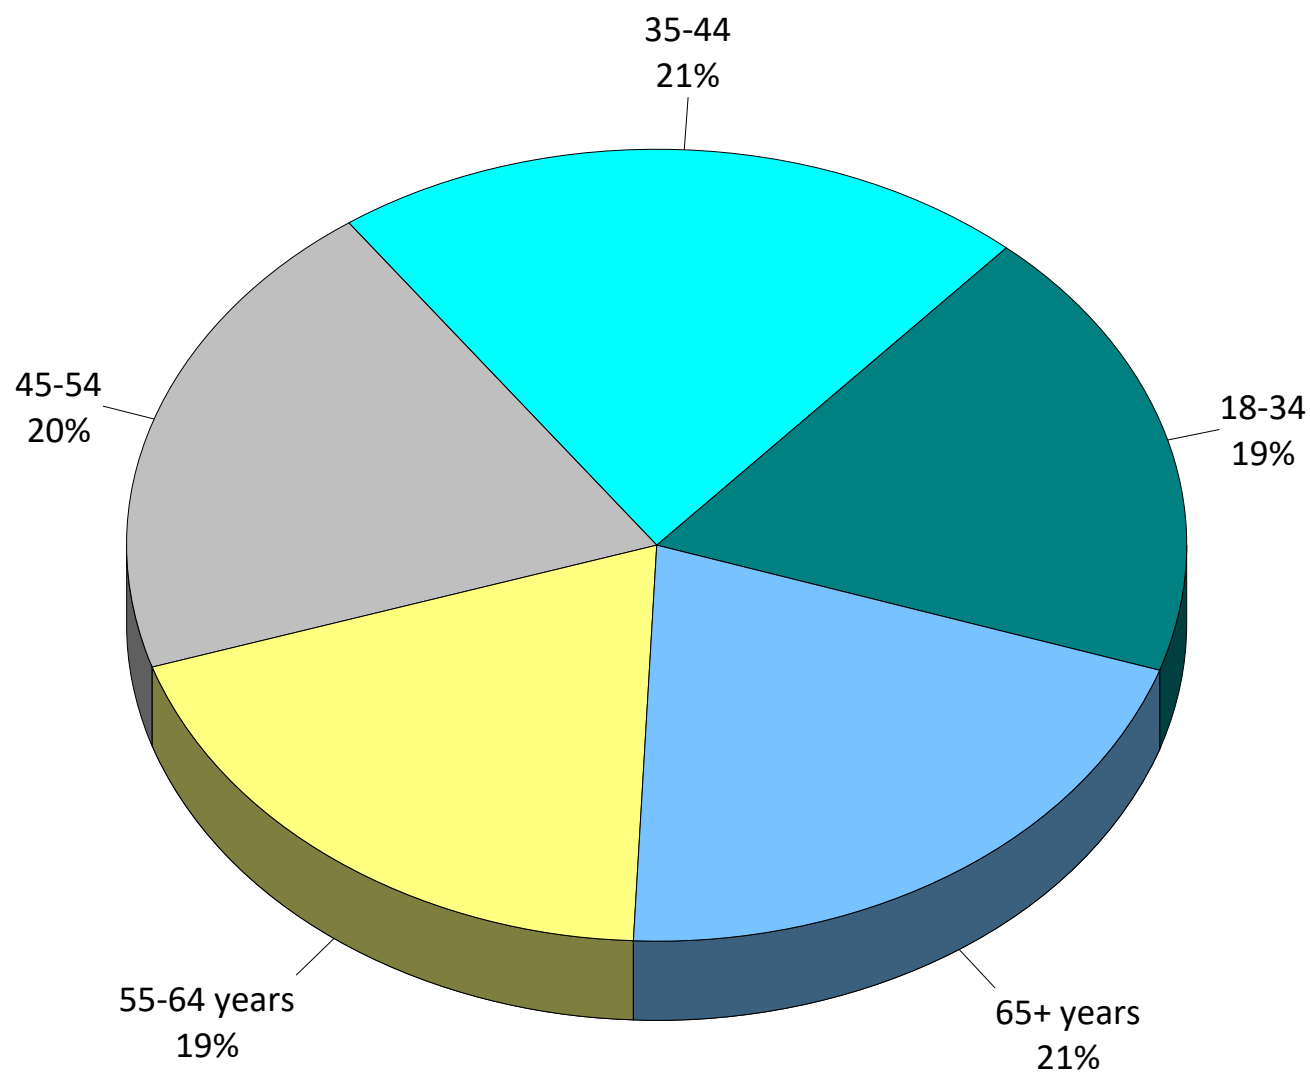

Q20. Counting yourself, how many people in your household are in the following age groups?

by percentage of persons in household

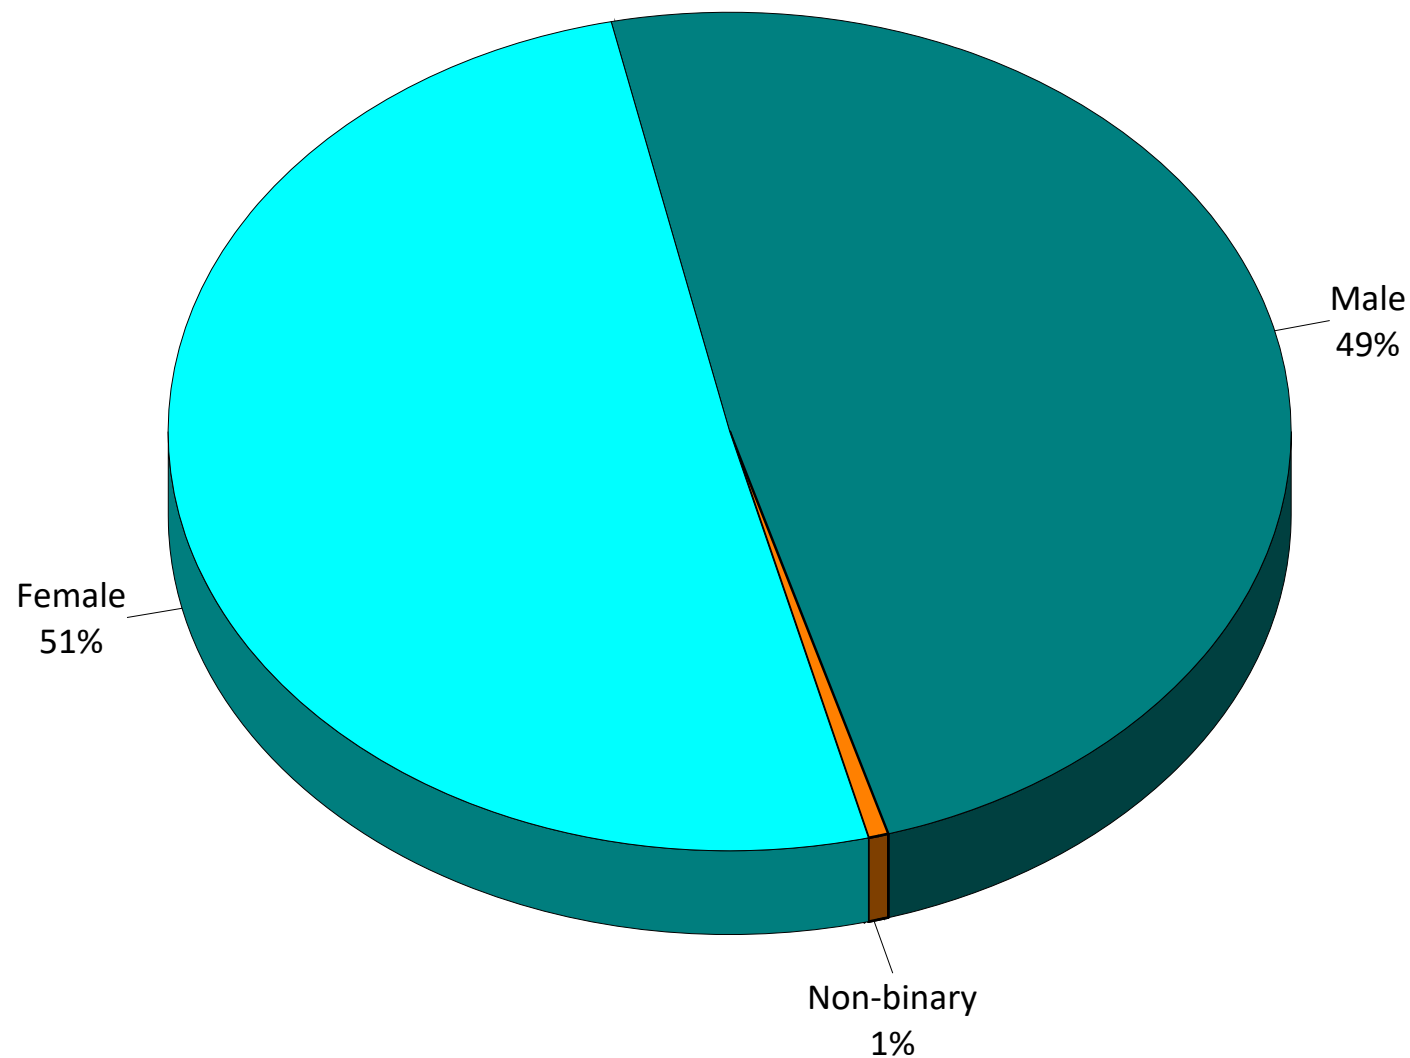

Q21. Respondent Age

by percentage of respondents (excluding “not provided”)

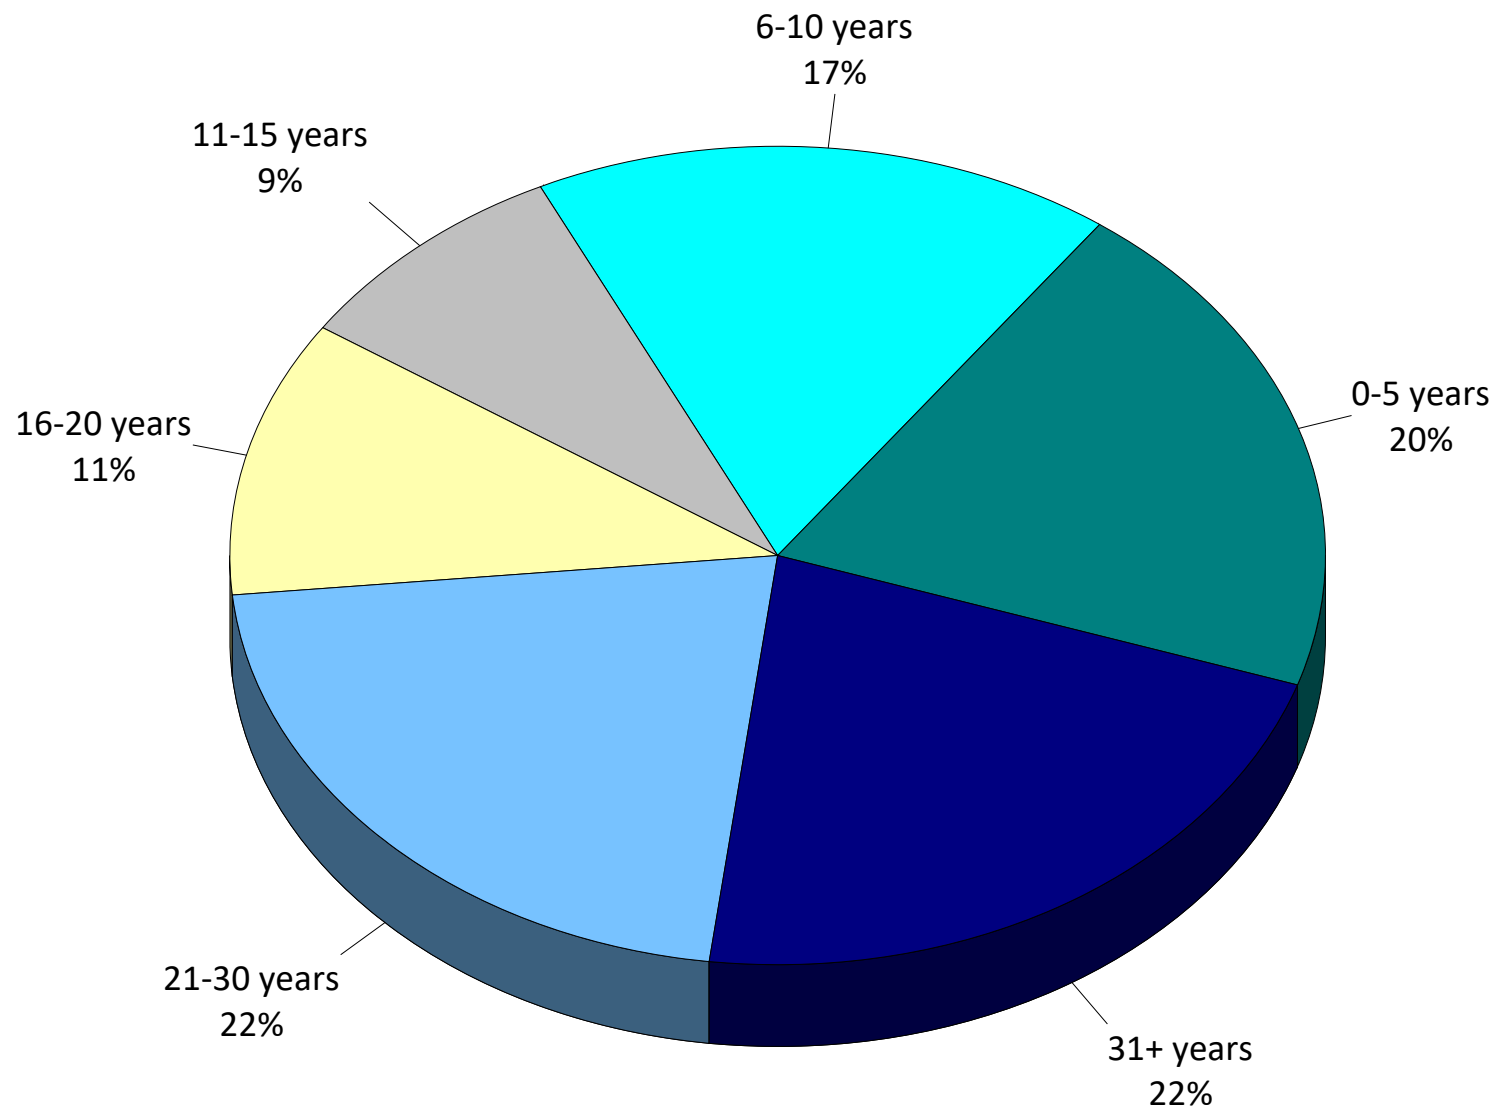

Q22. Your gender:

by percentage of respondents (excluding “prefer not to answer”)

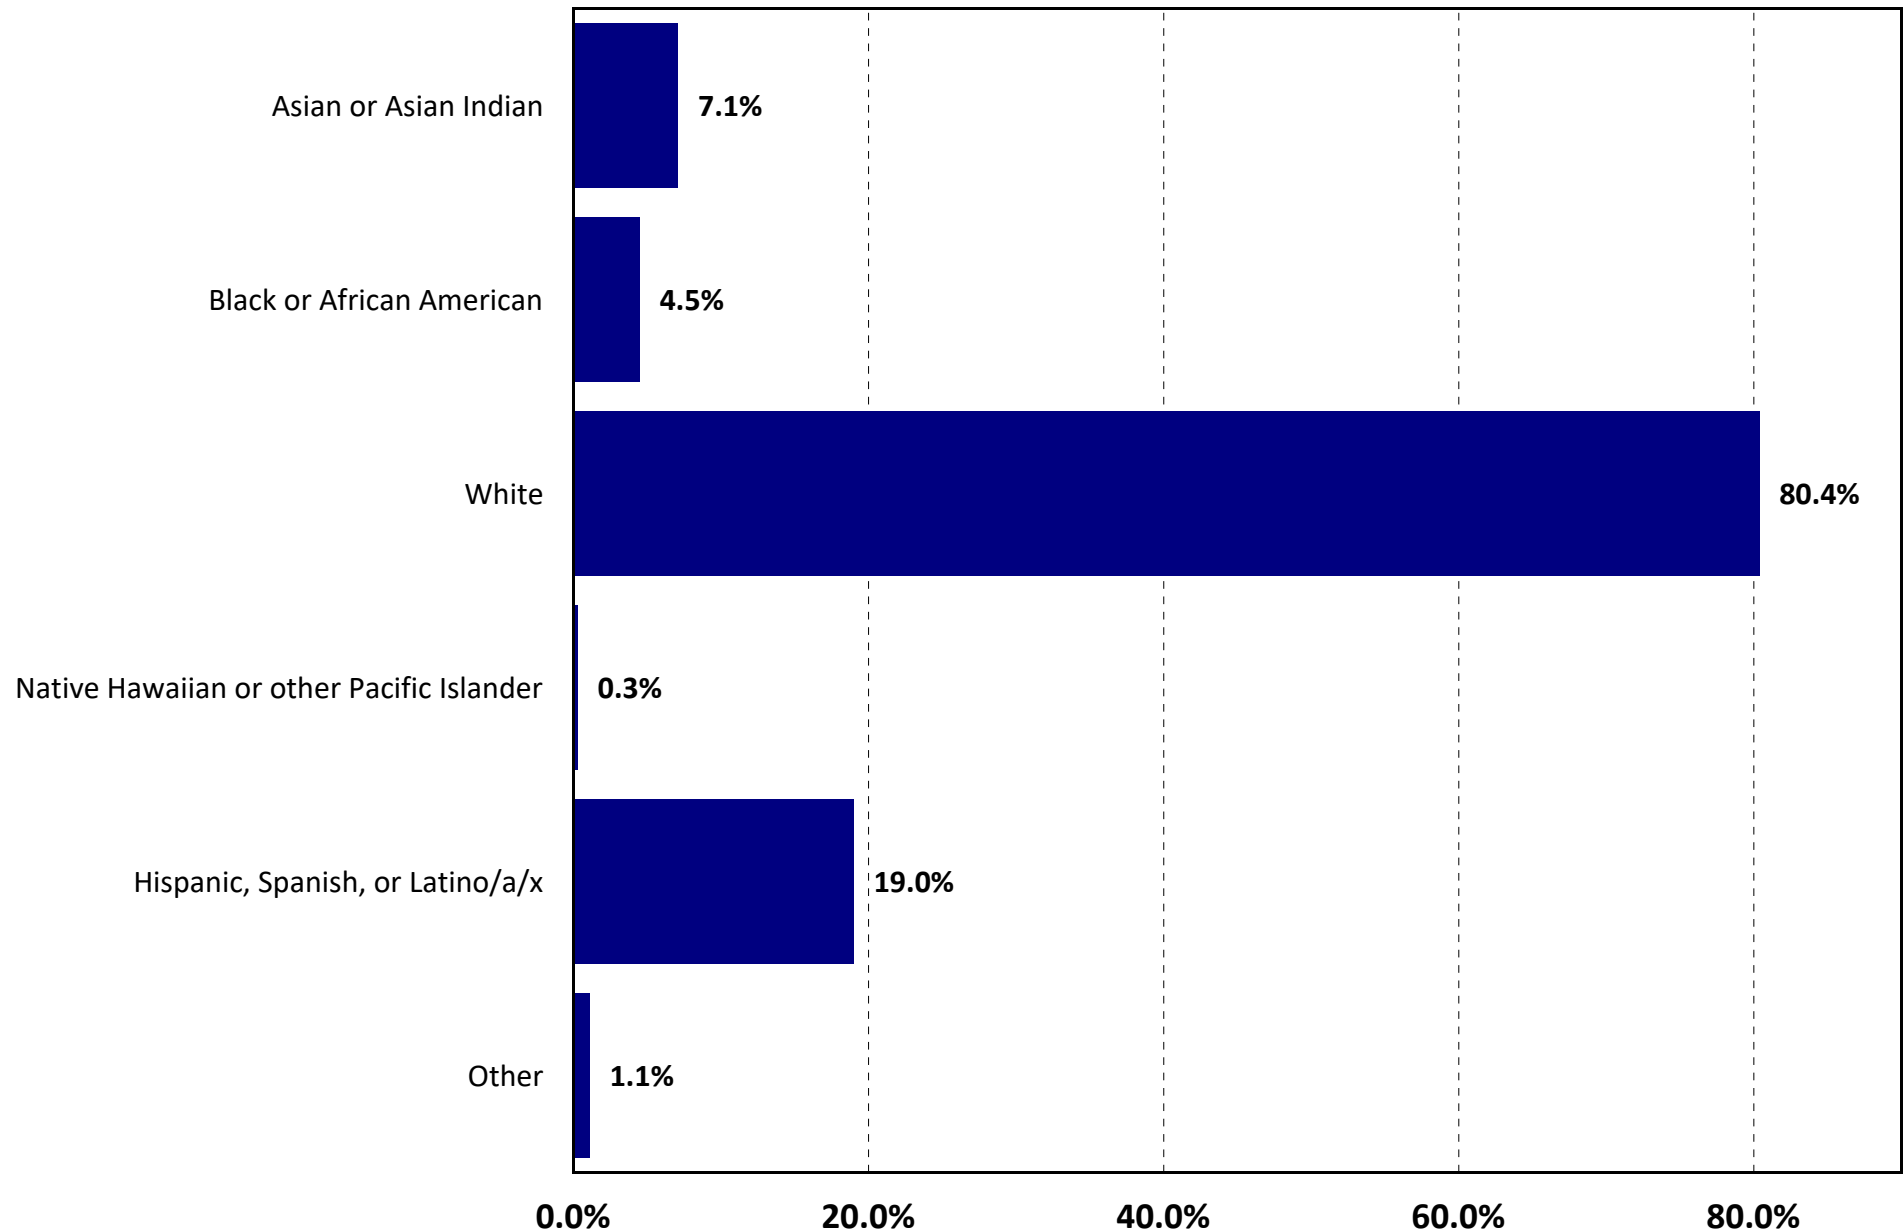

Q23. How long have you lived in the Warrenville Park District?

by percentage of respondents (excluding "not provided")

Q24. Which of the following best describes your race/ethnicity?

by percentage of respondents (multiple selections could be made)

**Priority Investment
Rating**

Priority Investment Rating

Warrenville Park District, Illinois

The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide governments with an objective tool for evaluating the priority that should be placed on parks and recreation investments. The Priority Investment Rating was developed by ETC Institute to identify the facilities and programs residents think should receive the highest priority for investment. The priority investment rating reflects the importance residents place on items (sum of top 4 choices) and the unmet needs (needs that are not met or only partly met) for each facility/program relative to the facility/program that rated the highest overall. Since decisions related to future investments should consider both the level of unmet need and the importance of facilities and programs, the PIR weights each of these components equally.

The PIR reflects the sum of the Unmet Needs Rating and the Importance Rating as shown in the equation below:

$$\text{PIR} = \text{UNR} + \text{IR}$$

For example, if the Unmet Needs Rating for Community Gardens were 98.9 (out of 100) and the Importance Rating for Community Gardens were 21.6 (out of 100), the Priority Investment Rating for the Farmer's Market would be 120.5 (out of 200).

How to Analyze the Charts:

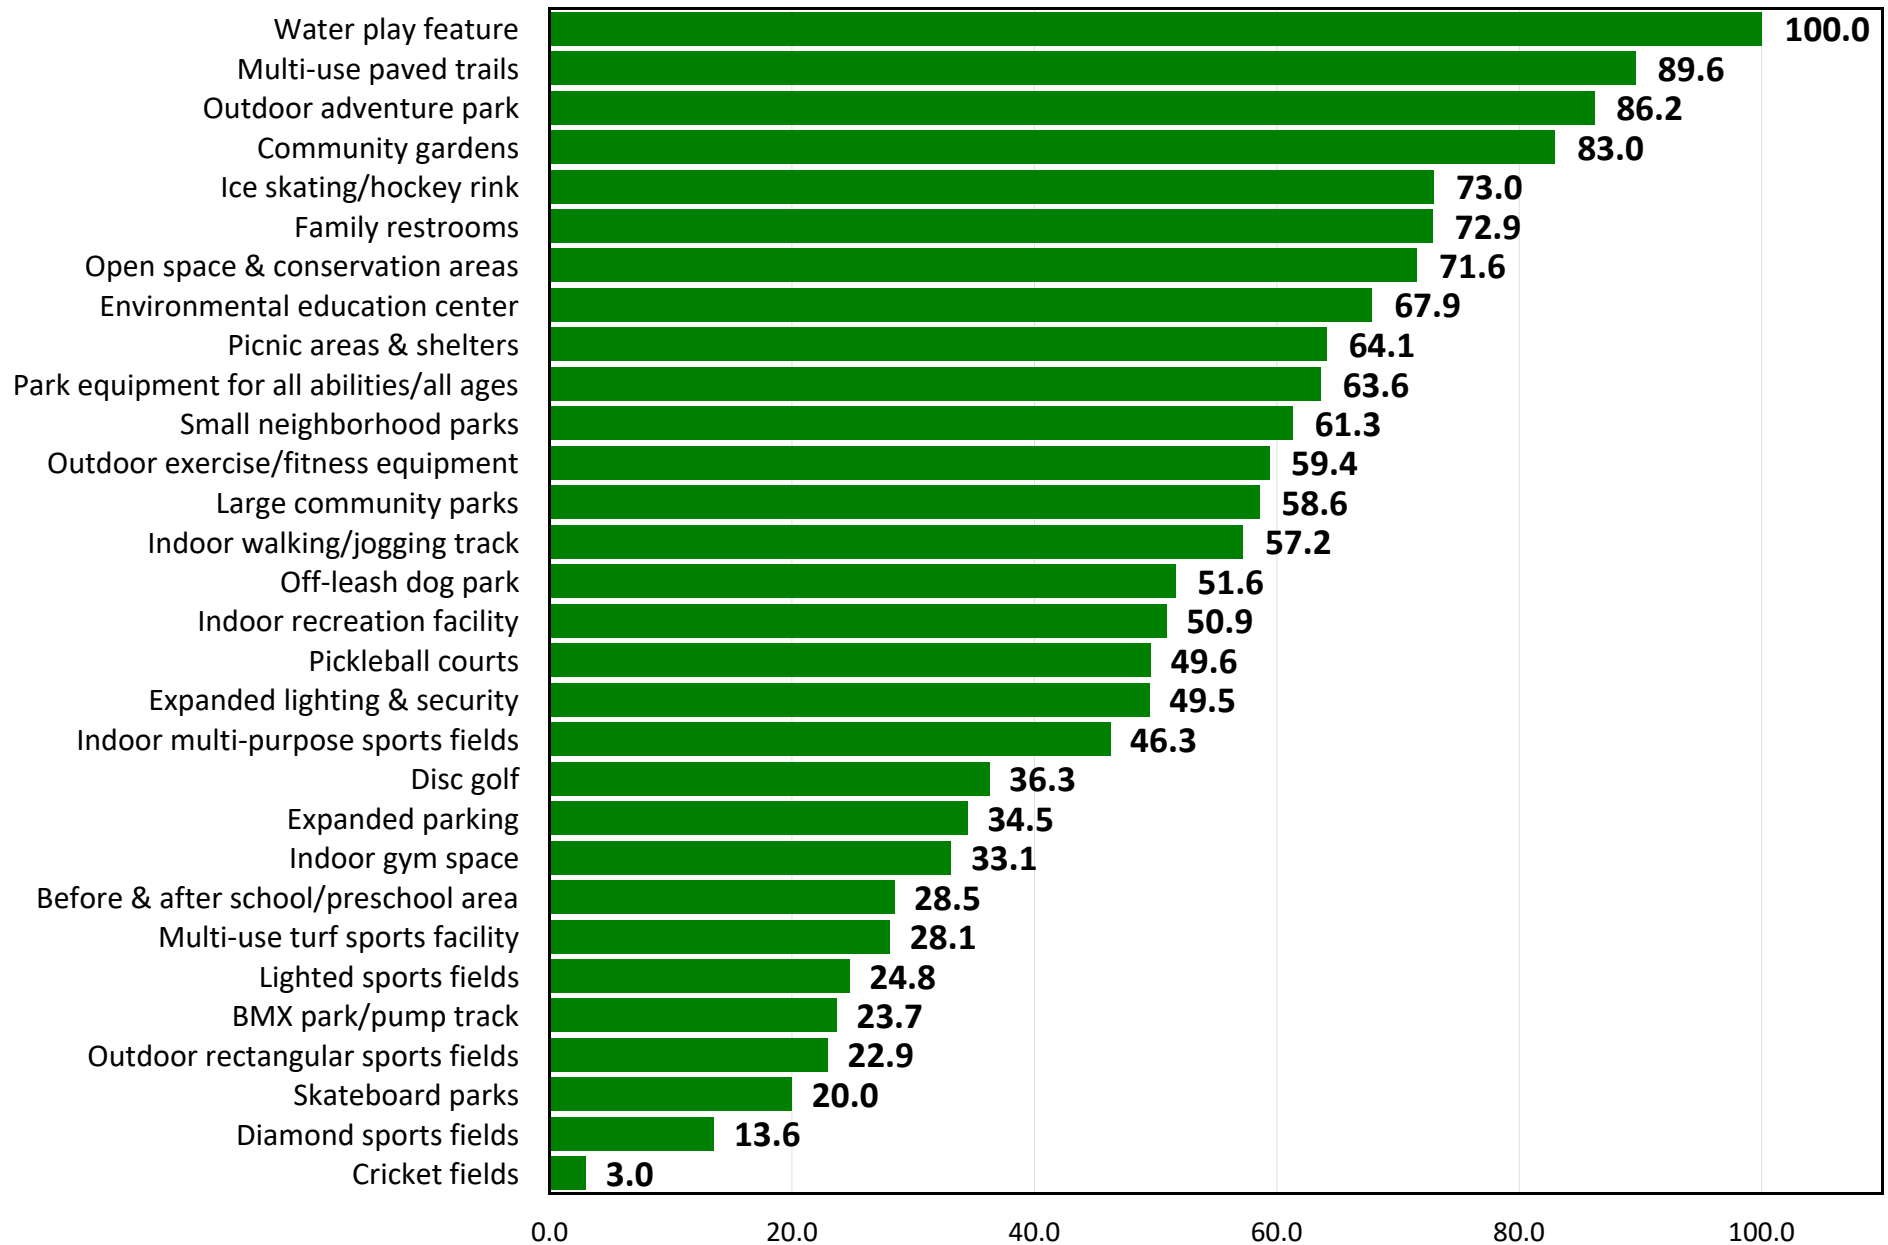

- **High Priority Areas** are those with a PIR of at least 100. A rating of 100 or above generally indicates there is a relatively high level of unmet need and residents generally think it is important to fund improvements in these areas. Improvements in this area are likely to have a positive impact on the greatest number of households.
- **Medium Priority Areas** are those with a PIR of 50-99. A rating in this range generally indicates there is a medium to high level of unmet need or a significant percentage of residents generally think it is important to fund improvements in these areas.
- **Low Priority Areas** are those with a PIR below 50. A rating in this range generally indicates there is a relatively low level of unmet need and residents do not think it is important to fund improvements in these areas. Improvements may be warranted if the needs of very specialized populations are being targeted.

The following pages show the Unmet Needs Rating, Importance Rating, and Priority Investment Rating for facilities and programs.

Unmet Needs Rating for Facilities/Amenities

the rating for the item with the most unmet need=100

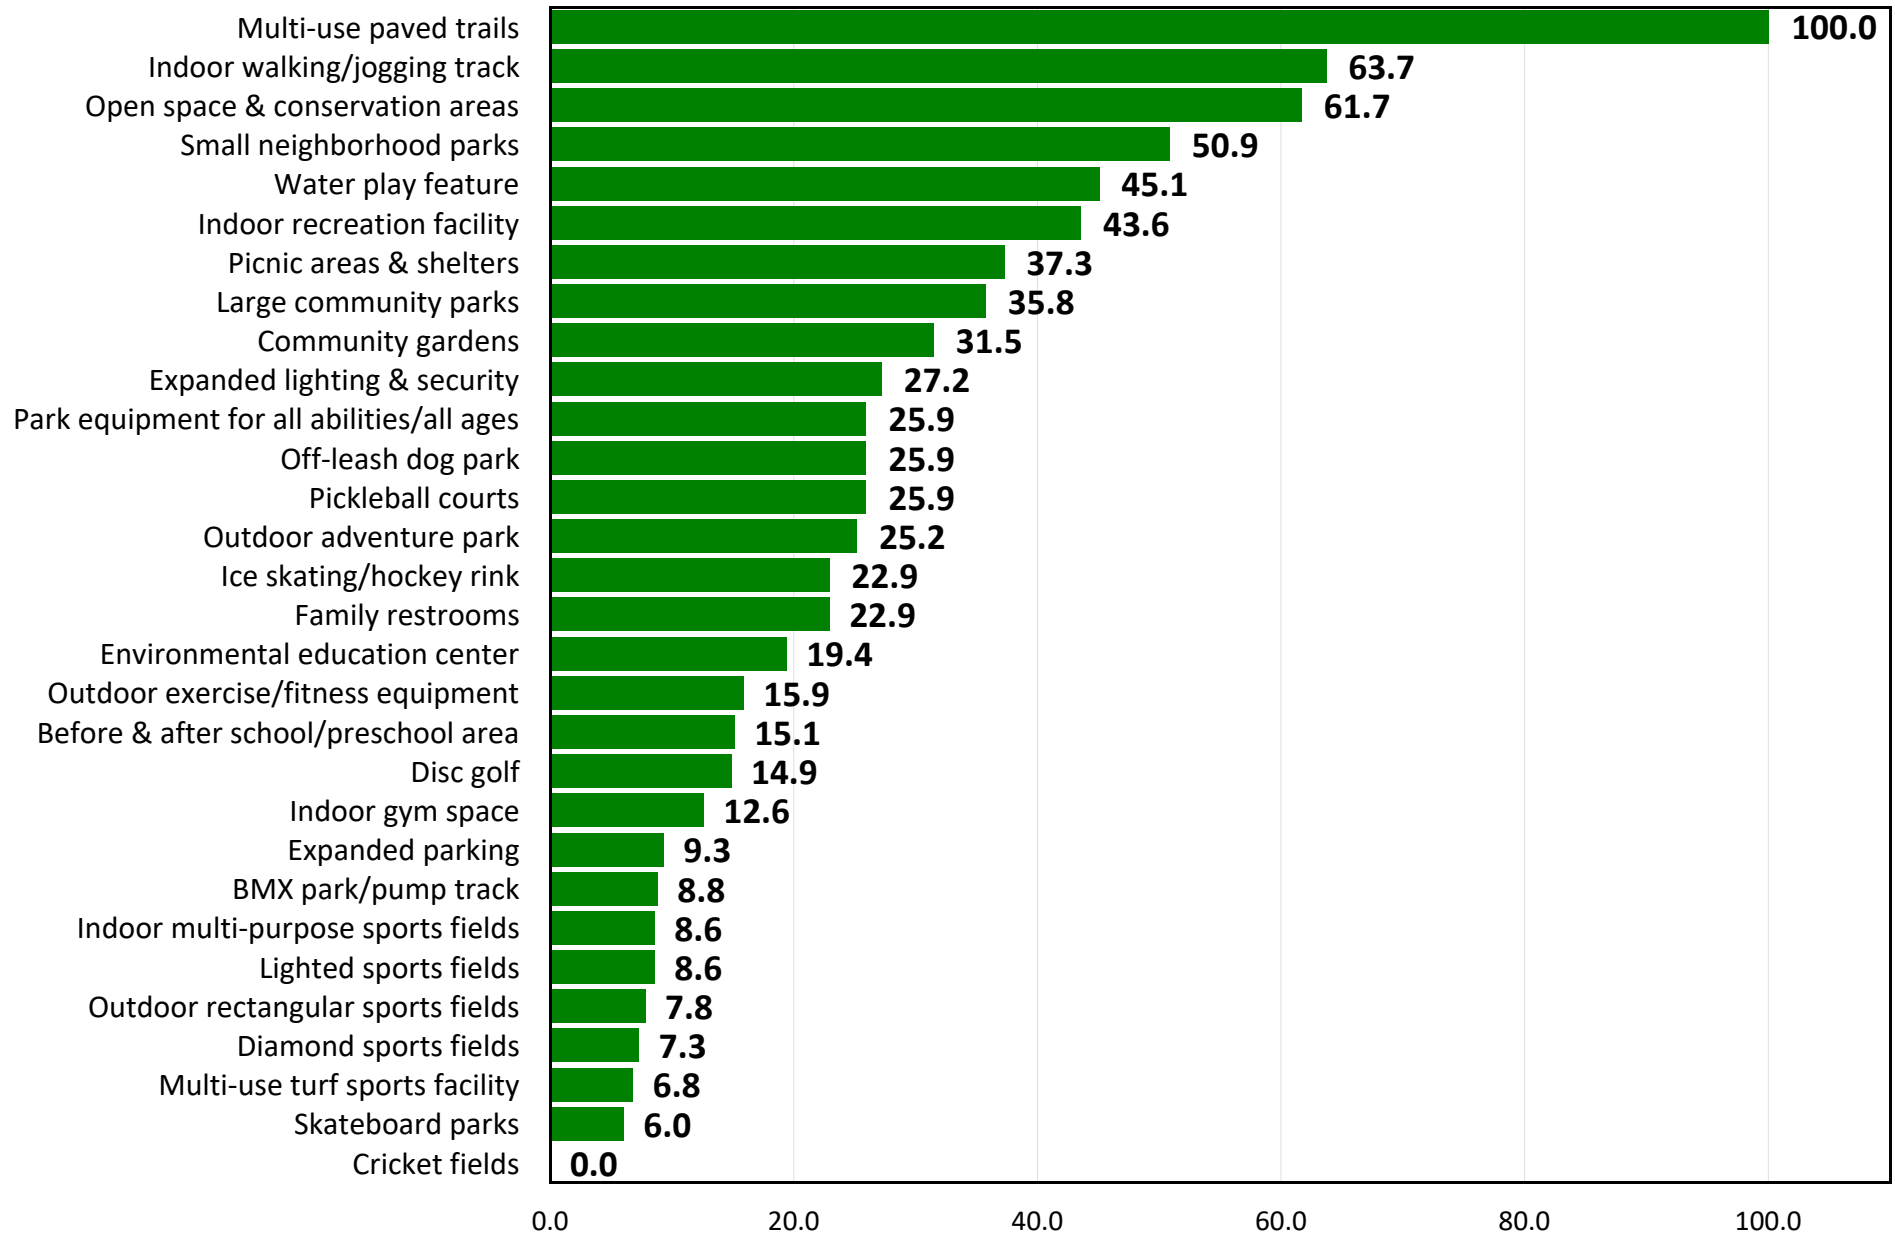

the rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

Importance Rating for Facilities/Amenities

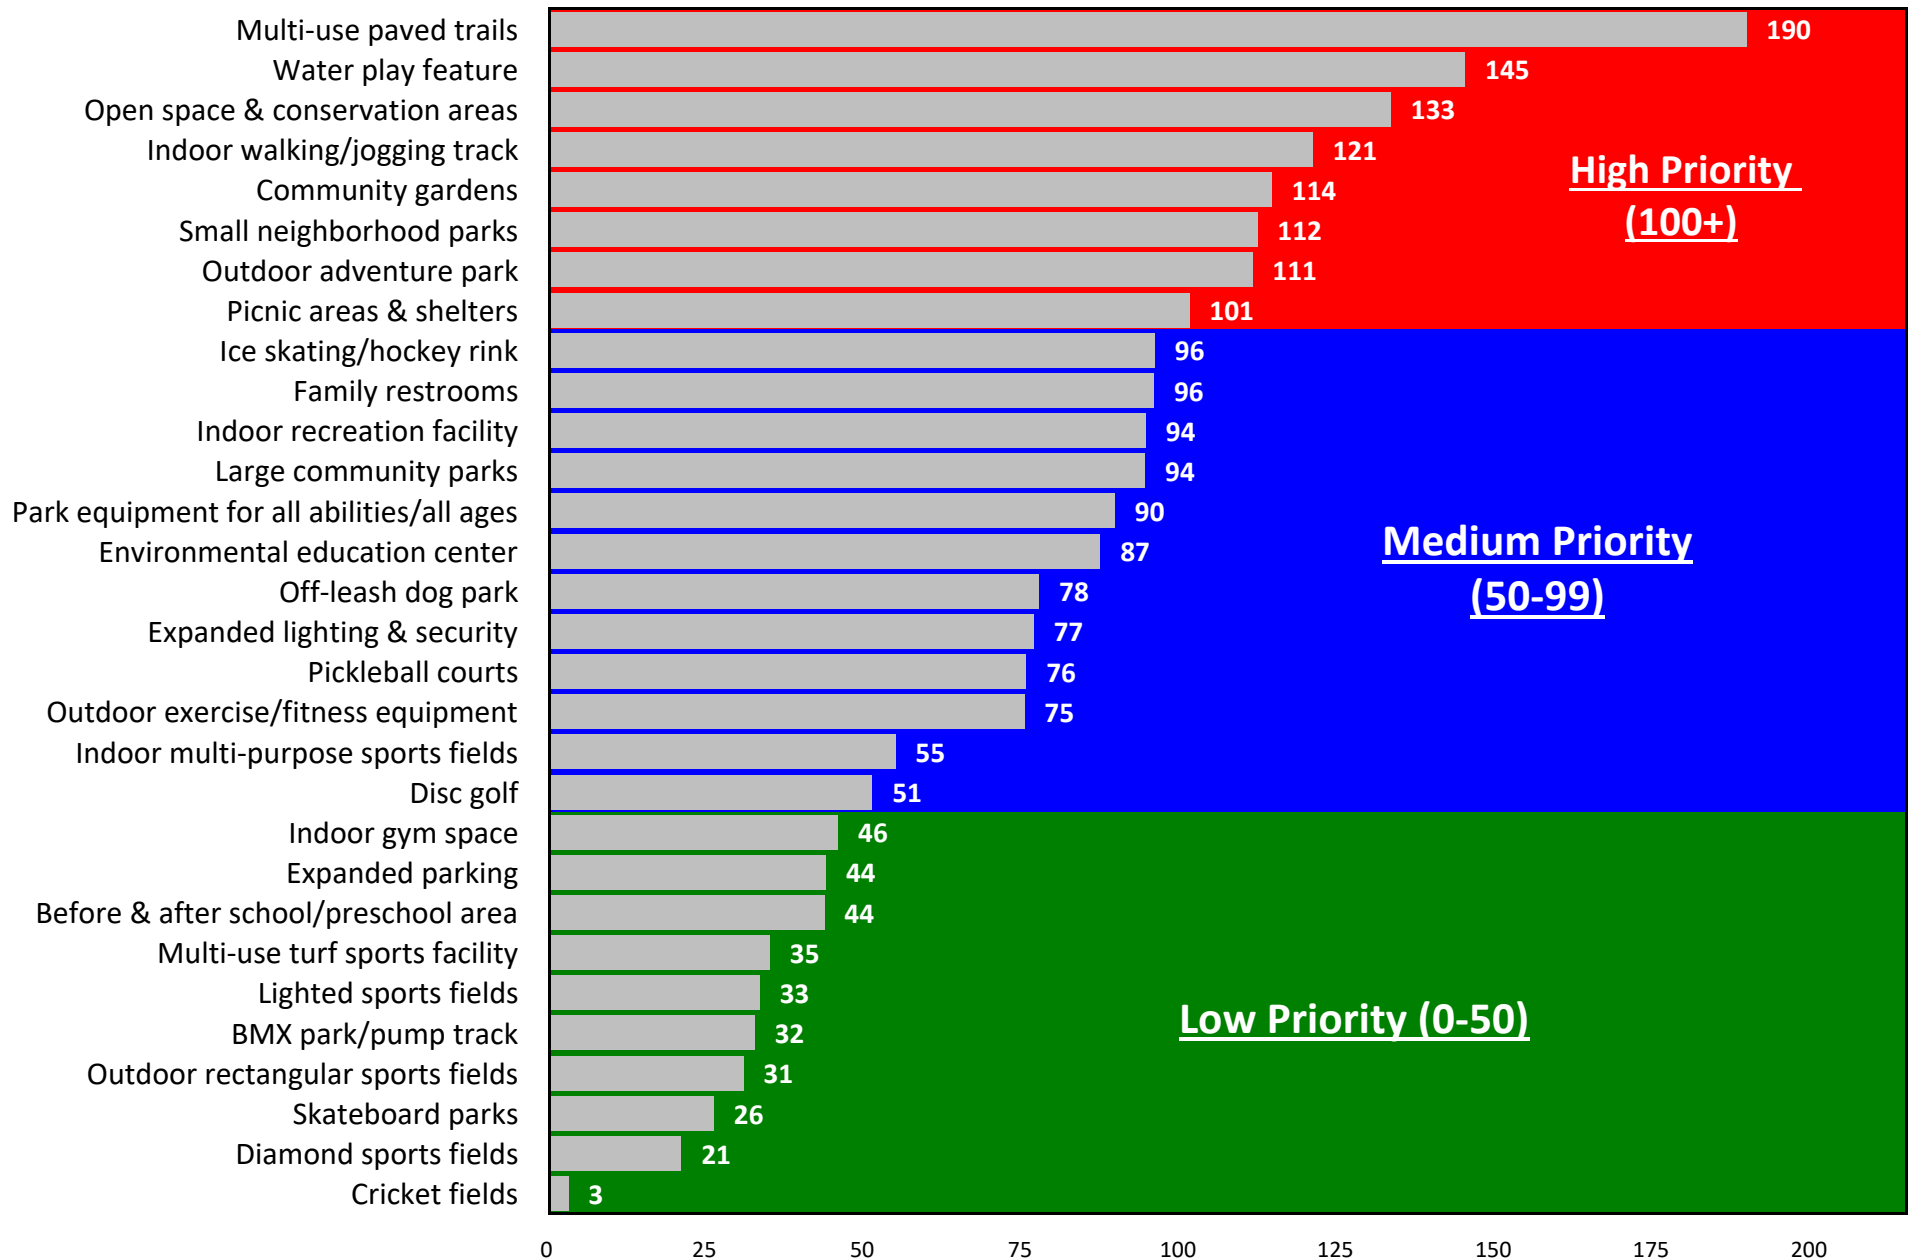

the rating for the item rated as the most important=100

the rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

Top Priorities for Investment for Facilities/Amenities

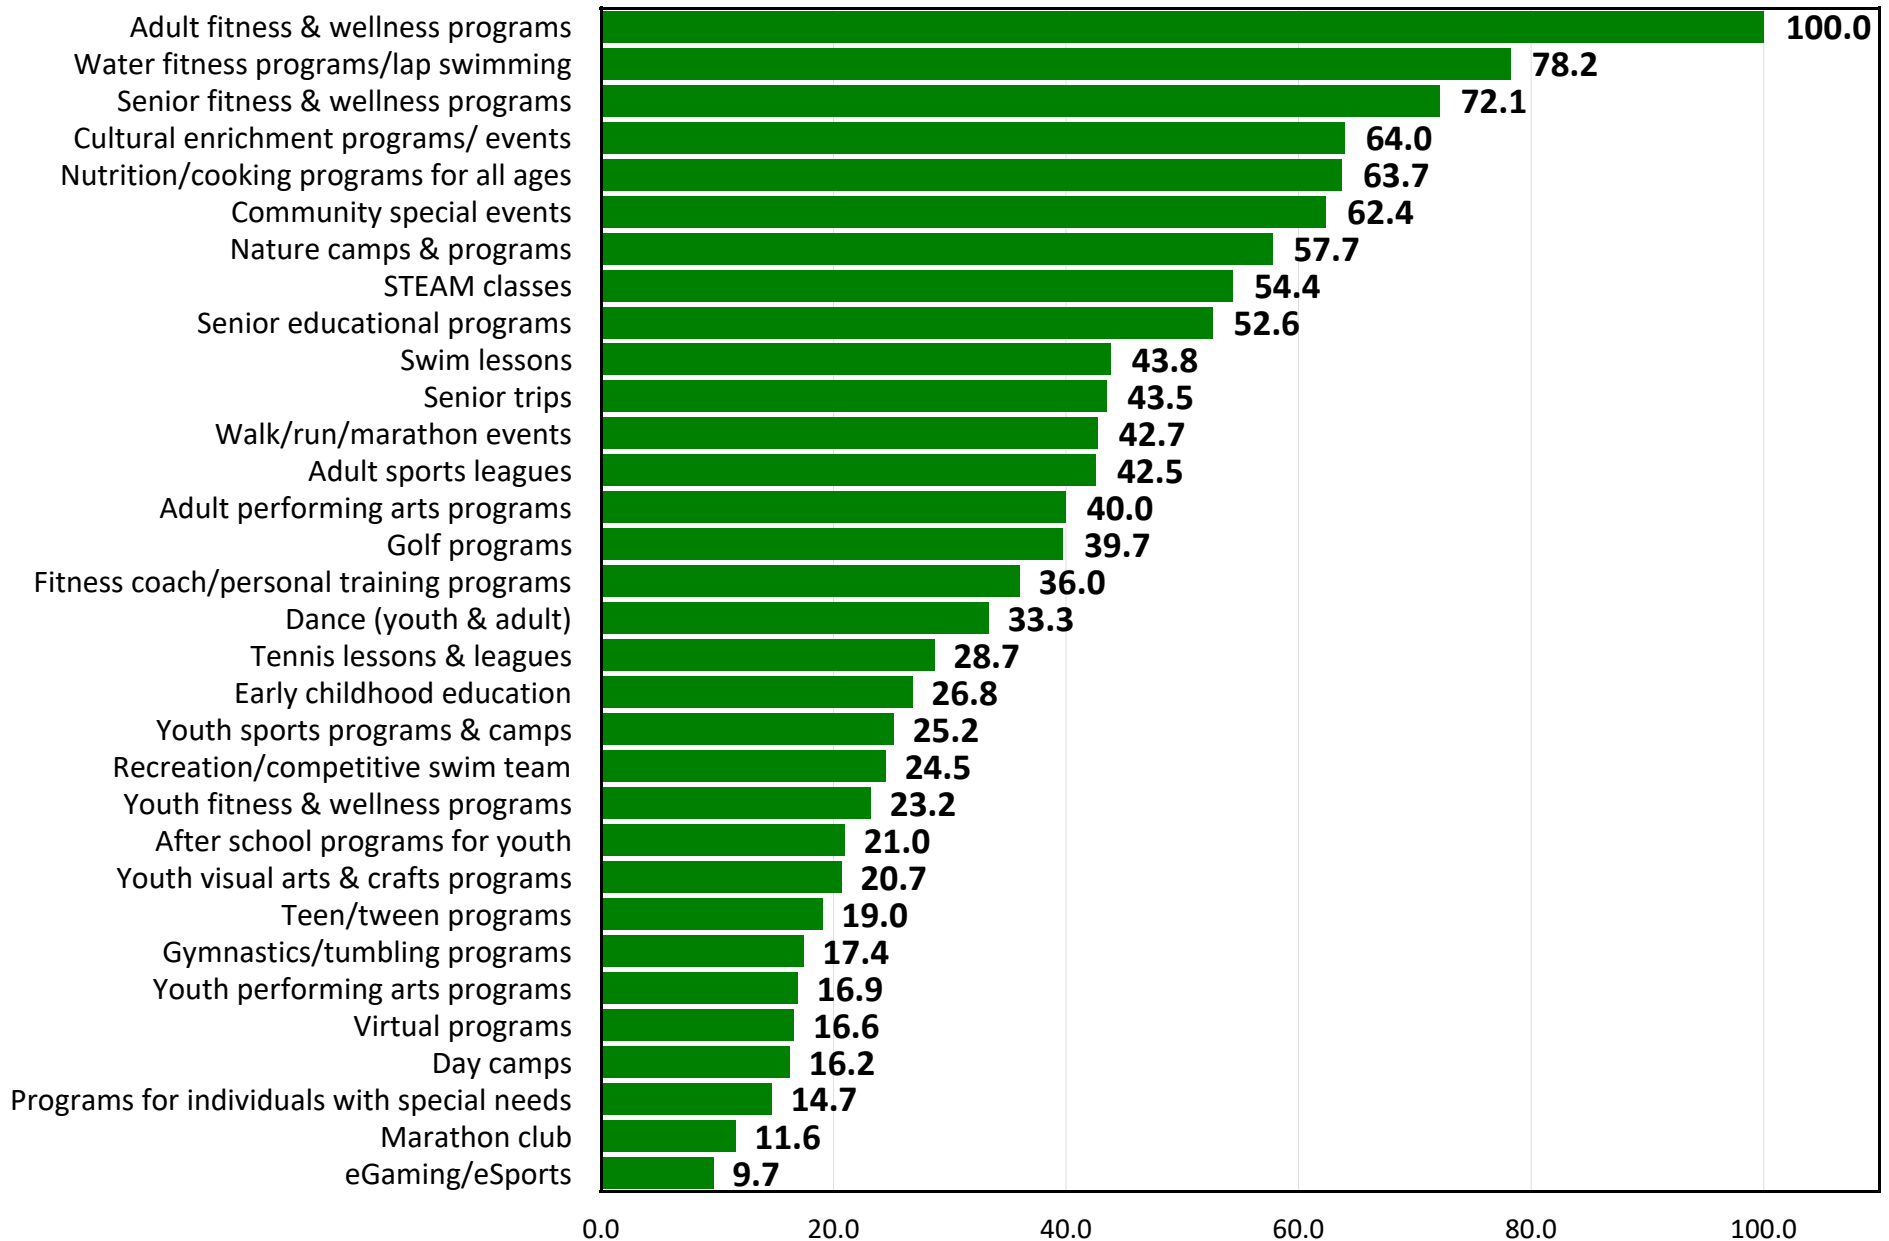

Based on the Priority Investment Rating

Unmet Needs Rating for Recreation Programs

the rating for the item with the most unmet need=100

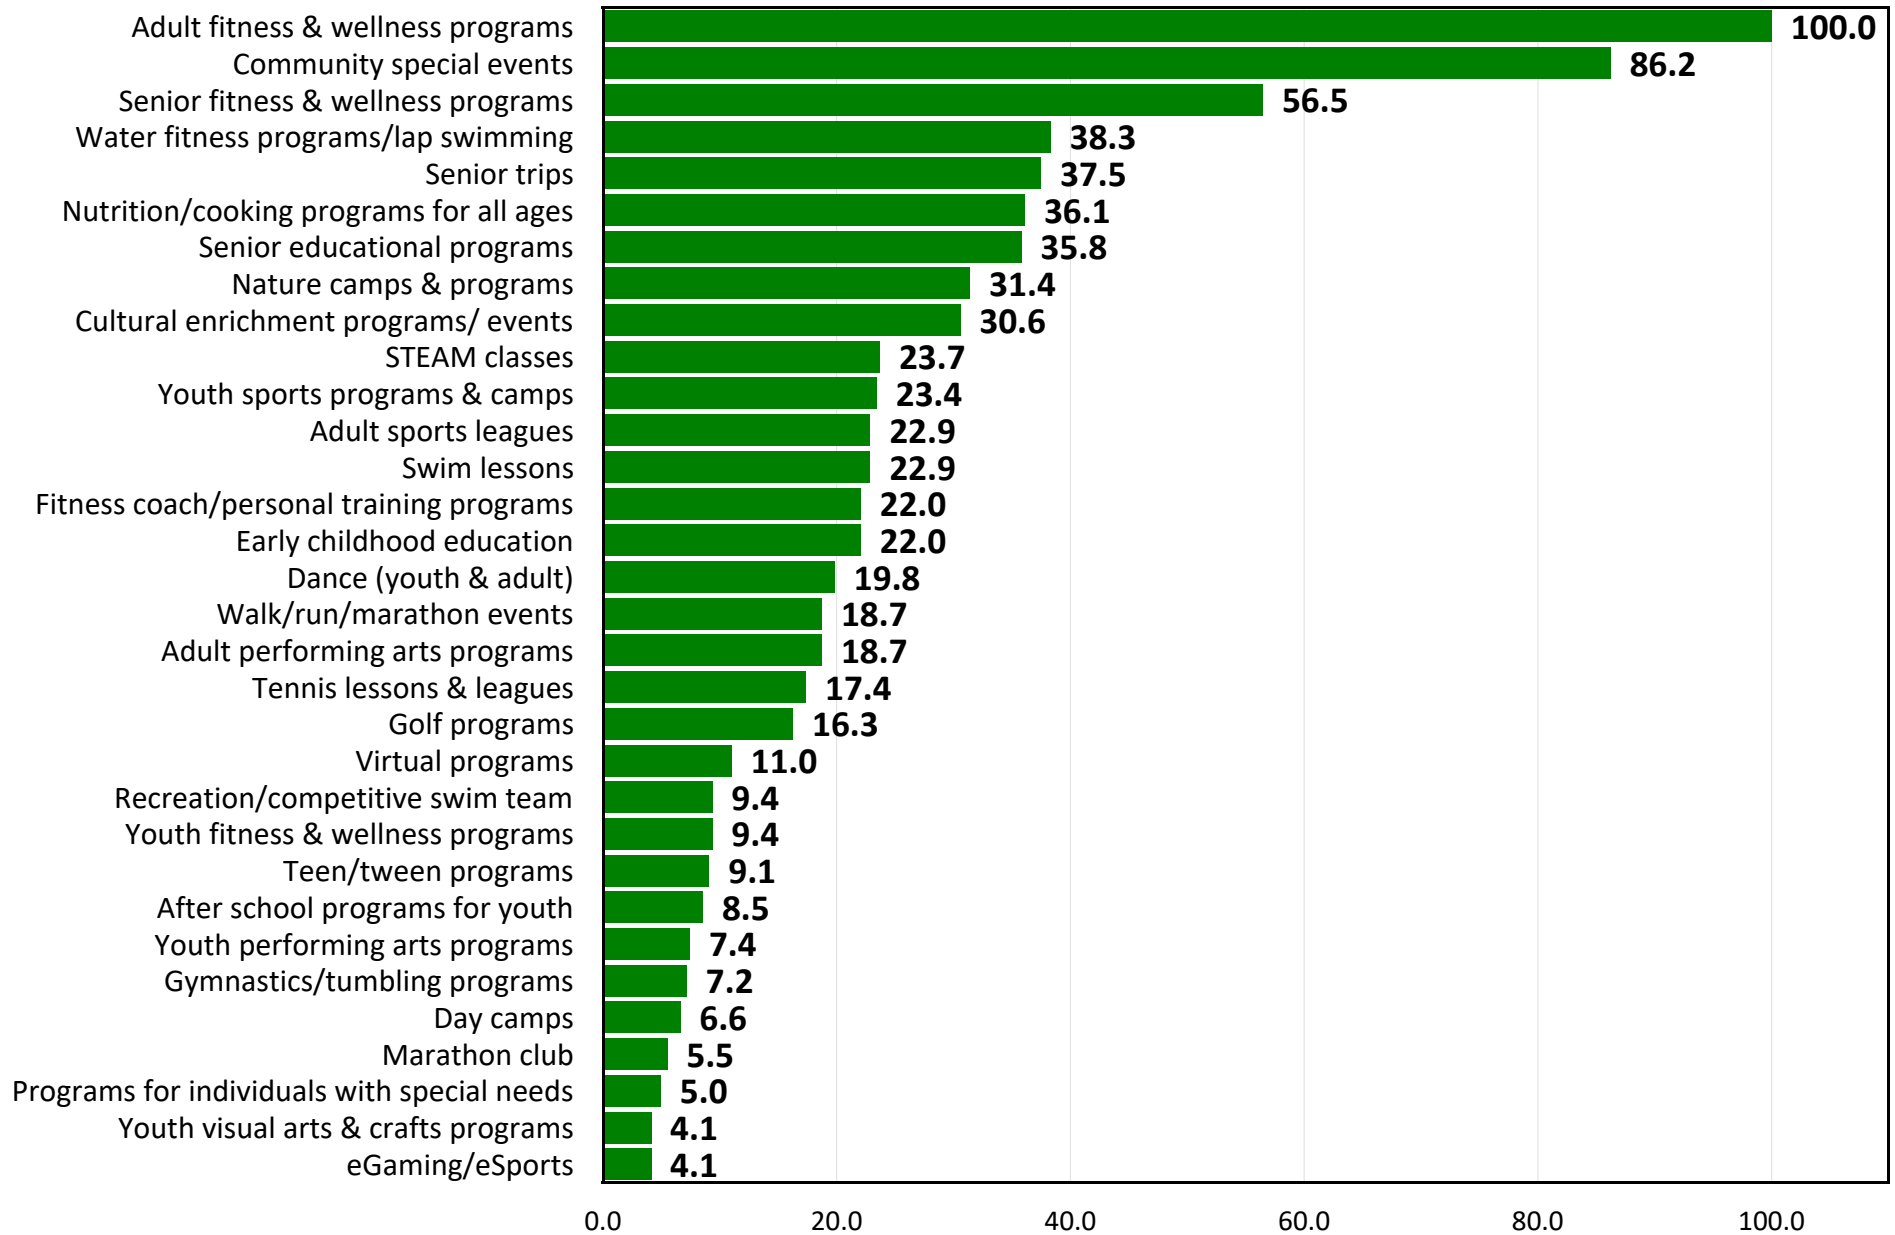

the rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

Importance Rating for Recreation Programs

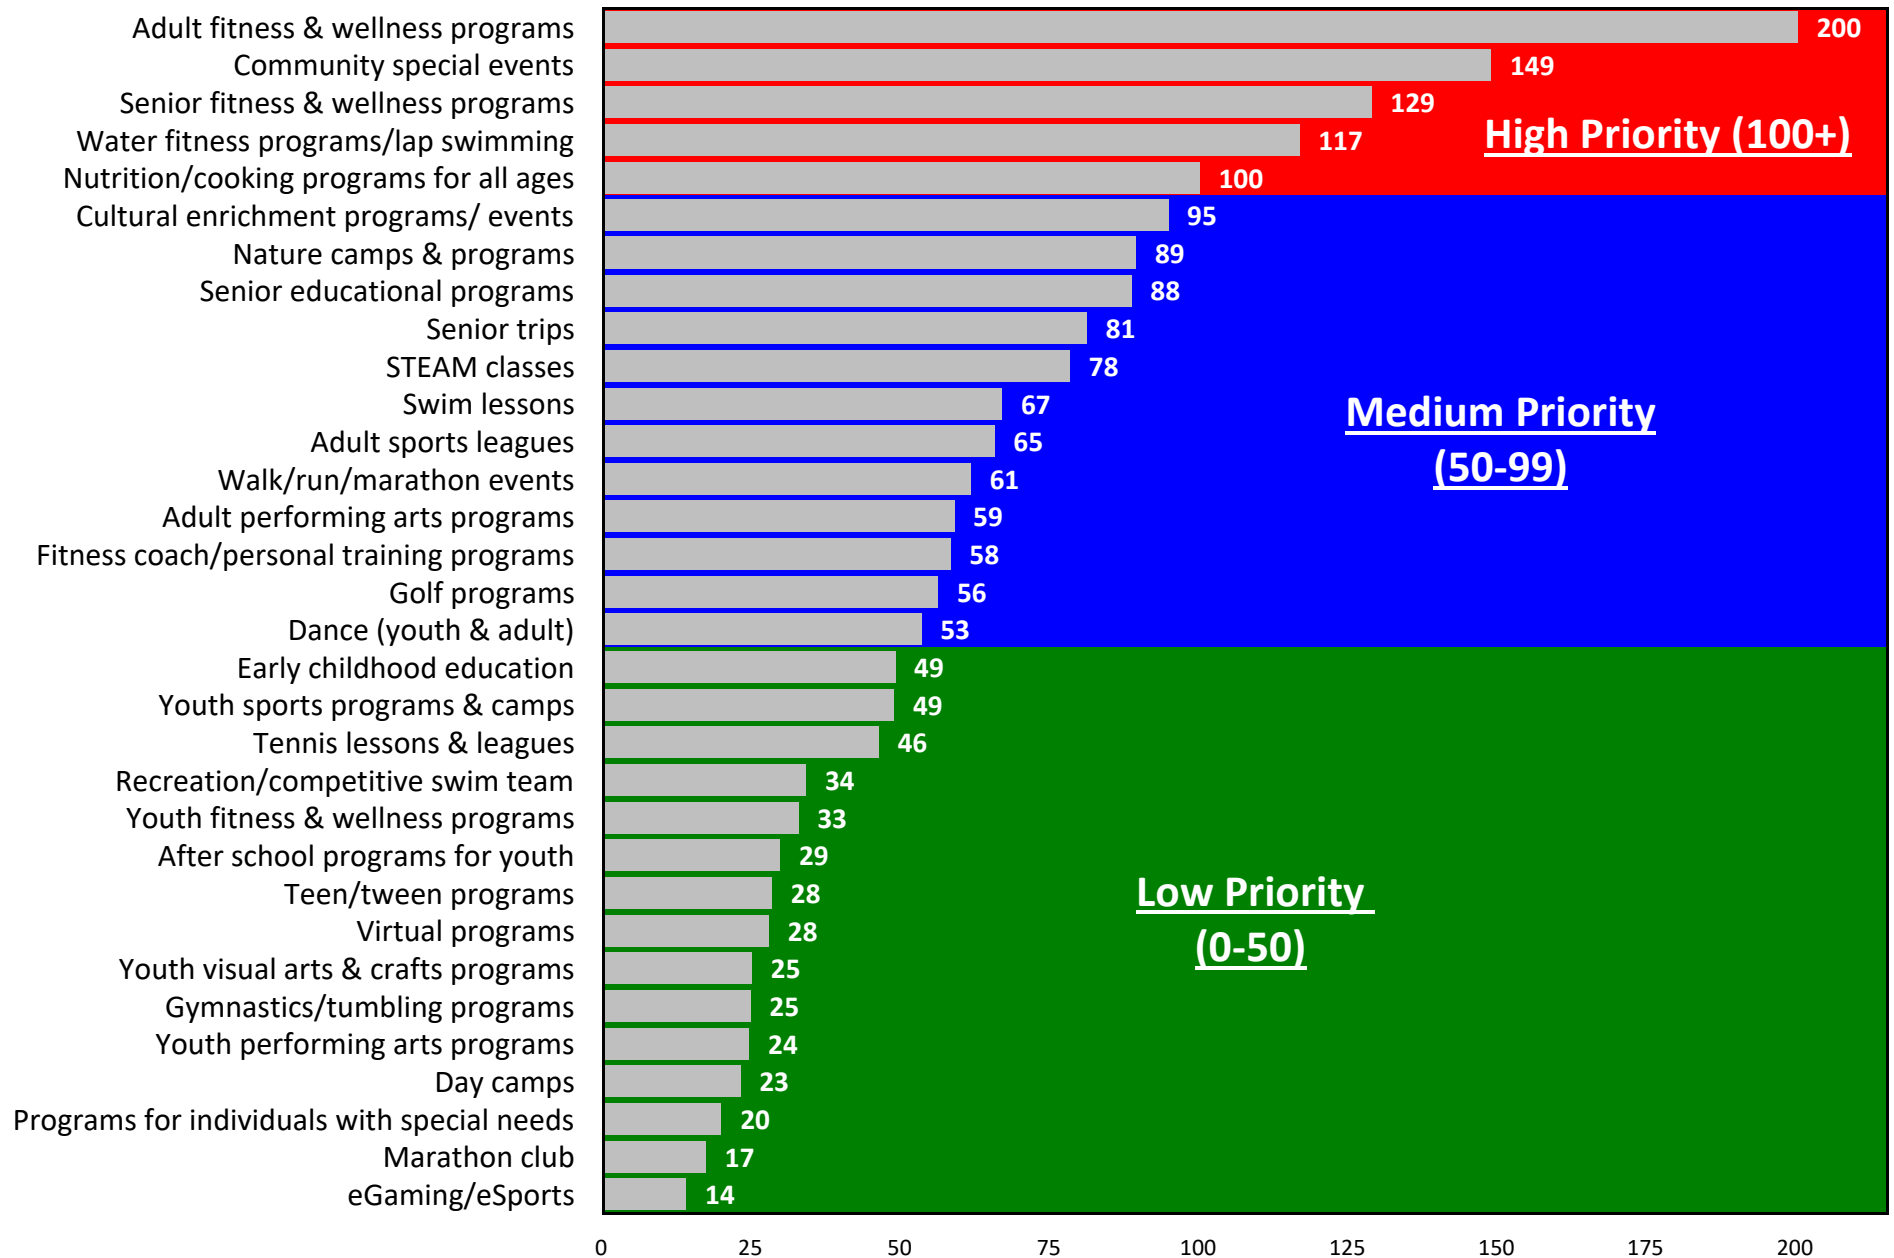

the rating for the item rated as the most important=100

the rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

Open-Ended Responses

Open-Ended Question Responses

Q2—"Other": Please CHECK ALL of the following reasons that have prevented you or other members of your household from using Warrenville Park District parks or recreation facilities.

- busy
- busy
- busy
- classes too crowded
- Covid-19
- Covid-19
- Covid-19
- Covid-19
- Covid-19
- Covid-19
- Covid-19
- Covid-19
- Covid-19
- go to larger parks
- have my own equipment
- health
- Herrick Lake and Blackwell
- Hours and times of events/ programs
- I don't have children to use the parks, and disability prevents me from longer walks. So I use a pool elsewhere for exercise.
- I feel a little unsafe on the lower floor of the recreation center where the showers are.
- I found the weight room and bikes area, room too "small".
- I have been attending all of my fitness now classes remotely due to my work schedule.
- I have only one car
- I use paths all the time, but now my kids are grown, I have little call to use facilities. They are all wonderful, judging from past experience.
- Just don't use them, no specific reason.
- Just got tired of driving a few miles to the fitness, then we became lazy
- Just haven't made the time.
- Just not got back into my routine since Covid hit.
- lack of time
- lack of time
- Lack of time. There are a ton of great programs and spaces in Warrenville park District. Would access more if I had more time.
- Life and work priorities have shifted lately that has prevented me from visiting
- Local activities.
- Medical issues curtailing most recreational activity.
- mobility issues
- My "go to" is Blackwell Forest Preserve.

- My husband is disabled and requires 24 hrs. supervision so I am not able to use any of the facilities.
- My kids have grown and left Warrenville. I used them frequently when they were young.
- New to the area
- No desire or need.
- No immediate need to go.
- no pool
- no seating on trails
- Not back fully from Covid-out of habit.
- Pandemic
- Physical limitations
- Still limit my contact with others due to COVID. Also, lack of time.
- Take our grandkids there - they're not with us all the time
- Time
- Time
- Time
- Time
- Time
- Time/flexibility of access/available programming or open at times I am available. Pricing model is too static to allow flexible usage.
- Too busy.
- Use the forest preserve.
- We don't have small children or kids in sports anymore some of the parks are playground oriented. We live near Herrick Lake and will ride bikes or walk there.
- We need a splash pad at one of our parks!!! I'm not sure why we don't have one when all the surrounding towns/cities have them and we don't!
- We use Blackwell (biking).
- We're new residents just learning where everything is
- Weather conditions and schedule alignment for outdoor spaces. The gym doesn't offer the weights/machines for my husband to join FitnessNOW (I have injury). Schedule is challenging for my children to take advantage of park district programs since both parents work full time
- young kids, busy schedule

Q4—“Other”: Please CHECK ALL the following reasons that prevent you or members of your household from using recreation programs offered by the Warrenville Park District MORE OFTEN.

- busy
- Children are too young for most programs (3.5 years and younger); too busy
- class cancellations
- Class was canceled due to low registration
- Classes canceled
- Classes too empty
- Content is not always relevant to me. I used to use it a lot when my kids were younger.
- Covid
- Covid
- Covid
- Covid had us being cautious, since we're seniors.
- Everything is good—just busy.
- health restrictions
- Hike at the DuPage Forest Preserve.
- I have enrolled my son in classes and they were cancelled due to low enrollment
- I liked the punch card option for NIA class vs static pricing and needing to commit to term of class. If I have to commit and pay for all classes upfront, less likely to do so, since I will miss some and then not a good value for price. Flexibility in coming, times available, and price per use are important to me. Offering virtual option would be nice for classes.
- Just haven't made the time to participate
- Need more infant classes.
- New to the area
- New to the area
- No desire or need.
- No energy or desire
- No pool/swimming?
- No programs that I am interested in.
- Not enough people in program.
- Not much offered for high school age as far as sports. It seems like it is assumed that they will do HS sports. Not everyone can make the HS team but still need activities. Also if you have to sign up as a team and don't know enough I trusted people it is hard to join in
- One car
- Personal apathy
- poor class availability after 5
- small fitness center
- Unincorporated, not sure of fee.
- Want flexibility with classes. I did NIA class on a punch card. It was great. I need flexibility to come and pay for what I use, but be able to skip if too busy without it being cost prohibitive.
- We have belonged to the work out facility less than a year. My husband likes to work out indoors and goes often for that. I like to be outside when the weather is nice. I will try classes this winter.

Q9—"Other": Parks and Recreation Facilities/Amenities

- archery course
- Camps.
- Designated play area for infants and toddlers. Soft play space with things to crawl over and under
- Hand cranked trains (similar to Duke Park in Glencoe or Rehm Park in Oak Park)
- Have a river, how about a white water park with a trail to carry the boat back up stream
- Indoor swimming pool.
- Indoor/outdoor Volleyball court
- neighborhood swimming pool
- Petting zoo
- ping-pong, tennis courts, swimming pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool and or reciprocal pool memberships w/nearby Wheaton
- Pool-lap swimming. Pls bring back adult tap dance classes and more options (evenings) for couples dance.
- tennis courts
- Warrenville should have a community pool
- water aerobics

Q13—"Other": If you had an additional \$100, how would you allocate the funds among the parks and recreation categories listed below?

- 55 and older fitness programs
- Build bathroom facilities, add features to parks
- community events
- Community pool, not at lifetime fitness
- compensation to fitness instructors in hopes of encouraging quality instructors to work for the park district
- dance studio
- Develop a splash pad
- disc golf
- give it back to tax payers
- Growing up as a child, skating was always a part of our lives. It would be nice to see ice skating in one of our parks. Batavia has a bump out from the Fox River for theirs and others have shallow man made structures.
- Hockey rink
- ice rink
- improve locker rooms/showers
- Improve offerings to include more seniors / limited mobility people
- Improving existing programs.
- in my opinion 15% of budgets should be saved for unexpected costs and then rolled over
- Indoor pool access.
- Indoor/outdoor pool and indoor field for baseball, etc.
- New cultural programs.
- New programs that have yet to be offered through the park district (virtual classes, cultural experiences) or restroom facilities
- Outdoor animal educational center like Wheaton has
- Outdoor pickleball courts.
- Pay for staffing to provide similar programming opportunities as surrounding communities
- pickle ball courts
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Reduce Property Taxes.
- Sidewalk down the rest of Williams Rd. More sidewalks for pedestrians to walk safely to get to parks and facilities! I don't feel safe letting my middle school child walk or ride his bike because of the busy streets
- swimming pool and splash park
- Toddler water pool
- water feature
- Water feature, water aerobics, water play, indoor swimming
- Water parks
- Work with what we have on programs to engage the community such as dance or single track mountain biking

Q14—"Other": Please rate your level of support for each of the following actions the Warrenville Park District could take to improve the parks and recreation system.

- Allow 24 hour accessibility for indoor track.
- Build a bigger better skatepark
- Community pool
- Expand and add more weight machines to fitness center.
- Hockey rink.
- Keep areas clean.
- non-binary restrooms
- Offer programs such as dances and dance classes
- pickleball courts
- Please continue Healthy Lawns/no pesticides on parks and fields to keep our children safe.
Health should be the #1 most important priority
- Pool
- Pool
- Pool
- Pool
- Pool
- Pool
- Sidewalks to make safe paths to get from home to parks and facilities by bike or walking

Survey Instrument

**A Few Minutes of Your Time Will Help Make the Warrenville Park District
a Better Place to Play, Learn, and Explore!**

Dear Warrenville Park District Resident:

Your response to the enclosed survey is extremely important...

The Warrenville Park District is conducting a Community Interest and Opinion Survey to establish priorities for the future development of parks, trails, recreation facilities and programs and the preservation of open space in the community. Your household was one of a limited number randomly selected to receive this survey, therefore, it is very important that you participate.

We appreciate your time...

We realize that this survey will take approximately 10 to 15 minutes to complete, but each question is important. The time you invest in completing this survey will aid the Park District in taking a resident-driven approach to making decisions that will enrich the future of our community and positively affect the lives of its residents.

Please complete and return your survey within the next two weeks...

We have selected ETC Institute, an independent consulting company, as our partner to administer this survey. They will compile the data received and present the results to the Park District. The results will then be available to the community. **Your responses will remain confidential.** Please return your completed survey in the enclosed postage-paid envelope addressed to ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061. If you prefer, you can complete the survey online at warrenvilleparkssurvey.org

If you have any questions, please feel free to contact me at (630) 393-7279. The Community Interest and Opinion Survey is a tool that will benefit all residents. Please take this opportunity to let your voice be heard!

Sincerely,

Tim Reinbold
Executive Director

Warrenville Park District Needs Assessment Survey

Let your voice be heard today!

The Warrenville Park District would like your input to help determine park and recreation priorities for our community. This survey will take 10-15 minutes to complete. When you are finished, please return your survey in the enclosed postage-paid, return-reply envelope. If you prefer, you can complete the survey online at warrenvilleparkssurvey.org. We greatly appreciate and value your time!

- 1. Please indicate if you or any member of your household has used any of the following Warrenville Park District parks/facilities during the past 12 months by circling either "Yes" or "No". If "Yes", please rate the condition of the site by circling the corresponding number to the right.**

Name of Park/Facility	Do you use this park/facility?		If "Yes," please rate the condition of the park/facility.			
			Excellent	Good	Fair	Poor
1. Recreation Center	Yes	No	4	3	2	1
